On Tuesday 04-29-14 at approx. 0945 hrs. Ofc. Deleon #1874, Ofc. Seto #4068 and I were on duty as San Francisco Police Officers working in plain clothes, assigned to the Airport Bureau's Ground Transportation Unit. At this time, we were on foot, standing on the curb of upper level Terminal 2 by Door 1. We saw a white VW Golf with no plates drive up to the curb and stop in front of us. We saw that the driver had a lone passenger in the right rear passenger seat. The driver exited the vehicle and unloaded the passenger's bag and handed it to him. In our experience this appeared to be a vehicle for hire.

I approached the driver and identified myself as a San Francisco Police Officer using my department issued star. I asked the driver which company he was dropping off passengers for and he told me, "Uberx." I told him that he was required to have SFO permits to operate at the airport. He told me that he did not know. I asked him for his waybill, which he showed me on his Uberx phone. I also asked for his license, registration and proof of insurance. He handed me his valid Ca license that identified him as [redacted]. He showed me a valid insurance card from Esurance on his personal cell phone. He told me that he did not have his registration card. I told him that it

Officer's Narrative (continued)

was also required that he display "trade dress" on his vehicle. In this case, the "U" sign on his front windshield. He said, "I never put it on. I don't use it."

A registration check on the vehicle through Headquarters showed that the vehicle was issued plates in 2013. I asked [REDACTED] where his issued plates were and he stated, "They're at home. I never put them on." I issued [REDACTED] a written admonishment for SFIA 4.7(A)(2) Operating without an SFO permit and Not displaying trade dress. I also issued him a citation for CVC 5200(a) Not displaying both plates and CVC 4454(a) No registration card. Citation #94-210276. [REDACTED] signed the citation as a promise to appear, not an admission of guilt and was given his copy along with a copy the SFO letter sent to all TNC's requiring an SFO permit to operate.

Incident / Investigation Report

San Francisco Police - Airport Bureau

Case# 14-11961

Officer's Narrative (continued)

██████████ She told me that she didn't have her insurance card. She gave me the temporary registration on the windshield and told me that the car belonged to her cousin, ██████████ and that he was letting her use the car to make extra money.

A registration check on the vehicle through Headquarters showed that the vehicle was registered to ██████████. I issued ██████████ a written admonishment for SFIA 4.7(A)(2) Operating without an SFO permit and gave her a copy of SFO letter sent to all TNC's requiring an SFO permit to operate. I also issued her an Owner's Responsibility citation for CVC 16028(a) No Proof of insurance. Citation #94-210277. I told her to give it to the registered owner of the vehicle.

On Monday April 28, 2014 at approx. 1640 hrs. Ofc. Deleon #1874 and I were on duty as San Francisco Police Officers working in plain clothes, assigned to the Airport Bureau's Ground Transportation Unit. At this time, we were patrolling the upper level domestic roadways, when we saw a gray Ford Escape with Ca plates 5ZXN711 drive past us. We saw that the driver had a lone female passenger in the right rear passenger seat of the vehicle. Believing this to be a vehicle for hire, we followed the vehicle to where it stopped at upper level Terminal 3 at Door 9.

The driver exited the vehicle and unloaded the passenger's bag and then handed it to her. She then entered the terminal. I approached the driver on foot as he was about to enter his vehicle and identified myself as a San Francisco Police Officer using my department issued star. I asked the driver which company he was dropping off for and he stated Uberx. I asked to see his waybill and he seemed reluctant to show me. He told me, "I haven't done anything wrong. I never come here. I only work in Oakland." I told him that Uberx was not allowed to operate at SFO without permits, a waybill and trade dress. He then got into his vehicle to pull out an Uber windshield display (Uber's trade dress). He had placed the Uber display on the front passenger floor. I asked him why he didn't place

Incident / Investigation Report

San Francisco Police - Airport Bureau

Case# 14-11867

Officer's Narrative (continued)

it on his windshield. He then told me, "Actually I am not Uberx. She is a customer who paid me cash from Oakland." I asked him why did he had an Uber phone mounted on his dash. He stated that he uses that too, but not for this ride. I asked to see his Uber phone. He pulled up his account and it showed a transaction had just been completed for approx. \$31 (based on the time shown of the Uber phone). I asked to see the waybill portion that showed his vehicle information on the application and it matched the vehicle in use. He then opened the user account and it showed a picture of another individual named [REDACTED]. I told him that the person on the picture was not him. He stated, "It's my brother. I use his Uber. But today she only paid me cash, because I am also a taxi." I asked the driver for his license, registration and insurance information. He handed me his valid Ca license that identified him as [REDACTED]. He continued to look for his registration and insurance.

At this point, I asked Ofc. Deleon to stay with the driver while I attempted to make contact with the passenger. I saw her entering the Security Checkpoint F2. I made contact with her on the sterile side of security and identified myself as a San Francisco Police Officer using my department issued star. I asked her who the driver was that dropped her off today. She stated that she didn't want to answer my question. I told her that I suspected he was operating an illegal limo or taxi. She asked, "What? Are you trying to stop Uber drivers from working at the airport?" I told her I just needed to know how she made arrangements with the driver to give her a ride today. She wanted to know if she answered my questions, would the driver get in trouble? I stated that based on the information I have he will receive a citation either way. She was still reluctant to cooperate not wanting the driver to get in trouble. She said, "You want me to get the guy who just gave me the best ride ever to be in trouble? He came right away as soon as I called him. Within minutes." I asked her, "So how did you call him?" She did not answer. I told her that I suspected she used the Uber application but that the driver she called was not the driver who showed up. She was suprised. Still having the driver's Uber phone in my hand, I showed her a picture of the driver she requested and told her that that was not the driver outside that dropped her off. She then admitted to using the Uber app on her phone and told me that she was picked up on 24th St. in SF. She even showed me that she paid \$31 for the ride. She then apoligised for being difficult and gave me her information for the report. Her business card identified her as [REDACTED]. She then left to catch her flight.

I returned to the location of the stop and Ofc. Deleon told me that he had requested Headquarters to do a registration check on the vehicle and it came back with over 50 unpaid parking violations. Ofc. Deleon informed the driver that he was towing the vehicle per 22651(i) CVC, more than 5 unpaid parking citations. I asked the driver for his insurance and registration card. He gave me his registration for the vehicle registered to him but his insurance was expired.

I issued [REDACTED] a written admonishment for SFIA 4.7(A)(2) Operating without an SFO permit and No trade dress. I also cited [REDACTED] for CVC 16028(a) No proof of insurance. (citation #94-225927) He signed the citation as a promise to appear, not an admission of guilt and was given his copy. I also gave him a copy the letter sent to all TNC's that require them to have an SFO permit. Ofc. Deleon completed the tow form and San Bruno Auto Center towed the vehicle for storage at Lot D.

On 05/04/2014 at approx. 0955 Hrs., Ofc. Prasad #4054 and I were on duty working plain clothes for the San Francisco Police Departments' Ground Transportation Unit. We were in an unmarked police car at upper terminal 3.

We saw a blue Honda CRV pull to the curb in front of the United Airlines doors. A white male and female exited the back seat of the vehicle. They were assisted with their door and luggage by the driver. They exchanged a curt farewell. There were no other passengers in the vehicle. Based on my experience, it appeared to be a vehicle for hire. I approached the driver and identified myself as a San Francisco Police Officer using my department issued star. The driver stated that he was driving for UberX (transportation service) and that the passengers were picked up from San Francisco. The driver identified himself as [REDACTED] using his expired California ID card# [REDACTED]. Per dispatch, his CDL expired in 12/2007. [REDACTED] stated that he did not renew his CDL, because of his immigration status.

I advised [REDACTED] that per the SFIA and the Public Utility Commission, an airport permit was

Incident / Investigation Report

San Francisco Police - Airport Bureau

Case# 14-12459

Officer's Narrative (continued)

required of all TNCs to conduct any operations at the airport. I also advised him that further violations could lead to other actions, including citations or administrative fines. He was also advised that due to the length of time since he had a valid drivers license, he would be issued a misdemeanor citation for 12500(a) CVC- No California driver license.

I issued cite# 94-225930 to [REDACTED] for the above violation. He signed it as a promise to appear and not an admission of guilt. Right thumb print was taken and put on back of cite. He was given a copy of the notifications given to the Major TNC companies by the SFIA in regards to the required permit. He was also given a written admonishment for not having an airport permit. See attached admonishment and cite.

The vehicle had no Uber trade dress.

[REDACTED] was unable to pull up the waybill.

The picture on the Uber profile did not match the driver. [REDACTED] stated that his brother was on the Uber account.

[REDACTED] called for another driver to pick up the vehicle. [REDACTED] arrived, but his CDL# [REDACTED] came back as suspended as of 4/28/14- service needed.

[REDACTED] was given a 310 form and his CDL was confiscated. See attached.

Another driver responded. [REDACTED] with CDL# [REDACTED] came back as valid through dispatch. She signed a hold harmless form and the vehicle was released to her.
