Khalid Sheikh Mohammad's Statement to the Crusaders of the Military Commissions in Guantanamo

"You shall certainly be tried and tested in your possessions and in your personal selves; and you shall certainly hear much that will grieve you, from those who received the Book before you and from those who worship many gods. But if you persevere patiently, and guard against evil, then that will be a determining factor in all affairs."

Quran 3:186

Part 1: Invitation to Happiness

"This crusade, this war on terrorism is going to take a while. And the American people must be patient. I'm going to be patient."

-George W. Bush, 16 September 2001

"I want to tell you something, we've got no better friends than Canada. They stand with us in this incredibly important crusade to defend freedom, this campaign to do what is right for our children and our grandchildren."

-George W. Bush, from a rally for the troops in Alaska, 16 February 2002

"Many American tend to stereotype Muslims as uncivilized, unwashed, barbaric, and irrational people who command our attention only because some of their leaders have the good fortune to rule territory containing over two-thirds of the world's proven oil reserves."

-Richard Nixon, 1992

"No nations, not even Communist China, have a more negative image in the American consciousness than those of the Muslim World."

-Richard Nixon, 1992

"Our commitment to the survival and security of Israel runs deep. We are not formal allies, but we are bound together by something much stronger than a piece of paper."

-Richard Nixon, 1992

"Our commitment to Israel stems from the legacy of World War II and from our moral and ideological interest in ensuring the survival of embattled democracies. No American President or Congress will ever allow the destruction of the state of Israel."

-Richard Nixon, 1992

"Show me just what Mohammad brought that was new, and there you will find things only evil and inhuman, such as his command to spread by the sword the faith he preached"

-Pope Benedict XVI, 12 September 2000, at the University of Regensburg

"Awake, Saladin. We have returned. My presence here consecrates victory of the cross over the crescent."

-French General Henri Gouraud, 29 September 1923, after capturing Damascus, accounting establishment of the French Mandate for Syria and Lebanon, and kicking the tomb of Saladin.

Introduction

In this letter, I would like to clarify some of what is turning in my mind about certain facts that I would like every reader of this letter to know:

- Everyone in the world sees there are political events and wars. These are interpreted by each person, group, organization, party, or country either according to their level of awareness of events, the extent of their knowledge of history, their understanding of geography and their love of studying the cultures of the world, their religions, and their beliefs; or according to their ignorance of all these matters.
- The vast majority of people and societies are the victims of the mass media.
- The mass media is controlled, not free – as is apparent to the public – and it owns lobbies and business groups.
- Every democratic country in the west has a constitution, an executive branch, a judicial branch, and a legislative branch. They also have a big black box above and beyond these branches that implements all that it sees as being in the interest of the country or ruling party without consideration for any constitution, morality, religion, or principle. This black box is called Intelligence and its authority supersedes all other considerations.
- The budget for this black box in many western countries is sometimes double that of several African countries combined.
- The U.S. government always likes to play the tune of democracy – human rights, women's rights, and freedom – and the American people like to dance to this tune so that the reality remains hidden, while the public money and taxes continue to be drained from their pockets as easily as possible. To enable the government to finance their wars and back their dictators and spend on the military bases all over the world; and continue with their plans of crusade in the Muslim world.
- Did all the billions of dollars of the American people's money and their military campaign eradicate Al-Qaeda and destroyed the so called terrorist groups or did it spawn dozens of Al-Qaeda's and spread Jihadist [ideology] movements from North Africa to Central and South Asia?
- It is hidden from many people throughout the world and from the American people in particular. They hide from them why the Mujahedeen carried out 9/11 and what the truth is about the War on Terror.
- I wanted to write these papers in three parts. I had written most of the first part before they took away our laptops that contain the evidence, at the end of 2009. I will later work on to complete the remaining two parts after the government returns our computers soon as it has promised:
 - The first part is an invitation to happiness, to everyone the crusader government has provided to administer this kangaroo trial in Guantanamo: The judge, the prosecution, the lawyers, and anyone who works with those groups.

UNCLASSIFIED

- The second part deals with why the Mujahedeen carried out 9/11 and whether it was a terrorist operation or an act of self-defense sanctioned by every constitution and international laws as the right of everyone whose land is occupied and whose people are attacked.
- The third part is the truth about the so-called "War on Terror". For whose benefits or interests were these wars fought? Did these wars take place to defend the American people and their interests? Were they fought to defend freedom and human rights? Women's rights? Or were they fought for the benefits and interests of individuals and corporations? Who are those individuals and corporations? What are their interests and benefits? Isn't it true that they work for the weapons industry lobbies, security contractors or Halliburton sister companies etc.?

The Road to Real Happiness

Introduction

In the name of Allah, the Most Gracious, the Most Merciful

All praise is due to Allah, we praise Him and seek His aid and forgiveness and we seek refuge in Allah from the evil in ourselves and from our bad deeds. He whom Allah guides cannot be led astray, and he who is led astray cannot be guided. I bear witness that there is no God other than Allah alone, without partner and I bear witness that Muhammad, peace be upon him (PBUH), is His slave, servant and messenger.

It is my religious duty in dealing with any non-Muslims such as the people in court (the Judge, the prosecution, attorneys, etc.) to invite them to embrace Islam. I realize very well that you have heard about Islam and know much about it. But it is my own belief that Allah will ask me on the Day of Judgment why I did not invite these people to Islam? Moreover if I believe that Islam is the real and true religion of God Who created this entire universe, therefore I must invite any non-Muslim to this real truth and happiness. Do not believe those who claim that the Mujahedeen fight infidels to turn them to Islam or that we are fighting you because you practice democracy, freedom, or claim that you uphold human rights. Islam prohibits us to force our religion on any human being, but encourages us to invite them with wisdom and fair preaching and to persuade them in the best way. Embracing the Islamic religion is not compulsory in Islam but is voluntary, because we believe that Allah created humans with free will.

The Exalted Allah said in The Holy Quran 2:256: **"Let there be no compulsion in religion: Truth stands out clear from Error; whoever rejects evil and believes in Allah hath grasped the most trustworthy hand-hold that never breaks. And Allah hears all and knows all."**

Don't believe the media that the Mujahedeen believe that Islam spread in the past and will prevail in the future with the sword. As President Richard M. Nixon wrote, Americans "remember only that the sword of Muhammad and his followers advanced the Muslim faith into Asia, Africa and even Europe and look condescendingly on the religious wars of the region."¹ The Holy Quran forbids us to use force as a means of converting! To know the reality of who is using force and violence to convert people to their religion, read the history books² and compare between Christians' and Muslims' history. Read how many thousands of Jews were killed by Christians in Europe when they gave Jews a choice between conversion to Christianity or death. Also read and compare between Muslims' conquest of the city of Jerusalem in 637 CE and your forefathers' invasion of the same city on July 15, 1099.

After a long and costly siege, the crusaders broke into the city, and within a twenty-four hour period, murdered virtually every single inhabitant – men, women, and children; Muslims, Jews, and most Eastern Orthodox Christians – probably around sixty thousand people. This includes thousands of Jews taking refuge in their

² See for example, *Spread of Islam* by Sir Thomas Arnold.

synagogue and many thousands more Muslims in the Al-Aqsa mosque. The Catholic encyclopedia repeats tersely: "The Christians entered Jerusalem from all sides and slew its inhabitants regardless of age or sex." Fulcher of Chartres, a crusader who participated in the invasion wrote, "None of them were left alive; neither women nor children were spared."

Go back some five hundred years earlier than your forefathers' invasion of the same city and land and see our forefather's conquest of the city of Jerusalem in 637 CE. When the second Caliph, 'Umar bin Al-Khattab (May God be pleased with him), personally entered the city after a siege of many months, Muslim troops disciplined the companions of the prophet Mohammad, PBUH. Forces were maintained and the city was not pillaged, in accordance with a treaty that 'Umar had signed with the patriarch of Jerusalem at the time of surrender. In reference to the Christians, that treaty stated that their churches were not to be taken, nor were they to be destroyed, nor were they to be degraded or belittled; neither were their crosses or their money, and they were not to be forced to change their religion, nor was any one of them to be harmed.³

Reaching truth and reality never comes by muscles and force but by using the mind and wisdom; far from closed-mindedness that leads to blind faith, fanaticism and far from our forefathers' old wives tales. The true religion depends on faith, reason, and free will, and these would be meaningless if induced by force. Force may conquer but cannot convert. Truth and error have been so clearly revealed and explained by the Mercy of God.

Islam did not spread through the sword!! Unless it is the same "sword" through which it is spreading now in Europe and America ... It is the sword that enlightens the hearts and minds, it is the sword of reason, logic, wisdom and justice. It is the sword of justice ... Quran 16:125 **"Invite (all) to the Way of thy Lord with wisdom and beautiful preaching; and argue with them in ways that are best and most gracious."**

Islam poses no threat to science or rationality; therefore, in this letter I will try to invite you, _____, to embrace Islam for many reasons I will try to explain in this letter. I hope that by the will of Allah this letter will assist the seeker of truth in his or her search for the true path to happiness in this life away from the contradictions between mind and faith. Before you start reading, forget and neglect the writer or author's name. Just think and believe that the seeker of wisdom is ready to dive in the deepest ocean or to climb the highest mountain to find the wisdom. Take the wisdom from the little child or oldest man or be sons of your Father as Jesus (PBUH) told you Matthew 5:44 – 45a "I tell you, love your enemy and pray for those who persecute you, that you may be sons of your Father..."

Who is the Real Maker?

Day by day, under the power and authority of the secularist governments, the Fire of Atheism is spreading among the Western communities. It is burning all the bases of Faith and God's laws. It is sprouting like weeds. We hear from time to time: There is No God! Show me God! I can't believe in God!

I will ask any atheist who ignores God and denies Faith, what if you dug a hole underground and found a piece of an ancient muddy jar and a nice broken muddy pot with an old rusted metal coin? You would not be surprised if the archeologist told you that these antiques and remains which you found are enough to prove that there was a certain maker who lived in this area and that somebody or some nation inhabited this area, because this muddy jar and broken pot could not have been made haphazardly, without a maker, nor be created by nature.

In the same manner, if you found a small camera and an old tape recorder in the desert, for sure, you would repeat the exact words of the aforementioned archaeologist, that these items were not made haphazardly or by nature, but that there is a real maker who made it. If you were to deny this, then people would call you mad or incapable of using your mind.

If you meet any human being and ask him who made his cars or the communications satellites orbiting the earth, he would be a very unwise man indeed to say that it was nature that made them or that they had been formed without a maker and formed itself!! A wise man's answer would be totally different. He would tell you by using his brain that companies and engineers had made these car or satellites. Nature could never have made them.

If all wise men have reached the conclusion that the afore mentioned items (muddy jar and pot, rusted coins, small camera, old tape recorder, car and communication satellites) have a maker then ask yourself, shouldn't the universe and everything in it have a maker?

In the same way, go to a wise astronomer and an unwise one who look into the vast universe. Ask them who made the sun, stars, and galaxies. Who made this beautiful universe and governs it and controls it with fixed laws? The wise and the unwise answers will be the same as the ones in the example above.

The mind tells us that a Great Founder, the Almighty God, formed this amazing and wonderful universe. If these tiny cars couldn't have formed themselves or if these satellites couldn't have been formed by nature, then how could nature make the billions and trillions of planets and stars and galaxies?

The main question is, who formed the universe and who created the tiny microscopic human being on planet Earth? Why was he created? Where will he go after death? Who manages this great universe? Who creates new stars and destroys others? Why do we live? Why will we die? Is the human mind sufficient to answer all these questions? Any wise human being knows that each part of the body has its own purpose. The brain's purpose is to think and control all the bodily functions. The eyes' is to see. The ears' is to hear. The nose's is to smell and breathe. The mouth's is to talk and eat and breathe. The tongue's is to taste. The stomach's is to digest. The hands' is to grasp or hit. The feet's is to walk. The lung's is to find oxygen, and so on. What about the whole human body? What is the purpose of his existence in this life? Why did the Maker and Creator form this human being and for what purpose and goals? Was he made only to eat, sleep, and fulfill his sexual desires? Why was he even born if he is only to die at the end? It makes no sense for this Great Almighty Maker and Creator to make these things in vain, without a goal in this life.

The Holy Qur'an insists on the fact that there is Only One True God, as it is mentioned in the Old and New

Testament ("You shall have No other God besides me"⁴) and the Holy Qur'an ("Know, therefore that there is no God but Allah,"⁵) God Who has created everything from nothing. He is Who built these awesome galaxies, heaven over heaven. He is All knowing, All hearing, All seeing and Most Gracious, Most Merciful.

Losing the Path to Happiness in the West

Any honest human being who reads, thinks and lives by his opened eyes, brain, and soul; regarding the situation of life in the Western World nowadays, where he or she finds democracy, freedom, money, and liberalism while at the same time facing unbelievable numbers in divorce, suicides, mental illnesses, bankruptcies, in addition to a thousand other evils. Moreover, you find a high rate of corruption and scandals among your clergy and politicians.

Ask yourself why people have lost the happiness in their lives while they claim to live in a free country and have a free life. The reason behind this is that their minds, hearts, and souls are captives to their passions, even if their bodies are free. With my current condition, I live in solitary confinement, but I am very happy in my cell because my spirit is free even while my body is being held captive.

The secret of happiness is related to the spirit, more than to the physical body. I am with my Lord Who created trillions of Galaxies. I am following what He has decreed by His laws in search of real happiness. I have been neither sad nor distressed in my solitary confinement since 2003 because I have been with the Only One True God. I believe as reported that Muhammad, the Messenger of Allah (PBUH) said, **"How wonderful is the case of a believer; there is good for him in everything and this applies only to a believer. His prosperity attends him, he expresses gratitude to Allah and that is good for him; and if adversity befalls him, he endures it patiently and that is better for him."** Also the Messenger of Allah, Muhammad (PBUH) said **"Acquaint yourself with Allah in good times and He will know you in bad times."**

The main reason for the unhappiness in the Western life is a result of the fact that they missed the right path of happiness. They are like a fisherman who went to the desert searching for fish or a hunter diving to the depths of the sea trying to catch a deer. Neither the fisherman nor the hunter will succeed in his mission.

Happiness is not found only in money, in hearing music, in dancing, or in living a so-called "free life." Even if you were a rich man or woman, you would need to follow the real path of happiness as it has been established in the humans' catalog and manual, "The Holy Qur'an." Only He Who created the human has the real manual and catalog of the human's body and spirit. The Constitution of liberalism, humanism, and materialism, or any Democratic or Republican programs are doomed to fail to bring happiness and safety for humans. There is no room for the Only One True God in their Congress or Parliament. They can worship cows, stones, or humans, but not the real Only One True God because they do not accept God's laws until they have been attested to or ratified by human minds in their Congress or Parliament. If God said no adultery or no sexual contact without a marriage contract between man and woman, the Westerner's God says men and women are free to do whatever they want to do. A mother can even lie with her son and they can issue a marriage certificate for them if the majority in Congress or Parliament agrees to such a thing. Or a man can marry a man or a woman can marry a woman, but by God's laws, these acts are considered social crimes and it will cause unhappiness in their life, it breaks their families and at the end it will break the

whole society.

The History of the Western People from very long time from their forefathers (Epicurus): the famous Epicurean Greek rich man who lived a lavish and sumptuous life and never found happiness in this life and ended his life as by killing himself when he lost his wealth and owned only 10 million cistophori. In the same manner, hundreds of American crusader soldier men and women join the U.S. army, wear the latest military gear, eat the best food in Iraq and Afghanistan, and play with their play stations while their enemies, the poor Muslim can't find their daily bread or jacket to protect themselves from the harsh snowstorms over Afghanistan mountains, but at the end, the American soldiers go back home and commit suicide but the poor man still with his dry bread and black tea lives with his poor wife in their humble muddy house but with happy hearts and souls.

History tells us that Western people lived in the dark ages under the sword of their corrupted clergies and churches. Then they succeeded in toppling them forever. Then they threw their religion in history's trash after many of their scholars and scientists had been crucified or tied to their books or inventions and burned at the stake. Then they turned 180 degrees against churches and clergies and God. They never tried to find the real God & His true religion (Islam.) Moreover, the Lord was not allowed to intervene in politics and the judiciary. The new God, Secularism, mastered the human mind over God's laws. After they threw the corrupted clergy out and put the religion in history's trash the new prophets where their scholars & philosophers such as Darwin, Marx, Freud and Durkheim and all of them agreed to ignore and deny the laws of God and believe that the human being is derived entirely from animals, so no need for any restrictions or shackles from God or religion. He can do what he wishes without the authority of God, Church, Synagogue or Mosque.

They thought that maybe the creature is cleverer than the Creator. Finally, they succeeded in finding a nice free life without any restrictions from the church or God and were free to do whatever they dreamed. Then what was the outcome of human law? They turned into wolves. The enemies of religion killed 40 million in World War I and 10 million in World War II. Nowadays these secular countries export the most weapons, artillery, and ammunition in the world. All of them (the U.S., Great Britain and France) have their own nuclear programs. Their communities have been destroyed by the **high rates of divorce, rape, robbery, killing, suicide, AIDS, and often depression, bankruptcies, abortion, drugs, homosexuals, homelessness, psychological disorders, mental illnesses and most of the U.S. prisons are over capacity and crime is everywhere among all races and states.** As the Exalted Allah describes their life in the Holy Quran, 24:40: "**Or (the state of a disbeliever) is like the darkness in a vast deep sea, overwhelmed with waves, topped by waves, topped by dark clouds, (layers of) darkness upon darkness; if a man stretches out his hand, he can hardly see it! And he for whom Allah has not appointed light, for him there is no light.**" Without God's guidance, man is unable to explain to himself the mystery of the life, the mystery of birth and death and mystery of infinity and eternity.

Searching for Real Happiness

Any factory that wishes to manufacture a machine must prepare a manual or catalog to provide the buyer knowledge of the best way of dealing with this machine. One cannot use a refrigerator manual to fix their computer problems. The Exalted Allah said in the Holy Quran, 20:123-124: **"Then whoever follows My Guidance he shall neither go astray, nor shall be distressed. But whosoever turn away from My Reminder (i.e. neither believes in this Quran nor acts on its teachings) verily, for him is a life of hardship."**

All man-made laws regarding the search for happiness are doomed to fail because they are concerned with the necessities of the body, not the necessities of the spirit. God made humans in two parts: body and spirit. However, humans can never understand the secret of spirit, as The Exalted Allah said in the Holy Quran, 17:85: **"And they ask you concerning the spirit; Say, the spirit is one of the things, the knowledge of which is only with my Lord. And of knowledge, you (mankind) have been given only a little."**

If the body requires food to stay alive, then what does the spirit need to be happy?

Humans failed when they tried to feed their spirits with music, entertainment, dancing, alcoholic beverages, red light districts, and other means in search of happiness for their souls.

When the song is over, the seeker of happiness is left feeling either depressed or aware of a sense of anticlimax; it's the something for someone who is trying to find the happiness in any entertainment. After all these ill solutions for searching for happiness, human beings try to dress-up the daily practice of eating, drinking, sleeping, working or resting with as much variety and joy as possible. Joking and laughing pass like something the tide left behind. Boys and girls in Western life are slaves of their own passions; sexy life, searching for the latest fashion or lifestyle trend that is bent on destroying them, not physically but spiritually. The Darkness fills their inner hearts, even while their lips seem to be smiling. But Allah Who created trillions of galaxies is sufficient to reveal the laws which master the brain and control the passions of the human body, resulting in happiness for the entire life of the human body and spirit.

It is not necessary to have money, houses, or possessions to be happy. The poorest man can be happy if he is with the real God, and God is with him. On the other hand, maybe the richest man or woman can't be happy and can't even sleep unless he or she takes some pills. In the end he or she commits suicide to stop their miserable depression. Perhaps a poor detainee may be happy while being water-boarded or tortured or even in solitary confinement where he can't see the sun or the moon.

We believe that God is Allah, the One, and there is no true God but Allah and Muhammad (PBUH) is His messenger, slave and servant, but not God, son of God or part of God. He is the only and last messenger after Jesus (PBUH).

Allah sent him as He sent many messengers and prophets to guide humanity and to reveal the right path to real happiness; such as Noah, Abraham, Isaac, Jacob, Moses, David, Solomon, Zachariah, and Jesus, peace be upon them (PBUT).

Why is Allah Sufficient for us to Accept His laws?

- The Quran and the Bible: The words of the Holy Quran have never stood against science because the universe is God's creation and the Holy Quran is God's word. Therefore, God's word would not contradict the laws of the Universe and nature; what He made. But this is contrary to what the Bible discusses regarding science because the Bible is not the pure word of God; it is mixed with the words of humans. As the Exalted Allah told us in the Holy Quran, 3:78: **"And there are some among them (Jews and Christians) who twist their tongues when quoting the Scriptures, so that you may think it is from the Scriptures, whereas it is not from the scriptures. They say, 'this is from God' whereas it is not from God. Thus, they knowingly ascribe falsehood to God."**
- Quran 2:29: **"Then woe to those who unite the 'scriptures' with their own hands, and then say: 'This is from God.' To traffic within for a miserable price! Woe to them for what their hands do write, and for the gain they make thereby."**
- Not a single letter of the Quran has been changed; therefore there is no contradiction or error in the Quran. All facts proclaimed by the Quran parallel scientific findings. Moreover, numerous scientific facts that have only recently been discovered were announced in the Quran to people more than 1400 years ago. This is one of the definitive proofs that it is the word of the Only One True God who created the Universe.
- As Allah created this entire universe, He created mankind on this microscopic speck of a planet- Earth – which is floating in our microscopic speck of a solar system, which is floating in our microscopic speck of a Galaxy, which is floating in this great universe for a fixed date and time as part of a very accurate system. As Allah told us fourteen centuries ago in the Holy Quran, 36:38-40: **"And the sun runs his course for a period determined for him: that is the decree of Him, the Exalted in Might, the All-knowing. And the Moon, We have measured for her mansions (to traverse) till she returns like the old and withered lower part of a date-stalk. It is not permitted to the Sun to catch up to the Moon, nor can the night outstrip the day; each in its own orbit swims."**
- One day everything will be changed; this earth will perish as the Exalted Allah told us in the Holy Quran, 14:48, **"On the day when the earth is changed into a different earth and the heavens into new heavens."**
- Islam is the religion of reason and conscience. We have to understand that the scientific facts can never contradict the infallible Word of God, Who founded this universe and life with fixed laws and decrees which controlled the smallest particle to the largest galaxy. On the other hand, we have to understand that not every scientific theory is fact, but also that scientific facts can never be false.
- The Quran is the true words of the Only One True God who created the entire universe. It is a fact whether you believe in it or not. There are more than one and half billion people who believe in this fact that the Quran contains the true unchangeable infallible words of the One Only true God who created everything. Billions of people have come and gone and died without realizing this fact, but their ignorance of this fact did not change that it is indeed was a fact and still is a fact.

- When the scientists nowadays discover that the Earth rotates on its axis and follows an elliptical orbit around the Sun, it is a fact that was in place a long time ago, regardless of whether people ignored this fact or not. Millions of people died throughout history without realizing this fact, but their ignorance of this fact did not change that it was and still is indeed a fact. On the other hand, Newton's law of gravity at one time was a theory, before Einstein came up with a new theory of relativity. It is possible that there will be another new theory that will be discovered in the future that opposes or advances Einstein's theory, and so on. The battle between facts and theories will never end. While scientific *theories* can be overturned, scientific *facts* cannot be overturned. Read the words of God which were revealed over 1400 years ago and compare them with the latest scientific facts (not theories); then you will see the truth in the real words of God.⁶
- Can you believe that the earth and the first human being, Adam (PBUH), existed only less than 11,000 years ago as it is written in the Bible in the Book of Genesis, while science has discovered human remains going back much farther than these mentioned dates?
- Everything that turns in the universe, from the smallest quarks to the largest supernovas are worshipping God, just as Muslims in Mecca circulate around the Kaba, counterclockwise. If you have Mecca TV channel just look for one hour how people from all around the world travel in circles like any electron or moon or earth or sun or any star or galaxy does. Try to record the picture for 15 minutes and then fast forward the picture then repeat it again, then ask yourself who told Abraham(PBUH) and these people a thousand years ago to imitate the laws of the Universe and nature. The answer will be He Who created these trillions of galaxies and human beings and made fixed laws for all, but granted humans free will in order to test them.
- But I believe from the Hadeeth that the first human, Adam (PBUH) was a giant human around 30 meters tall, and that generations of beings lived more than 900 years until humans evolved to reach the sizes and ages they are today. However, no one told us that these changes happened in ten thousand years or even a million years. God is constantly asking us always to question and study everything around us to derive the facts and truths to enrich science. As it is written in the Holy Quran, 29:19-20, **"See they not how Allah originates the creation then repeats it? Verily, that is easy for Allah, Say: 'Travel the land and see how Allah originated the creation, and then Allah will bring forth a later creation. Verily, Allah is able to do all things.'"** Quran 51:20-21, **"On earth, and in yourselves, there are signs for firm believers. Can you not see?"**
- Maybe you will ask me: then why did God not explain in the Quran all mysteries and secrets behind everything regarding everything? Why did God not tell us about DNA, black holes, supernovas, electrons, genes, etc.? Why does God ask humans to think, speculate, to find and discover? If God were to tell us all the facts, then there would be no need for a brain to think and study with and our brains would come to a halt due to lack of use because everything is known.
- There are signs in some Qur'anic verses for various sciences and philosophies or medicine or biology, etc. That does not mean that the Holy Qur'an is a scientific book in the

modern sense, but that the Qur'an is a gift to help humanity in this life. There is information about past nations and honorable laws but they still comply with science. The Qur'an is proof of the veracity of the miracles of the immortal Qur'an throughout time for all peoples of the world. It is the word of Allah the true Creator for His creation and humanity. Quran 41:53: **Soon We will show them over signs in the (furthest) region (of the earth), and in their own soul, until becomes manifest to them (human beings) that this is the Truth. Is it not enough that the Lord does witness All things?**

The Holy Quran and Scientific Facts

I will mention some of the scientific facts pointed out in the Quran over 1400 years ago which humans discovered very late.

- Quran 2:117, **"The Originator of the heavens and the earth, when He decrees a matter, He only says to it, Be! And it is."**
- Quran 21:30, **"Have not those who disbelieve known that the heavens and earth were joined together as one united piece, then We parted them?"**
 - This is the explanation of the "Big Bang" theory. Exalted Allah told us 1400 years ago that this universe was created from a void as the result of a decree. We see this in the conclusion that the astrophysicists reached with their "Big Bang" theory.
- Quran 51:47, **"And it is We who have constructed the heaven with might, and verily, it is We who are steadily expanding it."**
 - This fact was discovered by humans in the 20th century, but because the Quran is the word of He Who founded and created this universe, this fact was explained in the Quran 1400 years ago when that was still unknown to anyone.
- Quran 21:33, **"And it is He Who has created the night and the day, and the sun and the moon, each in an orbit floating."**
- Quran 36:38, **"And the sun runs on its fixed course for a term (appointed). That is the decree of Allah the Almighty, the All-knowing."**
 - How did Muhammad (PBUH) know before the 14th century about these facts? Who told him about movements of the sun, that it will be for a certain amount of time.
- Quran 21:7, **"By the sky full of paths and orbits."**
 - How did Muhammad (PBUH) know that the entire universe is full of paths and orbits for each moon, planet, and sun?
- Quran 27:88, **"And you see the mountains and think them solid, but they are going past like clouds."**
 - We have been informed by the Quran that these mountains are moving; that they are not fixed. Even if humans before the 14th century are unable to realize this fact, the Muslims must believe it by faith because they know that the Quran is the word of God. As the mountains are part of the Earth, they too rotate with the Earth, even if humans do not realize that Earth is rotating on its axis and follows an elliptical orbit around the sun, as was the case 1400 years ago.
- Quran 53:45-46, **"He has created both sexes, male and female, from a drop of semen which has been ejected."**
 - Indeed, in many cultures, it was believed that a baby's sex was determined by the

female's body. That is why women were blamed when they gave birth to girls. But it is now the 20th century and the discovery of genetics clarified that the sex of the child is determined by the sperm cells from the male and that the female has no role in the process. To the Muslim, God told us that this was a fact 1400 years ago.

- Quran 15:22, **“And We send the fecundating winds, then cause water to descend from the sky, therewith providing you with water in abundance.”**
 - Until the beginning of the 20th century, the only relationship between the wind and the rain that was known is that the wind drove the cloud. However, modern meteorological findings have demonstrated the "fecundating" role of the wind in the formation of rain.
- Quran 24:40, **“Or (the state of the disbeliever) is like the darkness in a vast deep sea, overwhelmed with waves, topped by dark cloud, (layers of) darkness upon darkness; if a man stretches out his hand, he can hardly see it! And he for whom Allah has not appointed light, for him there is no light.”**
 - The darkness under the water: Muhammad (PBUH) never had a submarine. He never went deep into the ocean to discover the darkness within, but Allah Who created the oceans told him this fact, while science of mankind did not reach this fact until the 20th century. This fact was proven by mankind after the invention of submarine and the scuba diving gear.

The Authors of the Bible and Truth⁷

I am unable to believe that the Holy Bible, in its entirety, is the word of God for the following many reasons:

- In many verses, the authors of the Bible made God into the character of a man:
 - Working then being tired then resting after heavy work
 - Genesis 2:3, "And God blessed the seventh day and made it holy, because on it he rested from all the work of creating." Contrary to that, in the Holy Quran we find the same story but in the true words of God: Quran 50:38, **"And indeed We created the heavens and the earth and all between them in six days and nothing of fatigue touched us."** On the other hand, in the Holy Quran, the day and night in God's account are not as Biblical human days (24 hours) from Sunday to Friday with a day of rest on Sunday. Quran 17:47, **"And verily, a day with your Lord is as a thousand years of what you reckon."** Also, 200 years ago, Quranic interpreters such as Imam Al-Shawkani said the word "day" in this verse means periods of time, not the meaning as we know it.⁸
- The authors of the Bible made God as a man, wrestling with man, failing to win the battle with His creature: Genesis 32:22-30. While it is written in Job 23:13, "And who can oppose Him? He does whatever He pleases."
- While God is unseen, God, as Jesus (PBUH) said in Matthew 6:6, **"...Pray to your Father, who is unseen,"** and also said in Matthew 6:18, **"...that you are fasting, but only to your Father, who is unseen."** The Bible's authors made Him a seen God. Genesis 17:1, "When Abram was ninety- nine years old the Lord appeared to him and said, **"I am God Almighty; walk before me and be blameless."** Genesis 32:30, "So Jacob called the place Peniele, saying, "It is because I saw God face to face." It is written in John 1:18, **"No one has ever seen God, but God the One and Only."** But in the Holy Quran there are no contradictions, because it's the infallible word of God. Quran 6:103, **"No vision can grasp Him, but He grasps all vision."**
- How can I believe that the prophet Noah (PBUH) was drinking wine and stripping (Genesis 9:20-23)? And how can I believe that the prophet Lot (PBUH) was committing adultery with his daughters as it is written in Genesis 19:30-37? This is merely a corrupted Rabbi's handwritings not related to the words of God or Moses (PBUH). The corrupted Jewish Rabbis intentionally defame the Prophet Lot (PBUH) because they consider him the founding father of their enemies the Amorites. In Noah's story (PBUH), they also defame "Ham" the father of Canaan their enemies in the land of Palestine, Jews never stop changing God's words for their own purposes and interests.
- The Jews did not only defame the words of the prophets of God, but they also described the Exalted God as a drunken man:
 - Psalm 78:65, **"Then the Lord awoke as from sleep, as a man wakes from the stupor of wine."**

⁷ See Bart Ehrman books.

⁸ Interpretation of Quran 11:7 (Fateh Al-Qadeer)

- Also as a naked jackal ... read what is written about the behavior of God in the Bible:
 - Micah 1:8, **"God said, 'Because of this I will weep and wail; I will go about barefoot and naked. I will howl like a jackal and moan like an owl.'"** It makes no sense for these words to be the words of God or someone talking about the Almighty God. It is a language of a corrupted Jewish Rabbi.
- Authors of the Bible used impolite proverbs for describing God, such as those containing descriptions of animals:
 - Numbers 24:9, **"Like a lion they crouch and lie down; like a lioness, who dares to rouse them?"**
- God's prophet, King David (PBUH), used these words when he called upon his Lord: (Is this the real language of one who loved his God and placed his trust in Him??? I don't know.)
 - Psalm 10:1, **"Why, O Lord, do you stand far off? Why do you hide yourself in times of troubles?"**
 - Psalm 35:17, **"O Lord, how long will you look on? Rescue my life..."**
 - Psalm 22:1-2 **"My God, my God, why have you forsaken me? Why are you so far from saving me, so far from the words of my groaning?"**
 - Authors of the Bible claimed that while Jesus(PBUH) was crucified, he cried out in a loud voice, **"My God, my God, why have you forsaken me?"** (Matthew 27:46). Did Jesus believe that God was forgetting him???
- The authors of the Bible failed to use polite language. How can I believe that the great prophet Moses (PBUH), rather than be a humble servant to God, blamed God, or described God as someone to break His promises?
 - Exodus 5:22, **"Moses returned to the Lord and said, 'O Lord, why have you brought trouble upon these people? Is this why you sent me? Ever since I went to Pharaoh to speak in your name, he has brought trouble upon these people, and you have not rescued your people at all.'"**
- On the other hand, we find the same stories, with the same prophets, in the Holy Quran, but by God's words:
 - Quran 7:155, **"And Moses chose out of his people seventy of the best men for our appointed time and place of meeting, and when they were seized with a violent earthquake, he (Moses) said: 'O my Lord, if it had been Your will, You could have destroyed them and me before; would You destroy us for the deeds of the foolish ones among us? It is only your trail by which You lead astray whom You will, and keep guided whom You will. You are our Protector, so forgive us and have mercy on us; for you are the Best of those who forgive.'"**
- How can Christians believe that their God, Jesus, neglected to help a poor Canaanite woman and said the following words, (Matthew 15:25) **"The woman came and knelt before him. 'Lord, help me!' she said. He replied, 'It is not right to take the children's bread and toss it to their dogs.'"** Ask yourself; are these the words of a God who came to bring peace?

The Bible's Different Versions

- According to the Holy Bible, which you have readily available, the Roman Catholic Bible was published in Rheims in 1582 from Jerome's Latin Vulgate and reproduced in Douay in 1609. The oldest version (RCV- Roman Catholic Version) is not acceptable to the Protestant world because it contains seven ~~extra~~ books (Apocrypha), then it was renamed by the Protestants as "Revelation."
- The Protestants have bravely expunged seven whole books from their book of God: the books of Judith, Tobias, Baruch, part of Esther, and other books.
- There is the AV (Authorized Version) also known as the "King James Version," which was printed in 1611 by King James, revised in 1881, revised again in 1952, and yet again in 1971. In each new version, there are verses that have been added or deleted or even sometimes full chapters.
- All of the collections of Books of Gospels above were never in one book called the "Holy Bible" (as it is referred to nowadays) during the time of Jesus (PBUH) or even after that for more than 400 years; likewise, they were never in the hand of Jesus (PBUH) or any of his disciples.
- The entire Quran was memorized by hundreds of the companions of Prophet Mohammad (PBUH) during his life and was written on skins, bones, wooden plates and palm branches. For your own information, nowadays there are more than million people in the Islamic world who have memorized the whole of Quran from cover to cover. Among these who have memorized the entire Quran, there are 7 years old boys and girls to 80 years old men and women; from as far east as Australia to far west all the way to the United States, from as south as South Africa and as north as Northern Russia.

The Battle Between the Authors of the Bible's Words and Word of God

- Authors of the Bible wrote many sexual stories on behalf of God, or stories that they've claimed to be inspired by God. These verses may have been used only to attract more readers, such as the sexual language used in the book of Ezekiel, chapter twenty-three. Moreover, a story is also written that a brother raped his sister (2 Sam 13:14) or incest between step-mother and son (Genesis 35:22) or between father-in-law and daughter-in-law (Genesis 38:15-18). Read the above verses then ask yourself, are these God's words? Or are they the words of corrupt humans? Are these stories facts or just false verses written by corrupt Rabbis of certain times to make their holy book a "best seller" to get more money? If I am a Christian, how can I read this chapter in front of my children or recite these verses during a Sunday mass in front of my worshippers? If the young boys and girls are reading these stories, and are also in church drinking their holy wine, what do you think the result will be? I will leave the answer for the honest people to understand the real reason behind the sexual scandals from time to time in the Catholic churches.
- It is merely superstitions that you have inherited from long ago. Ahmed Daydat, the author of "Is **the Bible God's Word?**" said, "The amount of permanent damage to children of Christianity from these rapes, murders, incestuous relationships, and acts of bestiality in the Holy Bible can be measured from reports in our daily newspapers. If such is the source of Western morality, it is no wonder then, that Methodists and Roman Catholics and more have already solemnized marriages between homosexuals in their 'Houses of God'- churches."
- Wine is prohibited in Islam because it's considered "Um Al-Khaba'ith", the Mother of Evil. If someone is to be drunk then he will lose his mind, making him more likely to be a person ready to commit all crimes (killing, raping, robbery, etc.) Wine has also been described as a harmful drink in the Bible: (Proverbs 20:1) "Wine is a mocker and beer a brawler." The prophet Muhammad (PBUH) said "All drinks that intoxicate are unlawful (to drink)." Ahmed Deedat said in his book The Choice: Islam and Christianity, "There are thousands of Christian priests who have been lured into alcoholism by sipping the so-called mild wine in the Church, right out of the Holy Communion chalice." Islam is the only religion on the face of the earth which prohibits intoxicants in total. The Holy Prophet Muhammad (PBUH) said, "Whatever intoxicates in greater quantities is forbidden even in smaller quantities." There is no excuse in the house of Islam for a nip or a tot.
- Ask yourself if Jesus (PBUH) was the one who told you to drink wine in the church or if the word "wine" had the same meaning in biblical times or if it possibly meant "juice" or some other drink of that ancient era.

- Ask Bart Ehrman⁹ if the story of Jesus (PBUH), in the book of John, when he turned the water into wine, was it found in earlier manuscripts or was it later added by the hands of priests?
- If I have to believe that the book of Deuteronomy was revealed to Moses (PBUH), how can I believe the story of Moses' death in chapter 34 was revealed to Moses himself? "So Moses...died...and He, (God Almighty) buried him." It's merely from the writing of the corrupted Jewish Rabbis and was added after the Prophet Moses' death, just as they added thousands of words in the Old Testament by their own desires, deceiving their flocks by telling them that they had been given these stories by God.
- Every Christian knows that Jesus (PBUH) never wrote a single word in the twenty-seven books of the New Testament, nor did he instruct anyone to do so, but they are the words of St. Matthew, St. Mark, St. Luke, St. John, and others who never met Jesus (PBUH) in the flesh, such as St. Paul.
- Use your mind and read the history of how the Bible was written and collected. And what is the percentage of its authenticity? Do not believe your fathers, mothers, and priests when they tell you that "the sun is orbiting the Earth and that Galileo was a heretic because of his theory against God's word!"

Who is a son of God in the Bible?

- When a Chinese man learns English but never learned a fruit called grapefruit and his master gave him money to bring a grapefruit, it will come to his mind to purchase a grape. But the truth is, a grapefruit is something different. Same thing for a pineapple. He will think it's a pine and an apple or something like one of the two but the truth is that is something totally different. The same thing goes for a hamburger: it is not a burger of ham but a burger of beef. It's not like a chicken burger is a burger of chicken. The phrase does not always express its literal meaning. If we know that a gun is an inanimate being but we hear "son of a gun," we know it does not mean a biological son but another meaning. If the CIA said "KSM is a big fish," I know that I am neither a whale nor a fish.
- When you read in the Bible Isaiah 62:11: "Say to the Daughter of Zion," we know that Zion is a hill but it's a personification of Jerusalem
- What is the meaning of children in the verse Deuteronomy 14:1: "You are the children of the Lord your God?" Also in Deuteronomy, verse 32:5: "They have acted corruptly toward him; to their shame they are no longer his children." While we know Glory to God to have a wife or children? Then what is the meaning of children of the Lord? Or are they not children of the Lord?
- **Son of God:** We have to know that God is not a creature who bears son or wife but He is the Creator. Therefore what is the meaning of the Son of God?
- It's written in Genesis 6:2 & 4 "sons of God saw the daughters of men they...married" & "when the Sons of God came in unto the daughters of men, and they bare children by them..". "**Son of God**" has been interpreted here to refer to human beings but also in many places.
- The phrase "**Son of God**" was mentioned in the Bible to many of God's apostles such as those mentioned in Luke 3:38 to Adam (PBUH), and also to "Jacob, David, Elijah and Jesus, peace be upon them all". The Israelites mentioned as "sons of God" in the Bible (Hosanna 1:10) "...they will be called son of the living God." They also call men "sons of God" (Genesis 6:2)
- What is the meaning or the definition of "Son of God" in the language of the Bible? In the Hebrew or Aramaic language, Jesus told us one meaning of Son of God: Matthew 5:9 Jesus said: "**Blessed are those that are the peacemakers, for they will be called sons of God.**" Can anybody be a son of the Father? Jesus said in Matthew 5:44 "But I tell you: Love your enemy and pray for those who persecute you, that you may be sons of your Father."
- To be a Son of God in the Bible's language is to obey God and fulfill God's commandments. And if you will not be a son of God directly; you will be a son of evil. Matthew 13:37: Jesus (PBUH) answered, "**The one who sowed the good seed is the son of Man. The field is the world, and the good seed stands for the sons of the kingdom. The weeds are the sons of the Evil one.**"
- But "**son of man**" is a very clear phrase that means "a human" because a man can bear sons but God is not a human being but He is the Almighty God who created the Universe; therefore we can't compare a microscopic tiny creature called human to the Great God Who created trillions of galaxies to have a tiny, microscopic son.

Is Jesus (PBUH) God? Is there more than one God? Does God have a God?

- Each Christian has to know that Jesus (PBUH) never declared to us in the Bible that he is a God or part of a God or even that there are three gods and these three gods are all in one God. Don't believe the concept that God has a god or that there's more than one God.
- All God's messengers, from Adam, passing through Noah, Abraham, Isaac, Ishmael, Moses, David, Solomon, and Jesus to Muhammad (PBUT) they were repeating and asserting one fact that there is no God but God. Read the following words of God:
 - Quran 21:25 **"Not an apostle did we send before thee without this inspiration sent to us to him: that there is no God but I; therefore worship and serve me."**
 - Quran 47:19 **"Know, therefore there is no god but God."**
 - Also, the same concept is written in the Bible: Exodus 20:3, Deuteronomy 5:7 **"You shall have no other Gods beside me."**
 - Isaiah 45:5-7 **"I am the Lord, and there is no other; apart from me there is no God. . men may know there is none beside me. I am the Lord, and there is no other."**
 - Matthew 4:10 "Jesus said **"Worship the Lord your God and serve him only."** That means that no one has a right to worship Jesus because he is not God. And Jesus' audiences understand very well that the word God means He who created everything, including Jesus (PBUH) himself. But your forefathers in the fourth century made many false Gods by Nicene Council.
 - Mark 12:29 **"The most important one,"** answered Jesus, **"is this 'Hear, O Israel, the Lord our God, the Lord is One.'"** Jesus (PBUH) never said our God three in one and one in three.
 - John 1:14 **"The glory of the One and Only."**
 - Read Surah 19: Maryam (Mary) in the Holy Quran to understand the real story of who Jesus (PBUH) is.

Trinity on the Scale!!

- If God is One by the Old and New Testament teachings, then when did He turn into being three in one or one in three? Was it after Jesus' birth? We know that God never changed, as it was written in the Bible in Malachi 3:6 "**I, the Lord, do not change.**" And never, did the Almighty God tell Noah, Abraham or Moses (PBUT), that he had a son called Jesus.
- If Jesus (PBUH) is God, then how can I believe that God was in a woman's womb then delivered out of her flesh, between the dirty blood, eating, drinking, urinating, and defecating? And you believe that his life finally ended by tragedy and was crucified and he died. Jesus (PBUH) never claimed that he is God. Don't believe that any god had a God.
- God has never changed that He is One and he never turned into three. The reality is that He had been changed in the Nicene Christians' minds in the fourth century by sword and fire to be three in one. Read the history well and you will find the fact.
- The word trinity is not found in the Bible. The trinity's heresy was formed and raised up after Jesus (PBUH) had been raised to God more than three hundred years by the Nicene Christians. About a century later, in 325, the First Council of Nicaea established the doctrine of the Trinity as orthodoxy and adopted the Nicene Creed that described Christ as "God of God, Light of Light, very of very God, begotten, not made, being of one substance..." Never Jesus (PBUH) described himself by these words.
- The trinity stands clearly against the oneness of God and against the first commandment. Also, for those who studied the history and have not been deceived by priests or followed superstitions of their community, they will reach the conclusion that in the fourth century, the trinity by sword and fire were imposed as the central dogma of Christian theology after long confrontations between many Christian denominations. They killed and burned hundreds of Christian monotheists (the real believers who followed Jesus teachings). The final result of the battle after long wars with the Aryans was the trinity, which has been imposed as the central dogma of Christian theology.
- The historian knew very well that the trinity was fixed upon the emergence of the new Christianity in the fourth century, more than 300 years after Jesus (PBUH) was raised to God in the Nicene Creed. This false theory is not related to the Holy Book or Jesus'(PBUH) teachings; it is merely a heresy that has been built up in the human mind and comprised of lot of confusing mistakes and has left many question marks.
- The conclusion of trinity is that: One God created the Universe and everything, the other was delivered out of his mother's womb, he is mixed human and god, and the third god is pure spirit.
- A lot of critical questions which the Trinitarians answered in very complicated, philosophical ways are not acceptable for any wise man and the best way to accept these complicated interpretations is to ignore the brain and pass these superstitions by saying: We have to believe this by faith? And, the reality is, it's a blind faith.

- Happiness will never come to a heart that is filled by confusions and contradictions or by believing in every single myth they inherited by their community and by churches neglecting logic and the mind.
- The pure monotheistic religion which Jesus (PBUH) came with turned and mixed with Greek and Roman pantheon and paganism after Jesus (PBUH) was raised to God by many who Jesus (PBUH) described as "false prophets" as written in Matthew 24:11 **"and many false prophets will appear and will deceive many people."**
- Muslims believe what the Almighty God told them in the Holy Quran: 4:171-172: **"People of the Book, (Christians) do not transgress the bounds of your religion. Speak nothing but truth about God. The Messiah, Jesus, son of Mary was not more than God's apostle and His word which He cast to Mary: a spirit from Him. So believe in God and His apostles and do not say 'Three' forebear and it shall be better for you. God is but one God. God forbid that He should have a son! His is all that the heavens and earth contain. God is the all-sufficient protector. The Messiah does not disdain to be a servant of God, nor the angels who are nearest to Him. Those who, through arrogance, disdain His service shall be brought before him."**
- Quran 5:72 **"They do blaspheme who say: "God is Christ the son of Mary." But said Christ: "O children of Israel! worship God, my Lord and your Lord." Whoever joins other gods with God, God will forbid him the garden, and the Fire will be his abode. There will for the wrongdoers be no one to help.**
- Quran 5:73 **"They do blaspheme who say: God is one of three in a Trinity: for there is no god except One God. If they desist not from their word (of blasphemy), verily a grievous penalty will befall the blasphemers among them".**

Who is Jesus?

- Christ Jesus (PBUH), the son of Mary (PBUH) was no more than a Messenger of Allah, and His word, which He bestowed on Mary, and a spirit created by Him. But not God or the son of God or any part of God.
- Jesus is God's servant, messenger, apostle, and prophet, but not God. As your priests have taught you that the prophesies for Jesus coming in the Old Testament when God told the prophet Moses (PBUH) Deuteronomy 18:15 **"I will rise up for them a prophet like you from among their brothers; I put my words in his mouth, and he will tell them everything I command him..."** If this verse is not referring to Jesus (PBUH), it must, therefore, refer to the prophet Muhammad (PBUH) as Ahmed Deedat wrote in his book The Choice: Islam and Christianity. But if you believe it refers to Jesus (PBUH), then you have to believe what God told Moses (PBUH) that the coming one whom God will send and will put words in his mouth will be a prophet like Moses (PBUT) but not a new God or a new son of God, but surely a man like him.
- Jesus (PBUH) described himself as it's written in the Bible as a teacher, son of man but not God: Matthew 23:10 **"Nor are you to be called 'teacher,' for you have one teacher, the Christ."**
- It is written in the Bible John 3:2: **"He came to Jesus at night and said, 'Rabbi, we know you are a teacher who has come from God.'"** The question is why they didn't say you are God who has come from God, but they said you are a teacher? Or why did Jesus not oppose these words or correct these words if he believes that he is a God but not a teacher?
- It's written in the Bible that Jesus (PBUH) said about himself **"I tell you the truth; no servant is greater than his master, nor is a messenger greater than the one who sent him"** (John 13:16). Therefore, how can Jesus be the God of Gods as the Nicene Creed describes him?
- It's written in Matthew 8:20: **"Jesus replied, 'Foxes have holes and birds of the air have nests, but the Son of Man has no place to lay his head.'** How can God not find a place? What is mentioned in this verse could not describe God, but instead describes a human, or Son of Man, or God's messengers who are always followed and pursued by their enemies. As Jesus (PBUH) said in Matthew 5:12 **"...for in the same way they persecuted the prophets who were before you"** and also in the Quran 6:34 **"Verily (many) Messengers were denied before you (O Muhammad), but with patience they bore the denial, and they were hurt..."**
- God is not eating or sleeping but Jesus (PBUH) was a mere human eating as any human eats. As God told us in the Holy Quran 5:75, **"Christ, the son of Mary, was no more than an apostle. Many were the apostles that passed away before him. His mother was a woman of truth. They had both to eat their (daily) food. See how God doth make His signs clear to them; yet see in what ways they are deluded away from the truth!"** Also, it's written in the Bible when Jesus (PBUH) described himself by these words in Matthew 11:19, **"The Son of Man came eating and drinking."** The messengers who God sent are human, as it's written in the Holy Quran 25:20, **"And We never sent before you (O Muhammad) any of the Messengers but verily; they ate food and walked in the**

markets.”

- If Jesus (PBUH) is God and God is Jesus, then why can God do everything and Jesus without God’s permission can do nothing?? Jesus (PBUH) said in John 5:30: **“By myself I can do nothing?”**
- How can Jesus (PBUH) be a God with no knowledge of the timing of the Day of Judgment? How can God be three in one and all these three are one but one of them knows everything and the knowledge of the other two is limited? Mark 13:32: **“No one knows about that day or hour, not even the angels in heaven, nor the Son, but only the Father.**
- How can God be stoned and crucified? And then cry to god saying, **“My God, my God, why have you forsaken me?”** (Matthew 27:46) I personally can't believe that Jesus (PBUH) said to God **“how can you forget me?”** because he knows that God will never forget him. Also, if he is God, how can God have a god???
- If your priest claims that God sacrificed his son to forgive humans’ sins, then I say, if He is a Just and Fair God, then what was the son’s guilt that he be crucified? But if you read the Holy Quran you will find the true story – that the Just and Fair God saved Jesus and raised him up before anyone could touch him. And because He is the First and the Last, He is the Most Gracious, the Most Merciful and Oft-Forgiving and can forgive all the sins of the world without the story of the crucifixion of Jesus (PBUH).

God and Prophets

- The Exalted Allah said in the Holy Quran 16:36, **"and verily, We have sent among every community a messenger saying 'Serve God and keep away from false gods.'" Also, Jesus (PBUH) said in Matthew 4:10 "worship the Lord your God and serve him only."**
- Adam, Noah, Abraham, Isaac, Ishmael, Jacob, Moses, David, Solomon, Jesus, Muhammad (PBUH) are God's servants, messengers, and prophets. God sent them to guide humans to the right path and to take them from darkness to light. As Jesus (PBUH) said in John 13:16, **"I tell you the truth, no servant is greater than his master, nor is a messenger greater than the one who sent him."**
- God never sent an angel to be a prophet for humans, nor spirit, but he chooses the best among the humans to be His messengers, and prophets and put His words in their mouths. The main link between Him and His messengers is a Holy Spirit, who always inspires God's messages to His apostles and prophets. All prophets only say and judge upon what they hear from God through the Holy Spirit. As Jesus (PBUH) said in John 5:30, **"By myself I can do nothing, I judge only as I hear and my judgment is just, for I seek not to please myself, but he who sent me."** These true words mean that he is surely not the decision maker, but a servant of God; not God or a part of God.
- The prophets sent by God never claimed that they are gods or a part of God. As Allah said, in the Holy Quran 3:79-80, **"It is not possible for any human being whom God has given the Scriptures and endowed with judgment and Prophet hood to say to people: 'Worship me instead of God', but rather: 'Be devoted servants of God, for you have taught and studied the Scriptures.' Nor would he enjoin you to serve the angels and the prophets as your gods; for he would enjoin you to be disbelievers after you have submitted to God."**
- Prophets can never be God and there is no need for God to be man. However, man is God's servant and slave. In addition, God is the One and only one. No one shares with Him in his sovereignty.
- God sent the prophets for one mission: to guide humans to the right and true path. The fact is that God's apostles, prophets, and messengers are mere men or sons of men, not gods or a part of God or sons of God. As the exalted Allah said in the Holy Quran 16:43, **"The Messengers we sent before you were but men who we inspired with revelation and Scriptures."** Don't believe what you have inherited from your community and forefathers that God is three in one and one in three. As God created this vast universe with fixed laws, he also sent His messenger with fixed laws. Jesus (PBUH) never came to break these laws, as he said in Matthew 5:17: **"Do not think that I have come to destroy the law or the Prophets; I have not come to destroy them but to fulfill them."**

Some Facts

- There is only one True God
- There are no other gods
- He is the eternal God
- None is equal to Him
- He is an unseen God
- He sees what is done in secret
- He is all-knowing but His messengers are not
- He is on his heavenly throne
- He begot none, nor was he begotten
- A son of man can never be God because he is a man. God is not a man, as is written in the Bible: 1 Samuel 15:29, **"He who is the Glory of Israel does not lie or change his mind; for he is not a man, that he should change his mind."**
- God never can be delivered from a woman's womb
- Prophets and Messengers of God were delivered from their own mothers' wombs but never God because they were mere humans. The exception was for the prophet Adam (PBUH) who was the founding father of all humans and the prophet Jesus (PBUH) when God created him without a father.

Muhammad (PBUH) in the Bible¹⁰

Muhammad is the natural successor to Christ (PBUT). If the Bible is God's word and God told us everything in this book starting from how He created this universe to when it will perish and be destroyed, then ask yourself why God did not tell us about a new prophet who will come from God after Jesus and that his nation will be a great nation over a billion people? Does the Bible or even Jesus (PBUH) prophesize about Muhammad (PBUH) coming? The answer is yes...where?

In his last meeting with his disciples before his ascension, Jesus (PBUH) told of one who would come after him, a "Paraclete"¹¹ "Counselor", "Comforter", or "Spirit of Truth" who would stay with them forever. He was very careful to give a clear description to his disciples and followers and order them to follow him and listen to his words. Jesus (PBUH) gave a description of the Paraclete in the following Bible verses:

- John 14:16: "And I will ask the Father, and he will give you another Counselor to be with you forever, The Spirit of Truth. The world cannot accept him."
- John 15:26: "When the Counselor comes, whom I will send to you from the Father, the Spirit of Truth who goes out from the Father, he will testify about me."
- John 16:7-15: "But I tell you the truth; it is for your good that I am going away. Unless I go away, the Counselor will not come to you; but if I go, I will send him to you. When he comes, he will convict the world of guilt in regard to sin and righteousness and judgment; in regard to sin, because men do not believe in me; in regard to righteousness because I am going to the Father, where you can see me no longer; and in regard to judgment because the prince of this world now stands condemned...when he, the Spirit of Truth, comes, he will guide you into all truth. He will not speak on his own; he will speak only what he hears, and he will tell you what is yet to come. He will bring glory to you by taking from what is mine and making it known to you."

Many or most Biblical scholars consider the Paraclete prophesied by Jesus (PBUH) to be the Holy Spirit, even though if one looks a little deeper into the description of him given by Jesus (PBUH) it is obvious that the prophesied Paraclete in these verses is not the Holy Spirit and that these characteristics could not apply to him by any stretch of the imagination.

First: Jesus said that he would send "another" Counselor. Thus, if this Counselor were the Holy Spirit, Jesus' mention of "another" would imply the existence of two Holy Spirits which nullifies the whole argument.

Second: Jesus said that he would "live among you." This is a description of a person living among us and not the Holy Spirit who we believe to be the master of the angels. They believe him to be the third person of the Holy Trinity, but this description applies neither to an angel nor to a god.

Third: Jesus said, "He will tell you much and will tell you much about what will happen." This also does not apply to the Holy Spirit because he did not come and did not tell anyone anything and did not prophesy to anyone about anything that will come about.

Fourth: Jesus said, "He will not speak on his own; he will speak only what he hears." This also is a description of a human being who gives orders and guidance as God the Most High inspired him. It is not a description of the Holy Spirit who they believe to be a god on the same level as the rest of the Trinity.

Fifth: Jesus said, "He will glorify me." Nothing like this has happened and there have not been any words attributed to the Holy Spirit in which he glorifies Jesus.

Sixth: Jesus said, "He will testify about me." This also has not occurred, because we have not heard the Holy Spirit or seen him. No words have been attributed to him in which he testifies about Jesus (PBUH).

Seventh: Jesus said, "Unless I go away, the Counselor will not come to you." This completely nullifies the argument that the Counselor is the Holy Spirit because the Holy Spirit existed before Jesus (PBUH) and during his time on Earth as well. So how can it be true that the Counselor would not come until after Jesus had gone?!

Eighth: Priests and pastors in each Christian denomination claim they are inspired by the Holy Spirit. The question then is why would the Holy Spirit give different inspirations to priests in Baptist, Episcopalian, Anglican, Methodist, Presbyterian, Greek Orthodox, Amish, and Mennonite churches? If the source of inspiration is the same, why would that source differentiate between the different denominations? The answer is clear: none of the priests are inspired by the Holy Spirit.

Considering these descriptions, it is absolutely clear that Jesus (PBUH) was indicating a person – not the Holy Spirit but a human being who would receive divine inspiration and declare it, one who would live among the people and would come after Jesus (PBUH) and glorify him and testify about him, one who would tell the whole truth and speak about everything that will come, one who will rebuke the world and whose law and religion will remain forever.

If this is the case – and indeed it is – who then is this person who came after Jesus and to whom this description applies?

According to us Muslims and anyone who desires to refine his mind and arguments and be fair and unbiased, one must admit that he is the Prophet Muhammad (PBUH).

He who desires to settle this matter need only look through the Qur'an and read it to confirm who is described here.

What settles the matter is that the word "Paraclete" found in some copies of the Bible is a shortened form of the Latin word Periklytos, not Paracletus, a fact which some Biblical scholars have attempted to hide. Periklytos means "famed" or "illustrious" or "praiseworthy" and in Arabic, this word means Muhammad (PBUH). As they added many verses in the Bible, they added the Holy Spirit.

The fact is that Muhammad (PBUH) is a descendent of Kedar, son of Ishmael, son of Abraham (PBUT). In the book of Genesis 16:10, the angel said to the mother of Ishmael, Hagar, "I will so increase your descendants that they will be too numerous to account." God has fulfilled His promise with the foundation of the Muslim Nation and today they are indeed too numerous to count.

The First Real Step for Real Happiness

- To embrace Islam is to believe that there is no God but Allah and Muhammad is his messenger. It is also to believe in all previous God's messengers (Adam, Abraham, Isaac, Ishmael, Jacob, Moses, David, Solomon, Jesus, and others, peace be upon them).
- In the Hadeeth, it's reported that the Messenger of Allah (PBUH) said: "The structure of Islam is built on five pillars: Testification that there is no God except Allah (none has the right to be worshipped but Allah), that Muhammad (PBUH) is His slave and messenger, the establishment of prayer, the payment of charity, the pilgrimage to House (Mecca), and fasting during the month of Ramadan."
- The first fundamental principal of Islam is to say and believe: "La ilaha illa Allah, Muhammad-ur-Rasul-Allah" (None has the right to be worshipped but Allah, and Muhammad (PBUH) is the messenger of Allah).
- Whoever has confessed this (with his Lord) and must believe in the six articles of faith, i.e. to believe in:
 - Allah
 - His angels
 - His Messengers
 - His revealed books (such as the Torah, Gospel, Quran)
 - The Day of Resurrection
 - Al-Qadar (Divine Preordainments; i.e. whatever Allah has ordained must come to pass)
- In the Hadeeth it's reported that the Messenger of Allah (PBUH) said, "He who bears witness that there is no God except Allah, alone having no partner with Him, that Muhammad is His slave and His messenger, that Jesus (PBUH) is his slave and Messenger and Jesus (PBUH) is His word which He communicated to Mary (PBUH) and His spirit which He sent to her (Mary, PBUH), that Paradise is true and Hell is true; Allah will make him enter Paradise accepting whatever deeds he accomplished."

Praying for Searching a World of Happiness

- Do you still hesitate about who the real true God is and what His real religion is? Then ask God and call Him only, day and night to guide you to His right path. You can pray these prayers, or any prayer to guide you and light your life, each night and day or any time you feel depression or sadness. Read it while your soul, heart, and mind are thinking about each word and try to imagine that you are calling the Most Great God who created the entire Universe and He who can answer your call and show all your humbleness to God while you are praying. May God help you and bless you, then answer your call;
 - o All praises and thanks be to God, Who Alone created the heavens and earth and originated the darkness and the light
 - o The heavens declare the glory of God, the skies proclaim the work of His hands
 - o To You, O Lord, I lift up my soul; in You I trust, O my God
 - o Show me Your ways, O Lord, teach me Your paths; guide me in Your truth and teach me, for You are God my savior, and my hope is in You all day and night
 - o Vindicate me, O Lord, for I have led a blameless life; I have trusted in the Lord without wavering
 - o Turn to me and be gracious to me, for I am lonely and afflicted
 - o The troubles of my heart have multiplied; free me from anguish
 - o Guard my life and rescue me; let me not be put to shame, for I take refuge in You. No one will be condemned who takes refuge in You.
