

# Do you want to die by carelessness?

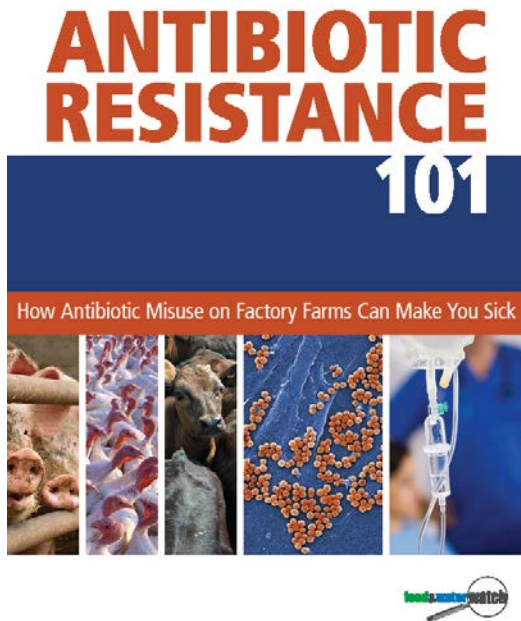

***Professor Anne Glover CBE  
Chief Scientific Adviser  
to the President of the European Commission***

# High-level awareness

# Awareness is rising

# Multi-faceted policy actions started

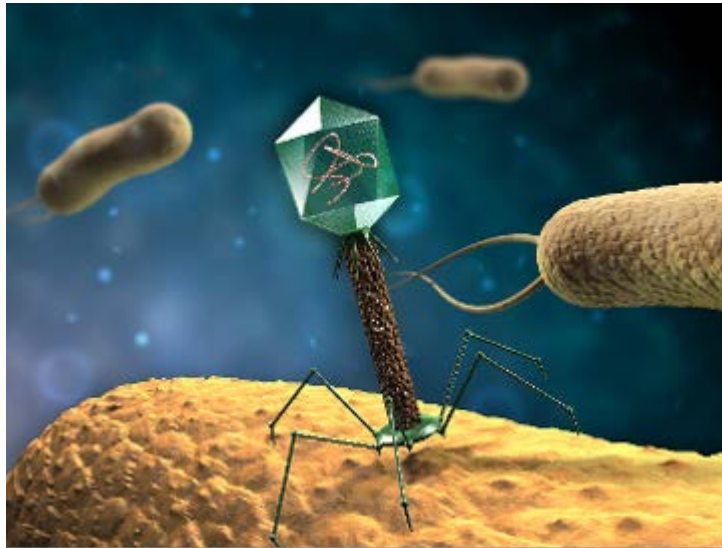

- Better use of antibiotics (humans, animals)
- Better prevention and education
- New antibiotics or alternatives
- More R&D (e.g. Innovative Medicines Initiative)
- Better international cooperation

Is the real problem... ?

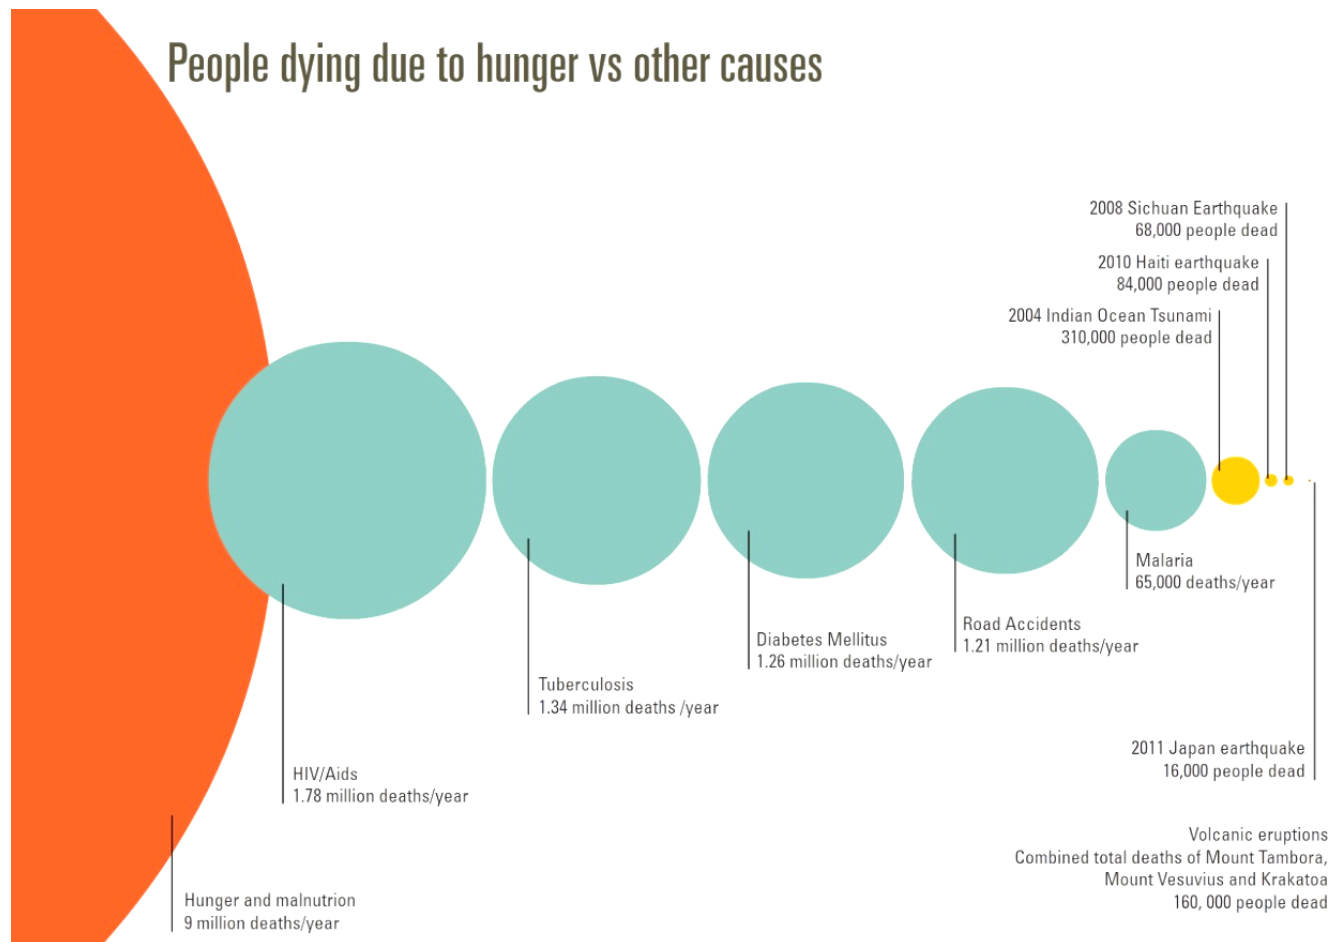

# New avenues of investigation

## *Busting bugs with other bugs*

# Getting the priorities right

# Back to square one?

*Let's go beyond statements!*

Thank you for your attention!
