The Holocaust

What do you think of the holocaust when you hear it? My believe in the holocaust [illegible] event. My first reason is that 6 billion jews died during the holocaust. My second reason is that jews started getting banned and had to follow the jew rules. My last reason is [illegible] Yes, the holocaust was [illegible]

My first reason is that 6 billion jews died during the holocaust. "Estimated that 11 million people were killed during the holocaust, 6 billion were jews. The holocaust is real because were in the world would 11 billion people disappear and 6 billion were jews it just wouldn't make sense. That is why this is my first reason, that 6 billion jews died during the holocaust.

My second reason is that Jews started getting banned and had to follow the jewish rules. "In November 9-10, 1938 nazis incited a progam against jews in austria and Germany". The jews were forced to start wearing a yellow star to point them out and they had to follow alot of rules and laws but they were only for jews. I justify this is correct because there have been pictures of jews wearing a yellow star. That is why jews started getting banned and had to follow the jewish rules.

My third reason is that there were many different concentration camps. "There was a number of different kinds of camps including concentration camps, extermination camps, labor camps prisoner of war camps and transit camps". ~~[illegible]~~

there is prove the holocaust existed ~~because~~ because there were a number of different kinds ~~the~~ of camps were the jews were taken too. My data is correct because there is alot of concentration camps that are visited by thousands of people ~~year~~ each year. Thats why I said theres alot of different concentration camps.

Yes, I think the holocaust was an actual historical event. My reasons prove the holocaust was real. My first reason was that 11 billion people died, and 6 billion were jews. My second reason is that jews started getting banned and had to follow the rules and only for jewish people. My last reason was that there were many different kinds of concentration camps. My claim is accurate because there is alot of evidence that the holocaust was an actual event in our world.

What do you think of when you hear the word Holocaust? The Holocaust is about the killing of Jews. Hitler that ruled territory and made Germans kill. I think the Holocaust was real because the millions of Jews dead, the Concertation and extermination camps, and the Nazis. Thats why I think the Holocaust was an historical event.

The first reason I think the Holocaust was real because millions of Jews dead. It is estimated that 11 million of people were killed. Six million of these were Jews." Jews were tortured and mistreated as if they weren't worth anything. The millions of Jews dead is evidence why the Holocaust happened.

Next is that there were concertation and extermination camps. In the article "The Holocaust" it states "Nazis built six extermination camps: Chelmno, Belzec,

Sobibor, Treblinka, Auschwitz, and Maidanek." This camps were ghettos for the Jews. Nazis kept them in small buildings called the concentration camps and extermination camps was another reason.

Lastly there was Germans that helped during the Holocaust called "Nazis." "Nazis Persecution planned the slaughter of the Jewish people." They took care of the Jews. Nazis put Jews in camps and killed them. Nazis was the last reason.

Those were the three main reasons why I think the Holocaust was a historical event. The first reason was there were million of Jews dead. The second reason was there are concercation and extermination camps. The last is the Nazis whom helped killing Jews. Those are reasons the Holocaust wouldn't be a Hoax.

What do you think of when you hear the word Holocaust. In 1933, the Holocaust Started. Jews would be would taken away in a train and sent away in a train. My three reasons are: that the Jews were discra-inated against the nazis, next is that Jews would died, last is that concervaction camps. So I think the holocuast was an actual tragic historical envient.

One of my reasons that the holocuast is real is that Jews were discriminated against ~~Nazi~~. "In April 1, 1933, the nazi instangted the first action coanist germanny's Jews acconing a boycott of the all Jewish Bussiness". That means the nazi were telling the Jews that they cant sell to germans.

My other reason is that many Jews died. "The holocuast began in 1933 when Adolf Hitller came in power in germany. Adlof Hlitter became very powerful leader for germany. In 1933 Adolf Hlitter started to kill Jews when he came it to power. That was why so many Jews died. My last reason is about conservation camps. "Life with in nazi consetation camps was Horrible. (the holocuast)

The means the conservation camps were Horible. Pisoness were forced to do hard physical labor and yet given time rations. So thats why my reasons concrsation camps.

So thats why I think Holocuast it is an atcual traic event. My reasons state that me Holocuast is a real event. The reason my calim is real

Introduction

Do you thinh the Holocaust is a Hoax? suposadly 6 million people died by being poisined with gas. That would mean they had to have killed 137 people an hour in order to kill 6 million people. Therefor it is impossible. There would of had to be hundreds of camps. And they never found one autopsyed bodie of been poisined by gas!

To begin with they never found autopsy bodies of died by being gased! 6 million Jews died in gas chambers, but not one bodie of being poisned was discovered. 6 million is alot, but not even one out of the 6 million people supposedly gased were found!

Others may say theire is proof of gas chambers. The gas chambers were not seated so if they did gas it the would have leaked out. If the gas were to kill out everybody on the outside would have died to! Therefore, it did not happen. And there was never any black on the walls from the gas discovered!

To sum it up, Never found bodies of proof of being gased. The gas chambers were not sealed, so the gas would have leaked out. People believe differently, the gas chambers were a Hoax! Also there was no left behind resume. Therefore, it did not happen!

Intro

Was the holocaust a fiction or a nonfition Hiztorical story? Well in my point of view it was a true story I know a cupple of resons why and how can I show you that it is reall. Some are the consontration camps they have videos pictures and more types of evedence that people have provided. Because there still are some consontration camps, I believe that proves that the holocaust is reall.

Body #1 / Reason #1

1 To begin with, The Nazi Army, Adolph Hitler they had a objective to elemenate all Jewish and handicapted people. According to the Article #2 By lee cheney people where gassed in vans, the vans where located on some consentration camps; wich are all over the place well where. Based upon this evedence I can say that the germen army had a thing for the Jews and handy capt people, and the holocaust is mostly about the deths of these people.

Body #2 / Counter Argument

What might others say, Jew bodies haven't been found there so the holocaust is fake. The Diary of Anne Frank by Anne Frank talks about he life and how hard it was because she was a Jew. She also talks about well mentions in her diary that thousands of Jews where getting hunted down and sent to camps. Because the secreat annex or hiddout is still standing, I think that the diary of anne frank is a true story.

Conclusion

To sum it up, concentration camps are still standing with harsh memories of the holocaust. Natzi evedens; The natzi army, and adolph hitler when caught on tape, that's a major peace of evedence. Storys from long period of history, may cause people ~~the~~ change details of the reall story, but with all the reasons I have provided I can conclude that the holocaust is reall.

[redacted]

Introduction

How many people think the holocaust was either real or was it made up? During the holocaust many Jews were killed by Germans & gassed. A few people think the holocaust was made up. There are many different reasons why it was real & not fake. I think the holocaust is real because of all the different evidence like Anne's diary, films, survivors, & news.

2/10/14

Per. 2

Body #1 / Reason #1

To begin with, different people, who survived the holocaust, tell stories like Otto Frank, Anne's father. According to the text "Survivors of victims were paid by the German government" (pg 17). Based upon this evidence, I can conclude that the Germans killed so many Jews that they paid them for all the bad things they did during the years of the holocaust.

Body #2 / Counter argument

Others might say the holocaust is a hoax, that six million Jews cannot die during the holocaust years. There are films & videos of the concentration camps & the people during the holocaust. Other evidence is that survivors tell people all that happened during the holocaust. There is also people's voices and tapes being tortured or even killed by the Germans

Conclusion

To sum it up, the holocaust has many different evidence to support it's real & not fake. Survivors tell stories of what happend in & out of concentration camps. Films & videos recorded of people during the holocaust. Although many people believe the holocaust was a hoax I believe it was all real. There are many different reasons why it was real. Some evidence includes books, magazines, novels, news, articles, & more.

[redacted]

Introduction

Does the society thinks the united states that were fake? For example, some people claim the Halast is not an atual event, but instead is a proparanda tool that was used for political and monetary gain. After reveloping the information from the diary, videos and article, I think it real because it has prove of the things that happen

Body #2 / counter Argument

Others might say when the Nazi decided to kill the remaining jews in a ghetto they would liquidate. so that they wouldn't get caught and the war would be over. Although many people refer to oil Nazi camps as a concentration camps

Body #1 | Reason 1

To begin with, they sent Jews to work at concentration camps. According to the text Approximately 30,000 Jews were arrested and sent to concention camps based upon this evidence, I can conclude that based on the number of people

Conclusion

To sum it up, they all outcaught and died. That the war ended but when it ended somebody told on them. The Holocast were real becaus of Anne Frank Diary

Introduction

The Holocaust was the Nazis targeted Gypsies, homosexuals, Jehovah's witnesses, and the disabled for persecution. The Holocaust killed thousands of Jews. there ~~were~~ are still concentration camps today. Hitler the leader of the Nazis. The Holocaust killed 11 million people. The Holocaust was real.

Body1

To began with There were thousands of innocent people that lost there lifes. According to the text millions of people died. Based upon this evidence, I can conclude that Soldiers would murder more than 500,000 Soviet Jews (usually by Shooting).

~~Body #2 / Reason #1~~ Conclusion

To sum it up, the holocaust was a word that mean sacrifice by fire. The Holocaust killed thousands of innocent people. with ~~and~~ evidence the Holocaust was real. Peole died including ~~[illegible]~~ children Hitler was a evil man because he hated Jews.

Body #2 Counter Argument

Others might say, The holocaust was fake, However the were dead bodies found, Infact Hitler Hated Jews Also he was trying to Kill all of them. The Holocaust is real because people were killed, Starved and put in gas Chambers. they Had gas chambers and other deadly weapons that Killed Jews.

[redacted]

Do you think

Introduction

There are 7 billion people on earth and one is different. The Holocaust was real because Anne Frank's diary told of her story and the annex is still there even hitler killed himself so it has to be real. and believe because its there because the house is still there.

After reviewing the evidence from the diary and articles

today there are still evidence off the holocaust.

body #1 / reason #1

To begin, ~~with~~ people have gone to go see the secret annxe that still stands today. After the beginning of world war II, Nazis began ordering all Jews live in ghettos or concentration camps ~~indefig~~. Based upon this evidence, I can conclude that the holocaust was real.

To escape concentration camps, some Jews began to hide in secret annxe.

body#2 / couter argument.

Others might say that it is not possible for the million Jew to have died in gas chambers. though 6 million Jew supposedly died in the gas chamber. I think its real because they had gas chamber back then

Not one body has even been autopsied and found to have died of gas poisoning.

although there was no evidence of gas chamber's. there are still million of deaths

Conclusion

To ~~Sum up~~ The Holocust was a real event that led to the death of millions of Jews.

~~The ghettos was a area where Jews couldn't leave there city with all of the holocaust they show us the holocaust is real also of people died~~

Ghettos ~~where~~ developed to seperate the many Jews from the others.

~~Ghettos were~~ Ghettos were dirty places that caused deaths of Jews.

with all of the evidence and pictures available now could anyone deny the holocast happen.

[redacted]

Introduction

Do people really believe that all those piles of dead bodies were not jews but germans. After hilter said "he loves germans and wants to expand? Even, though germans were the ones Killing the Jews and would be Killing their own?. Even some of the concentration camps are still existing today. He also, Killed many many children, handicap, and mental people and they all can't be germans. So I believe the holocaust was real because there is alot of evidence.

Body 1 / Reason 1

To begin with, We have witnesses from the camps and pictures of the camps with Jewish people in them. According to the text, hitler made an annoncement saying "final solution" which meant holocaust and the starting of persecuting Jews. Also, he started to put the star of David, so he would know they were Jewish. Based upon the evidence, I can conclude that the holocaust was real, Jews were killed, and killed at camps.

Body 2 / Counter Agruement

Others might say, "it was fake" and "Isreal just wanted money and used other countries". There are videos, pictures, and survivors of the Concentration Camps. Hitler hated the Jews because he thought that the Jews were the Cause of losing the war. So he blamed them to get power and to rule germany. He also said "Germans are what god wants" and he started Killing Jews and anyone who is against him.

Conclusion

To sumit up, the holocaust was planned by Hitler and the Nazi party because of evidence. There is many germans, that were in the Nazi party who knew this was planned by Hitler and took full responsibility. This kind of tradegy made people think it wasn't real because they didn't know and made people think different. So, the plan was by Hitler ~~and~~ he was evil and had No Mercy.

Adif

Introduction

Dont always believe what you hear. Some people believe ~~that~~ the Holocaust was nothing but a hoax. For example, investigators checked the "gas chambers" and found no tracks of gas residue on the walls. Some people such as me, believe the Holocaust is a Hoax.

Body #1/Reason 1

To begin with, through 6 million supposedly died, no gas residue was found on the walls. According to the text, "~~Portion of the diary was written in a ball point pen.~~ (Pan Horizons) Based upon this evidence, I can conclude that someone else was writing in Anne's diary. According to the text, "There is however, no evidence of gas residue on the walls of the gas chambers" ....

Body 2 / Counter Argument

Others might say that they burnt the bodies so investigators wouldnt have to autopsie. facts state that there was ball point pen writting. And I am sure there was ball point pen writting in the diary.

Conclusion

• Therefore, I believe that the Holocaust "tragedy" was nothing but a hoax. First there was writing in diary with a ball point pen. there was no trace of gas residue anywhere. Yet, some, no most people, think it's not a hoax, but I do.

Introduction

How many people died in the Holocaust Hoax. During the Holocaust how many jews died. Nazi forced Jews to live in certain areas called Ghettos. They estimated over 6 million Jews died. They estimated over 6 million Jews died in the camps with sickness and hunger.

[redacted]

Body 1 / Reason 1

To begin with, do ~~the~~ consetiation camps still exis today. According to the text, there were consentration camps, extermination camps, labor camps, transitich camps. Prisoners were starved thre belonging, taken away and tortured them. Base upond this evidence nazis were responsiable for 6 million of Jewish deaths during world war II.

Body #2 / counter argument [redacted]

Others might say, that the gas chambers did not have property sealed doors. They say the Germans would have died also. However, the Germans may have used towels or clothing to block the escape gases. Base upon this evedance that there gas chambers that did exist.

Do people really believe that all these bodies were not jews but germans or hitler said "be lover germans and want to expand germans too. Even though jews were killed by germans, hitler had 70 000 germans killed. Many people say the holocaust wasn't real. They had evidence that the concentration camps had chambers.

Body #1 / Reason 1

To begin with, other people say the holocaust wasn't real, because the consentration camps weren't big enough. According to the text, 1,000 people a day were being shiped to concetration camps or death camps. introduction

"we lay in a world of death and phantoms."
He even rounded up his own people. About 70,000 Germans dead in the so-called Euthanasia program. I believe it was real because the camps but I dont think its how they make it seem.

Body one /reason one

To begin with, all the survivers wouldnt have lied about this and they wouldnt be able to talk about with such detail. According to the text "The brutal experience of Henry Greenbaun an 84 years old Holocaust surviver who lives out side washington typities the wide range of Nuzi sites. Based upon this evidence I cant conclude that the survives will not lie about this tragety.

Others might say the Holocaust wasnt real because there is no proof they use the gas chambers, I also think its real because the secret annexe is still there. Infact they still offer tours of the secret annexe. As well as the camps, there still there.

Conclusion

All in all, I believe it was real because of all the camps, there still there. As well as all the Suruivers, they would have never lied with such detail. Also the secret annexe is still there and still offers tours. Others might Say that there can not be people as cruel in the world that can hurt us that bad as a whole. So they choose not to believe these trageties where true. And no punishment is enough and we try to think of the bad torchurs we can do to them. But as Bring Me The Horizon once Said "we cant drown our demons they know how to Swim!"

Jews that were disabled were killed. Nazi Officials selected around 70,000 Jews institutionalized for mental illnesses or disabilities to be gassed to death. After a while this continued in secrecy. The Holocaust was real because the survivor Frank was there and escaped. Plus Anne's diary.

Body 1/Reason #1

Others might say, There were no gas chambers to kill the Jews. The first mass gassing began at the camp of Belzec near Lublin on March 17, 1942. Five more mass killing centers were built at camps in occupied Poland including Sobibor Treblinka Maidanek and the largest of all Auschwitz - Birkenau.

Is the holocaust real or a Hoax
During the 1940 it is estimated that 11 million People was
Killed during the holocaust.

Body #2

Conclusion

[redacted]

Introduction

Have you ever wonder what the was? The nazis started targeting Jews by sending them into ghettos and concentration camps in 1939. The holocaust was real because survivors told their stories about all their friends and family that were killed in the concentration camps by the nazis.

Body #1/Reason #1

To begin with, There are survivors that are telling their stories about there friends and families being Killed in the camps and their time in the camps. according to the text, "it is estimated that 11 million people were Killed during the holocaust (The holocaust, 2). Based upon the evidence, I can conclude that this was a very hard time for jews.

Body (#2) / counter Argument

others might say that there were no gas residue in the gas chamber in the Concentration camps. However, the germans may used trucks to blade the gas. Instead of gas chambers, "prisoners were herded into gas vans instead of gas chambers" (The holocaust, 4)

Conclusion

With all of the evidence and pictures available how could anyone deny the holocaust happened. When big tradegies occure, People think differently. Some races thinks they are better than others.

Introduction.

Almost all the Jews were killed in a concentration camp. The holocaust was a place where they captured Jew. They would killed them or they would die in concentration camps. I think the holocaust is real because of the survivors and the concentration camps that are still standing to this day.

Body #1 / Reason 1

To begin with is it ture that they killed jews and burned them? Acording to the text, "Athough many people refer to all Nazi camps as "concentration camps," there were actually a number of different kinds of camps, including concentration camps, extermination camps, labor camps, prisoner-of-war camps and transit camps." (pg4) I can conclude that the concentration camps and killing jews is real, and that many people die due to the holocaust.

Body #2 /counter Argument

Others may say that the holocaust is not real and that the concentration camps were not real. "In 1991, the polish government repeated these tests to disprove Leuchter's findings, but they as well found no evidence of any gassings ever occurring." (pg5) Some people thinks its not real because of the gas chambers but you have to see that the gas chambers are really old and might had some damaged to the years past.

Conclusion

To sum it up, I think the holocaust is real because of the survivors and the concentration camps were they killed jews. To begin with is it true that they killed jews and burned them? People think that the holocaust is not real Due to the lack of function in the gas chambers, and them not finding any evidence that they functioned properly. Overall, I think that the holocaust is real and has a big part in history.

Introduction

Do you know how many jews were killed in the Holoucaust? There were approximately approximately 6 million Jews killed. During the holoucaust jews were sent to SP consitration or death camps, where they were staved to death or sent to gas chambers. The holoucost was real because the consitration SP camps are still in europe Europe and they are now musumes.

Body 1 reason 1

To begin with, the holocaust was real because the consitration camps still exsist. One of the first conlitrion camps was opened in 1933 March 20. According to the text the consiaron camps, extrmination camps, lober camps or transit camps. Based upon the evidence, I conclude Nazis were responible for millions of Jews deaths durin WW II.

SP

Body 2 Counter Argument

Others might say that consitation camps are not real. But they are real because there were Jews that tell their stories about being in the ~~in the~~ consitration camps. There are also camps in Europe that are still standing and Nazi solders confessed of doing it.

Conclusion

To sum it up the holocaust was a horrible event that should of never occured. Ghettos were developed to ~~separat~~ seperate Jews from society. With all the evidence and pictures how can anyone deny the holocaust. And how can another race could think ~~they~~ they are more supior than others? An what did they think they were going to accomplish?

Introduction

Just because you are a Jew from the other race doesn't mean you have to be executed. After the beginning of World War II, Nazis began ordering all Jews to live within certain very specific areas of big cities, called ghettos. This led to the exponential increase in the number of Jews sent to concentration camps.

Body #1 / Reason #1

To begin with, ~~I think~~ Annes Diary still exists today but has been recopied. According to the Text, ~~the Diary of Anne Frank is a hoax.~~ Based upon the evidence, I can conclude that The ~~Diary of Anne Frank~~ Holocaust is ~~some written from~~ an actual event. ~~because they put in some extra words in the story because the movie is shorter than the story. (Article 3)~~ because of the Nazi survivors admitting that ~~it happ~~ the Holocaust happened.

* was real because the diary was mostly talking about how long Anne & her family had to hide.

Body #2 / Counter Argument

Others may say, the diary was written with a ball point pen, because (~~these pens were not used at the time Anne Frank lived~~). There are compelling reasons to believe that the ~~so-called~~ Holocaust ever existed. ~~In The Diary of Anne Frank indicates that the size of Auschwitz, the most famous of all German work camps was very small with only 11,000 people being executed by the Germans at the time of the Russians advance in 1945.~~ The Diary of Anne Frank tells the story of hiding and their experiences. Also other surivors have

Holocaust was a hoax because parts of were

been able to tell their story

Conclusion

~~In summary~~

To sum it up, the Holocaust was a cruel mistreatment of Jews. Mr. Frank was a survivor of the concentration camps. ~~The Holocaust Diary of Anne was in a ball point pen these didn't exist when Anne and her family was around~~. The Holocaust affected innocent people and children. With the Diary of Anne and other survivor stories ~~with the stories~~, how could anyone deny the Holocaust happened.?

[redacted]

Introduction

Do you believe the holocaust is real ?. After theyears, their are still concentration camps existing. During that time, 11 million people died and 6 million of them were Jews. You'll still find living sorvivors till this day. I think the holocaust is real because they found the diary of Anne Frank.

Body # 1 / Reason #1

To begin with, Germans killed their own kind. According to the text, It is estimated that 11 million people were killed during the Holocaust, 6 million of those people were Jews. The began on September 15, 1935, thats when Jews started disappearing. For the next couple of years the Nazis were setting anti-Jew laws. They couldn't even be at parks.

Body #2/Counter Arguement

Others might say, the holocaust is fake or a hoax. They didn't find any evidence of any gassing ever occurring. But really, you could see the dead bodies & gas chambers. Plus there are many different concentration camps so, they couldn't all have been false. Could they?

Conclusion

To sum it up, Nazis were in control. They could have done anything they pleased. There are Nazi survivors still living, they could tell you the whole story. If the holocaust was a hoax then it wouldn't still be talked about or important. In other words, I believe the holocaust is real, & so should you.

Introduction

Almost the entire race of Jews were arrested and murdered in Germany, and other countries as well. The Jews have always been the outcasts along with the disabled. The hatred of the Jews started in the 1870's when Romain authorities destroyed the Jewish temple. It increased to a higher rate when Adolf Hitler blamed the Jews for loss of the war in 1918. Ever since then the Jews were always targeted. The main reason for this article is to determine whether or not the Holocaust was a hoax.

Body #1/Reason #1

To begin with, there are many documents that prove to you that the holocaust was not a hoax. Not to mention all the witnesses that told their story about the holocaust. According to the text, "all documents were presented were drawn up after the war" (Leuchter, 5). Based upon the evidence I can conclude that, Even though the documents were drawn up after the war doesn't mean prove that the Holocaust was a complete hoax!

Body #2 / Counter Argument

Others may say that the Holocaust was a hoax because the documents were pulled up after the war was over. They're are many witnesses that can back up the facts and documents about the Holocaust to prove that it was real. There were a couple of witnesses that survived the Holocaust and later on they ended up sharing their story about their life during the Holocaust for the whole world to see.

Conclusion

To sum it up, this article was to find out if the Holocaust was a hoax or not. Determing from this we all know that it deffinitely wasn't a hoax. There were documents that proved that it wasn't and witnesses to tell us that it wasn't fake too. Its crazy how such a horrible thing can happen to people and the first thing that goes on in their mind is that its not real. Even if the Holocaust was a hoax its still a terrifying thing to have gone through. Just imagine yourself in their shoes. Im against the Nazis and what they did because it just wasn't right.
