My concern is that we should really be searching the other 15 or 16 boxes to see if they forwarded it, just so we can say we did. I am VERY worried about the scrutiny that this investigation will be subjected to, and I am worried that if we try to use the "limitation of resource" issue, we will not pass muster. So, I think we need to get IT to check all the boxes of people that we know were sent the e-mail to see who forwarded it. Your thoughts?

Hi Kim, Well the shit has hit the fan. The e-mail caper for the time being has Cst. CARTER and RADMANOVICH facing misconduct of insubordination and discreditable conduct. PELECH and FENRICH have erased (deleted) the message from their accounts. I do not have the required info regarding the pornography file, I will meet with I.T. to-day and see how big that one is.

Can you call me about this investigation? We need to rethink who we are going to subject to a Notice of Service Investigation on the Socko matter.

Thanks Terry

I am not at all worried if they have deleted them and the trail is dead -- that is OK. I just want to make sure that we followed the trail to the end. Make sense?

Hi Kim, I will attempt to exhaust the list, however as I understand the system (and that is limited) if it has been deleted the trail is dead. I will do my best.

We talked about that at morning conference call. We expect that it will get out. Media Relations is prepared for that. FYI -- The Chief and Bradshaw are guests at the 35th year anniversary of the Native Counselling Services of Alberta banquet tonight!!

Yes it does. My anxiety level is near capacity right now. I am scared to death that Mr. ENGEL is going to get a copy of the "SOCKO" e-mail. The media circus will be unreal.

Kim FYI Steve CAMP telephoned me, he sits on several boards all dealing with hate/bias crime. There are several members of the native community making inquiries of him. I have advised Steve that contrary to the media reports there are 3 paragraphs dealing with aboriginals, not 10. He is of the opinion he can do some damage control, if /when they confront him on this issue. I have further advised although it is embarrassing I don't believe this is a genuine hate crime.

Terry, those 3 files have been restored to the same location as the other 4. That is on your Y:\email folder. As to your vm from Tuesday, there is no problem on the server. I suggest you try again and if you still have problems, please call the help desk at 3490 for assistance. I will be offsite until later this morning. If you would rather wait for my return, please leave me a vm or email to that effect. Good luck.
