Mr. Richard Stauber
District Ranger
1824 South Commercenter
San Bernardino, CA 92408-3430

Dear Mr. Stauber:

Our company, under User Permit No.7285, has been transporting water via a pipeline across Federal Forest Land for the past 60 plus years.

The latest 10 year permit will expire in August, 1988. It is our intention, with this letter, to request the Forestry Service to renew this permit and send to my attention any documents, forms and instructions needed for this purpose.

Your help will be appreciated.

Very truly yours,

MAY 29 '87
