RE: **AMENDED** REQUEST FOR DIRECTION of 14 January 2013 (and 18 September 2012) pursuant to the Court Administration Protocol and Article 12 of the INDIAN RESIDENTIAL SCHOOLS SETTLEMENT AGREEMENT (“Settlement Agreement”).

Dear Justice Perell:

**I. THE MATTER IN ISSUE**

We are making this **AMENDED** REQUEST FOR DIRECTION to this Honourable Court to ask that the Fort William Indian Hospital (Sanatorium) School (“Ft. William IHS”) be declared an Indian Residential School to be added to Schedule “F” of the Settlement Agreement.

**II. RELIEF IS OPPOSED**

Canada opposes the relief sought. Canada’s position is that Fort William Indian Hospital (Sanatorium) School was a “*day school*”.

**III. OUR POSITION**

**a. A Brief Introduction**

1. From 1936-1973, Canada implemented a policy to destroy many government records including documents related to Indians, Indian Residential Schools, and Indian Hospital Schools. As a result, to obtain a complete history of the Ft. William IHS and the associated Indian Residential Schools is not possible. The inclusion of Article 12 in the Settlement Agreement is an indication that Canada does not have a complete and comprehensive record of the Indian Residential Schools system that it administered and was responsible for.

2. Indian Hospital Schools cannot be divorced from Indian Residential Schools. Indian Hospital Schools operated within an integrated, complex and decentralized national network in tandem with the Indian Residential Schools’ system. This system was controlled and funded by Canada and included federal, provincial and private sanatorium institutions that treated tuberculosis patients.

3. The Fort William Sanatorium was opened on 27 May 1935 by the Fort William Sanatorium Association in the city of Fort William (now Thunder Bay), Ontario. Indian children were admitted as patients as early as 1940. The Ft. William IHS opened circa 1942 and in 1946 the Fort William Sanatorium School Board was established.

4. In 1949, Canada opened an addition to the Sanatorium with space for 65 beds to be used as an Indian Hospital for the “*exclusive use of Indian patients*”. The Indian Hospital School closed in 1971 and the Sanatorium’s role as a treatment centre for tuberculosis ended in 1974.

#### **b. Regarding Canada’s Position**

1. Order in Council No. 13821 issued 23 February 1950 established the Fort William Indian Hospital Day School and that, “*No building will be required for this school as the children will be instructed within the hospital*”.

2. This Executive order is inconsistent with the provisions of the Indian Act in force at the time. Parliament only authorized the establishment of Indian “*day schools*” on an Indian reserve. Indian “*industrial or boarding schools*” were the only types of schools that could be established “*in any district or territory*”.

3. Canada erred in law and could only have issued an Order in Council authorizing the establishment of an Indian ‘*boarding school*’ at the Fort William Indian Hospital (Sanatorium). According to Section 9:2 of the Indian Act,

*Any school or institution the managing authorities of which have entered into a written agreement with the Superintendent General to admit Indian children and provide them with board, lodging and instruction may be declared by the Governor in Council to be an industrial school or a boarding school for the purposes of this Act.*

4. In 1951, Parliament amended the Indian Act and new provisions permitted the establishment of additional categories of Indian Schools, such as Indian Hospital Schools.

#### **c. The Child Was Placed In A Residence away from the family home by or under the authority of Canada for the purposes of education**

1. Annual Reports of the Indian Affairs Branch promoted the following policy, “*There is no feature of Indian work more important or deserving of more earnest attention at the hands of the department than education.*” Parliament spent ten times more per capita on Indian education than on health care.

2. In 1948, Indian Affairs Superintendent Neil Walker stated, “*If I were appointed by the Dominion Government for the express purpose of spreading tuberculosis, there is nothing finer in existence than the average Indian residential school.*”

3. The impact of Dr. Bryce's 1907 Report and his 1922 pamphlet on tuberculosis forced Canada in the 1930s to consider a new type of Indian residential institution that would not disturb the present system of operating Indian Residential Schools, an institution that would be "*midway between a residential school and a hospital*". In 1950, the Indian Affairs Branch declared that "*One of the Department's recent innovations is the Hospital School.*"

4. According to the Indian Act, Canada is responsible for providing a compulsory education regime and "*compulsory hospitalization and treatment for infectious diseases among Indians*".

5. Because of the shortages of beds at sanatoriums and Hospital Schools, Residential Schools received a subsidy of 15 cents per day per student for each student who had TB. Some Residential Schools had TB case rates as high as 80% becoming *de facto* sanatoriums. Residential Schools with high percentages of TB cases had to adhere to the same daily regime that Canada ordered at Indian Hospital Schools. Regardless of the TB crises, Residential Schools continued to admit new healthy students who later became infected with tuberculosis.

6. Residential School students were not discharged from their institutions when they transferred to a Hospital School. They remained on the Quarterly Returns retaining their Student Number. After release, the children returned or were admitted to Residential Schools to continue their education and convalescence. At least one Eligible CEP Claimant is known to have received the CEP benefit for the time that they were enrolled at the Indian Hospital School.

7. When a student's father was enfranchised, that student was enfranchised as well. The child's Annuity payments, education and health grants immediately expired and Canada abandoned these children even while they were still students and patients at an Indian Residential or Hospital School.

8. The Indian Act allowed Canada to use Annuity payments to help pay for the '*maintenance*' of Indian children while at an Indian Residential School. Indian children's Treaty money (along with their per capita grant) followed them to Hospital Schools and used to help pay for their education, health care, and burials in Indian Residential School and Indian Hospital School cemeteries.

**d. Canada was jointly responsible for the operation of the residence and care of the children resident there**

Canada's relationship with the Indian Hospital School included the following:

- Canada built an addition to the Sanatorium in 1949;
- Canada renewed its agreement with the Sanatorium School Board in 1953;
- Canada transported children to and from the Indian Hospital School;
- Canada made arrangements with Ontario for the inspection of the Indian Hospital School by Provincial School Inspectors;
- Canada required that Quarterly Accounts be regularly submitted;
- Canada established guidelines for visitors, rest periods for the students, rates of tuition, and controlled health care grants; and,
- Canada controlled teaching times, teachers' salaries and contracts.

**IV. RELIEF REQUESTED**

We respectfully request this Honourable Court determine the following:

- A. That the Fort William Indian Hospital (Sanatorium) School satisfies the requirements of Article 12 of the Indian Residential Schools Settlement Agreement and to issue an order that this Institution be added to Schedule "F" of the Agreement;
- B. An order that all documents pertaining to this Request For Direction be declared to be relevant documents as set out in Order in Council PC 2008-0793 that incorporates as part of Schedule "N", the Truth and Reconciliation Commission's Indian Residential Schools document collection mandate;
- C. The costs of this proceeding; and,
- D. Such further and other relief that this Honourable Court may permit.

Sincerely yours,

A rectangular area of the document is redacted with a solid grey fill, obscuring the signature of the sender.

Dear Dr. Scott:-

Enclosed please find a copy of a resolution passed at the recent meeting of our Executive in regard to an Isolation Hospital at Cecilia Jeffrey Indian Boarding School.

I am also enclosing a copy of a resolution in regard to a Nurses Home for the Moose Mountain Reserve.

I expect to be in Ottawa tomorrow and will drop in and discuss these matters with you.

Yours sincerely,

*J.H. Edmison*

Dear Dr. Edmison:

I have your letter of the 15th instant, enclosing copy of a resolution passed at a recent meeting of your Executive, concerning an isolation hospital at the Cecilia Jeffrey Indian Residential School. Please inform me if the resolution has to do with an isolation hospital for pupils of the school at the proposed new site.

Yours very truly,

Duncan C. Scott  
Deputy Superintendent General.

R

Duncan C. Scott, D.Litt., F.R.S.C.,  
Deputy-Superintendent General,  
Department of Indian Affairs,  
Ottawa, Canada.

Dear Dr. Scott:-

I have yours of April 17th in which you ask if the resolution we sent you on the 15th concerning an isolation hospital at the Cecilia Jeffrey Indian Residential School has to do with "an isolation hospital for pupils of the school at the proposed new site".

That is not the suggestion of our Women's Missionary Society. They feel that the Tubercular Hospital for the Indians should not be near the new school. Our representatives in Winnipeg contend that the Principal's residence at the present Cecilia Jeffrey School could be used effectively as a hospital. It is a commodious building with three or four rooms upstairs as well as down stairs. It has running water, toilet, etc. It would not be an expensive matter to fit it out as an isolation hospital.

Our District Superintendent for the Manitoba Conference is strongly of the opinion that something should be done for the tubercular Indians in that locality. We will not require the building when the new school is ready for occupation.

If you did not regard the Principal's residence as adequate for hospital purposes, after you have the new school erected, the present Boarding School could be used.

Those who brought the matter before us were of the opinion that at first, a resident nurse might be sufficient with a visit from a medical assistant from Winnipeg twice a week.

If you find that the Principal's residence is adequate for the purpose, the Women's Missionary Society feel that the Government should have the use of it as their contribution to this most needy cause.

In a recent report from Cecilia Jeffrey, it was stated that the greatest discouragement in the work at this point is due to the prevalence of tuberculosis on the surrounding Reserves and consequently at the School. Some families have been or are being entirely removed by its ravages. During the past year our school

lost seven pupils through this disease, while five others are now out of the school. We, of course, cannot retain pupils in the school and expose others to the infection. The Indians seem to object to their children being sent to Selkirk, as they say they never see them again, because of the distance, and because most of them go there to die.

Yours sincerely,

*J. H. Edmondson*

ONTARIO  
DEPARTMENT OF HEALTH  
OFFICE OF  
THE DEPUTY MINISTER

Parliament Buildings,  
Toronto,  
February 29th, 1940

*File  
1. Supplies  
2. Annual*

Dr. P. E. Moore,  
Assistant Superintendent of Medical Services,  
Department of Mines and Resources,  
Indian Affairs Branch,  
Parliament Buildings,  
OTTAWA, Ontario.

Dear Doctor Moore:

I have recently returned to Toronto from my trip to north western Ontario. The films from the Indian Schools were developed and reported in Toronto, and I find that Dr. Shorey has already forwarded to you the reports and recommendations for the Cecilia Jeffrey School of Kenora.

During my visits to the Cecilia Jeffrey School, I observed particularly and examined individually some thirty of the children whom you had requested to be placed on a special routine, and for whom fifteen cents a day extra was allowed by the Department.

I was shown a copy of your instructions which were carried out very satisfactorily. Miss Carruthers, the nurse in charge there, is to be specially commended for her excellent charts and records. It would be of some help to her if you could send some Temperature Chart Forms.

It is my opinion that the regime that these children were under was of definite value to them, and was sufficient to warrant it being continued.

You will note from the reports that special care is no longer considered necessary for a number of the children. I have reviewed the films and would suggest the following:

(1) The following to be placed on the special routine:

- #10 William Gardiner, age 15
- #16 Harry Kabistra, age 15
- #47 James Handorgan, age 13
- #53 Mary Cameron, age 14

*100  
#199.*

r. P. E. Moore, (Cont'd), Page 2,

[redacted] age 11  
[redacted] age 10  
[redacted] age 10  
[redacted], age 13

(2) Special routine continued, depending on clinical condition:

[redacted], age 15

s.19(1)

(3) The following to be placed on the special routine, probably in the future, depending on their clinical condition:

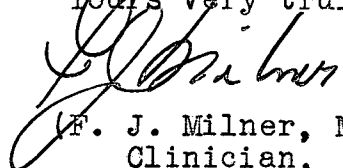

[redacted] age 10  
[redacted] age 5  
[redacted] age 7

The following is briefly a summary of the special routine that is carried out at the school.

- (1) Extra diet at meal time.
- (2) Excuse from athletic activities and manual labour and rest periods substituted.
- (3) Cod liver oil, drams 2 each morning.
- (4) Complete afternoon rest, 1.30 P.M. to 4.30 P.M.
- (5) Temperature records daily at 8, 4 and 8.
- (6) Monthly weight chart.
- (7) Those under observation took meals at a separate table, used separate dishes which are washed separately.
- (8) Girls sleep in separate dormitory and boys are screened off at one end of a dormitory.

I trust that this information is what you desired and will be of some value to you.

Yours very truly,

(F. J. Milner, M.D.)  
Clinician,

Division of Tuberculosis Prevention

May 28, 1940.

Dear Sir:

The Department has received your communication of May 17 regarding the tuberculous pupils at the Fort Frances Indian Residential School.

Although no arrangements have been made to pay this school anything extra for the maintenance of these pupils, the Department has decided, for the time being, to allow them the fifteen cents a day they ask for.

In the meantime, Doctor O'Donnell is being requested to submit some further information. Copy of the letter to Doctor O'Donnell will be forwarded to you.

Yours truly,

T. R. L. MacInnes,  
Secretary.

J. F. Lockhart, Esq.,  
Clerk in Charge,  
Fort Frances Indian Agency,  
FORT FRANCES, Ontario.

N.N.

Copy for.. 451-8-3.  
451-8-3.

s.19(1)

May 28, 1960.

EX'D.  
A.

Dear Doctor O'Donnell:

The Department has received a report from the Principal of the school at Fort Frances regarding the five tuberculous children who are being cared for there.

It would be greatly appreciated if you would check these children over and replace any of them who you think should be. It is noted that [redacted] is said to be not doing very well. Probably, if you take plates, you can send them to Doctor Jeffroy at Fort William for an opinion.

I would, also, like to have your opinion as to whether it would be safe to continue to keep these children in the school. We have allowed the school fifteen cents a day for extra care of these children. Our funds are very limited, and if all or some of these pupils could be cared for in the school, it would certainly help the situation.

Yours truly,

P. E. Moore, M.D., M.P.H.,  
Asst. Superintendent of Medical Services.

J. E. O'Donnell, Esq., M.D.,  
FORT FRANCES, Ontario.

Mr. R.P.G. Laurence, Indian Agent, Sault Ste. Marie,  
Ont.

I am in receipt of the attached account amounting to \$25.00 covering the cost of the burial of Fred Nahwahgezhie, No. 411, Shingwauk Residential School. This boy's name appeared on the September quarter return of the school and presumably he was in residence at the time of his death. If so, form No. 414 should have been completed and forwarded to the Department. As yet we have not received this.

It has not been the previous policy of the Department to pay funeral expenses when a pupil dies in a residential school. Under the circumstances the attached account is being returned unpaid.

R.A. Hoey,  
Supt. of Welfare & Training.

PRINCIPAL

December II. 1943

Mr. R. A. Hoey,  
Indian Affairs Branch,  
Department of Mines & Resources,  
Ottawa, Ont.

Dear Mr. Hoey:

One of our boys-Fred Nahwehgezhi, No. 411, has died in hospital after an illness of about two months. Everything that could be done for him was done under directions from Dr. Heath. Fred had no parents but I was able to get in touch with his brother in the army who was allowed special leave to attend the funeral.

sent 14-12-43

I cannot find any copies of the form of enquiry to be completed upon the death of a pupil, and should be much obliged if you could have some copies of this form sent on to me. I think it is number 414.

Mr. Laurence, Indian Agent, has just phoned saying that there is some difficulty about the payment of the undertaker's bill. Similar bills have been paid by the Department on two occasions during the time that I have been here. We of course dig the grave ourselves and look after the funeral. The undertaker removed the body from the hospital, provided the casket, prepared the body for burial, and returned it to the college chapel.

Yours very sincerely,

*Arthur E. Minchin*  
Principal.

Re:- [REDACTED]

The above Indian boy is still a patient at the Fort William Sanatorium, and as his father was enfranchised last month I would not consider that this Branch should be called upon to pay for his keep any longer.

The parents previously advised me that their boy was ready to come home but when they went to Fort William to get him Dr. Marlatt advised that he would like to keep him until Spring.

Re: Tuberculin test- children  
Cecilia Jeffrey I.R.School.  
-----

Doctor A.D.Ferguson, Agency Medical Officer, reported to the writer this morning, that he had made a survey at the Cecilia Jeffrey School, as requested in Doctor W.L.Falconer's letter 45108-19, dated Ottawa, June 22nd. 1946.

Approximately 100 children examined and tested have proved positive.

Doctor Ferguson has advised that the children can be X-Rayed at the St. Joseph Hospital, for which the fee, per person, will be \$2.50. Owing to the large number to be X-rayed and the heavy expenditure entailed, Doctor Ferguson now requests authority to have this work proceed, as early as possible.

The films would be sent to the Provincial Office at Fort William for interpretation.

NP

# APPLICATION FOR ADMISSION

To the  
Director of Indian Affairs,  
Ottawa, Canada

Jan 7 1949

Sir,—

I hereby make application for admission of the undermentioned child into the **Cecilia Jeffrey Indian** Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....

English name **Leslie Mandamin**.....

Age **4 yrs, 2 months, born Nov 6, 1944**.....

Name of Band **Whitefish 99**.....

No. of ticket under which child's annuity is paid.....

Father's full name and No. **Peterson Nash N. W. Angle 37**.....

Mother's full name and No. **Grace Mandamin Shoal Lake 39**.....

Parents living or dead **Both parents living**.....

State of child's health.....

Religion **Baptist**.....

Does applicant speak English? **No**.....

Previously attended..... school for..... years

.....  
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

\* **Walter H. Field**  
Signature of Missionary or other Witness

**Norman Peterson**  
Per **C.S.** Agent

\*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

# PHYSICAL EXAMINATION

Agency Kenara Band White Fists

Child's name Leslie Mandamin Age 4 yrs 2 mths Weight 46

Height 42 1/2 Is child undernourished? No Has child

any defect or deformity of body or limb? No Any defect of vision? No

of hearing? No Any cutaneous disease or eruption? No

Any signs of mental deficiency? No Any enlarged or broken down glands? No

If child has any of the above defects, describe them

Pulse rate 74 Temperature 98.2 If feverish, from what cause? n/a

MEMORANDUM TO THE DEPUTY MINISTER

FORT WILLIAM INDIAN HOSPITAL DAY SCHOOL

At the Fort William Hospital, in the Port Arthur Indian Agency, Ontario, there are approximately forty (40) Indian children receiving treatment. This is a community sanatorium at which Indian patients are accepted for treatment.

No building will be required for this school, as the children will be instructed within the hospital.

Attached is Memorandum to Council, requesting the establishment of this school.

Encl.

*W. J. ...*  
Director.

BFN/EM

AT THE GOVERNMENT HOUSE AT OTTAWA  
THURSDAY, the 23rd day of FEBRUARY, 1950.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

13821

*copied*

His Excellency the Governor General in Council, on the recommendation of the Minister of Citizenship and Immigration and pursuant to the provisions of section 9(a) of the Indian Act, Revised Statutes of Canada, 1927, chapter 98, is pleased to establish and doth hereby establish a day school in the Fort William Hospital, in the Port Arthur Indian Agency, Province of Ontario, to be known as the "Port William Indian Hospital Day School".

*A. G. Robertson*

Clerk of the Privy Council.

The Honourable  
the Minister of Citizenship and Immigration

cc Mr. J.G. Burk  
Mr. H.G. Mingsay  
files of Mrs. Satten  
Mrs. Foreman

April 30, 1953.

G. S. Jeffrey, Esq., M.D.,  
Medical Superintendent,  
Fort William Sanatorium,  
Fort William,  
Ontario.

Dear Dr. Jeffrey:

We have received a copy of your letter of April 1, 1953, addressed to Mr. J.G. Burk, Indian Superintendent at Fort Arthur, Ontario, in whose Agency the Fort William School is situated.

The Department is prepared to pay the Fort William Sanatorium \$50 per pupil per academic year effective September 1, 1953. We are prepared to accept the arrangement by which the teaching given by the teachers during the half-day period plus the home work left by the teachers to be completed in the afternoon, may be considered as a full day. This is accepted in view of the fact that the patients must follow a strict rest period from 1 P.M. to 3 P.M. and that visitors are permitted in the wards after that hour.

As requested, accounts may be submitted on a quarterly basis as is being done at Gravenhurst. As the Department wishes to maintain a record of all Indian pupils attending provincial and private schools, when submitting accounts every three months, would you please list the name, date of birth, religious denomination, grade and Indian Agency of each pupil.

We are notifying Mrs. Satten and Mrs. Foreman that effective July 1, 1953, the Indian Affairs Branch will no longer pay the salaries of teachers employed at the Fort William Sanatorium.

Yours sincerely,

*[Signature]*  
Philip Thelan  
Superintendent of Education

Superintendent of Education,  
Indian Affairs Branch,  
Dept. of Citizenship and Immigration,  
Ottawa, Ontario.

Attention Mr. *[Handwritten initials]* F. Davey

Dear Mr. Davey:

Pursuant to the arrangement confirmed between our Sanatorium School Board and your Branch, under date of your letter, April 30, 1953, file 9/2-32406 and 9/25-1406, we are enclosing herewith, in triplicate, Statement of Account for the quarter September to November, 1957, inclusive. This Statement covers patients who are the responsibility of the Indian Affairs Branch and who were on our school roll receiving educational instruction by qualified teachers for the period above-mentioned.

If this account is found to be in order, your cheque in settlement of same at your early convenience would be appreciated.

Yours very truly,

FORT WILLIAM SANATORIUM SCHOOL BOARD,

## Two Premiers Support Religion In Schools

QUEBEC, Que., Sept. 18 — Maurice Duplessis, Catholic Premier of the Province of Quebec, and Col. George Drew, non-Catholic Premier of the Province of Ontario, are agreed on the necessity of religious education in the curriculum of present day schools.

"Education is our first line of defense against those dangerous doctrines which threaten our Christian civilization as much as any material power, including the dreadful possibilities of atomic energy . . .

"I have no hesitation in saying that I regard the spread of communism based upon atheistic materialism as a threat to civilization quite as great as the atomic bomb or any material force which man has at his disposal . . .

"The best bulwark against communism is religion. For that and other reasons the Ontario Government introduced religious education into public schools three years ago so that every elementary school in Ontario will teach religion.

"Either we educate ourselves, truly educate ourselves, or our civilization will die through the spread of anti-Christian tyranny or as a result of the failure to control the terrible material forces which man has discovered for his own destruction. But man is capable of rising to new and unimagined peaks of peaceful accomplishment if the same sustained and concentrated effort, as was required to discover how to split the atom, is applied to the science of human relationship."

Premier Duplessis told the delegates that in Quebec the people while respecting the opinion of others were deeply attached to their own religion. "Without religion there is no durable progress", he declared adding that morality and religion must have a large part in all educational programs.

### Catholic Indians To Celebrate Martyr's Feast

AURIESVILLE, N.Y., Sept 11 — (NC) — Iroquois Indians will come down on their annual pilgrimage from the Mohawk Reservation at Caughnawaga, Canada, and sing in their native tongue at a Solemn Mass which the Rev. Michael Jacobs, S.J., of Quebec, first Mohawk ordained to the priesthood, will offer at the Shrine of the North American Martyrs here on September 28. The Mass will honor the memory of sainted Jesuit missionaries who were slain by the ancestors of these now Christian Iroquois some 300 years ago.

### Nun Composes "Indian" Mass

SAN ANTONIO, —(NC)— Sister Mary Elaine, of the Sisters of Divine Providence, who wove the strains of familiar Negro spirituals into a "Mass in Honor of Blessed Martin de Porres," is now at work studying Indian music and hopes to complete a Mass based on such a theme.

Sister Elaine is a member of the faculty of Our Lady of the Lake College, here. In pursuing her studies of Indian music, she has visited Sac and Fox Indian settlements in Oklahoma. Sister Elaine is the author of hundreds of compositions. Her "Mass in Honor of Blessed Martin de Porres" is used widely in many parishes of the country, particularly Negro parishes. Sister Elaine is the daughter of John Gentemann of Fredericksburg.

With traditional tribal ritual, Indians of the Six Nations Council, largest Indian group in Canada, inducted Radio Commentator Claire Wallace, of Toronto, as a princess of the Six Nations during the annual fair on the reservation at Oshweken, near Brantford, Ont. Few white women have been accorded this honor, reserved by the Indian council for carefully chosen palefaces. Here Miss Wallace joins Six Nations' chieftains in the war dance, an important part of the induction ceremony. Translated from the Mohawk language, Miss Wallace's Indian name is "Princess Loud Voice Heard Over the Land."

### Breach of Treaty Charged

WINNIPEG. — The Indian Association of Manitoba, recently holding a two-day convention in Winnipeg, charged the Government with a breach of the Indian Treaties of 1871. Their contention is based on the promises made to the Indian chiefs in return for the surrender of their lands. The members of the Association claim these promises were not fulfilled.

## EXPANDS MEDICAL AID TO INDIAN PEOPLE

OTTAWA, Oct. 7 (Special)— To care for the growing work of Indian health services the civil service commission has appointed two assistant directors, Dr. W. L. Falconer and Dr. H. A. Procter, both of Ottawa, Hon. Paul Martin, minister of national health and welfare, announced, today.

Under the direction of Dr. P. E. Moore, head of Indian health services, Dr. Falconer will be responsible for medical treatment services for approximately 125,000 Indians and 7,000 Eskimos in all parts of Canada while Dr. Procter will handle administrative problems connected with the directorate's hospitals, nursing stations and field health services.

A native of Morden, Man., Dr. Falconer graduated in medicine from the University of Manitoba in 1926 and did postgraduate work at the Winnipeg General and St. Boniface hospitals and at the Ninette Sanatorium. After practising for nine years in the central Manitoba mining area, he became medical superintendent. Dr. Falconer served overseas in for The Pas Indian agency in 1938. He came to Ottawa in 1940, the First World War with the Canadian Cavalry Brigade.

### Retrace Route Of Early Explorers

NEW ORLEANS, Sept. 16 — (NC) — Three alumni of the Jesuit Sainte Marie College at Montreal followed the Father Marquette-Joliet canoe route from Montreal to New Orleans. It took the explorers two years to make the trip. It took the young Canadians three months.

Those who came here in a 16-foot plywood canoe are Michael, 25, and Jean Hearne, 22, brothers and Jacques Flahault, 21. The brothers are graduates of Montreal University as well as of Sainte Marie College

## NEWS BRIEFS

### Trades and Labor Congress Defend Indians' Rights

HAMILTON — The B. C. Fishermen's union attending the annual Trades and Labor convention in Hamilton, Sept. 26, asked in a resolution that "the Indians be granted equal citizenship and voting rights without being required to give up their identity as Indians, or giving up their collective rights on the reservation property. The resolution received almost unanimous support.

### Chief Berens Dies

WINNIPEG, Aug. 24 — Chief William Berens died at Berens River, August 23, at the age of 84. He was one of the signatories of the Treaty made with the Dominion Govt. He has recently celebrated his golden wedding anniversary. He is survived by his wife, four sons and two daughters.

Councillor Arthur Felix, also of Berens, died Aug. 21.

### Three Indian Children Die in Train Wreck

KAMLOOPS, Oct. 1—In a C.N.R. freight train wreck, 37 miles west of Kamloops, on Sept. 29, three Indian children were killed. They are Ambrose and Francis Alex, of Shalalth, and Leonard Major, of Pavilion, B. C.

### Prince Rupert has Home for Indian Girls Visiting City

The Dominion wide Red Shield Salvation Army drive will benefit the Salvation Army home for Indian girls at Prince Rupert. This home was established as a haven for the girls visiting in the city or seeking employment.

### Fort William San To Be Enlarged For Indians

OTTAWA. — Hon. Paul Martin, Minister of Health, announced that the Federal Government will build a \$200,000 addition to the Fort-William Sanatorium, for the exclusive use of Indian patients. There will be space for 65 beds.

### Hostels for Indian Girls Recommended

CALGARY. — The welfare of Indian girls living in the city was discussed at the recent annual convention of the Anglican W. A. in Calgary. Hostels for Indian girls living in the city was recommended.

### IN OUR NEXT ISSUE

The story of the Grouard Indian Co-operative, written by its founder, Rev. G. Forcade, O.M.I., will be featured in the November issue of the Indian Missionary Record.

# Takes Its Place in Business

## School as Usual

If Mohammed can't go to the mountain, let the Mountain come to Mohammed. Here, the school comes to the bedside of this 10-year-old patient. Regular bedside classes are conducted by teacher, (above), Mrs. H. Duggan, who has 62 enrolled, and teaches elementary English, arithmetic and spelling to children and adolescents up to 17 years of age. One "student" is 80-year-old grandmother. Mrs. Duggan travels from ward to ward, leaves "homework" for pupils.

MRS. H. C. NOAKES,  
Women's Auxiliary

### Three "R's" Taught in Bed To All Ages

In the self-contained community inside the Sanatorium there is a school for young and old, taught by two women, Mrs. M. Duggan and Mrs. M. McDonald.

Since the pupils cannot go to them, they go to the pupils, giving bedside lessons in spelling, English and other elementary subjects from grades one to 11.

They have 62 boys and girls, men and women, enrolled in classes. They try to see all their pupils at least three hours a week. One "student" is a 80-year-old grandmother, learning her English in bed.

Some have had no schooling at all, others are trying to catch up on their knowledge. The school is in its fifth

year, and a part-time assistant has been aiding Mrs. Duggan.

Besides teaching them, Mrs. Duggan picks out books for the kiddies, acts as a friend. The teacher tries to enrol all patients from five to 17 years of age. Varied and interesting lessons keep them asking for more.

Enrollment has doubled since Mrs. Duggan held her first bedside lesson five years ago. There were 30 pupils then. She speaks well of her classes. "They are very good students—all of them."

#### EXIT COURTESY

LONDON (CP) — Lord Rowallan, Britain's chief Scout, says courtesy is "dying out among our people these days." Writing in the magazine Scouter, he said: "The fifth Boy Scout law (courtesy) is not emphasized nearly as much as it should be."

MIDHURST, Sussex, England (CP) — Midhurst grammar school received a \$1,540 legacy for chess prizes.

## More Invest

Over one million dollars have been spent since the Sanatorium was built. Funds came from grants, private donations and hospital earnings. Breakdown of total cost:

- \$1,106,670:
  - Main wing,
  - East Wings,
  - Med. Supt. building,
  - Operating room

\$22,165.  
Funds for construction of the new wing were made available by the province (\$85,000), D. M. Hogarth's grant of \$125,000, the east wing came from the government (\$125,000) and the rest of \$41,666. The room and water supply, and earnings of the Sanatorium to the aid of a \$2,500 grant from C. E. Chapple.

The original building was the main wing, residence, and kitchen. The dry storage room occupancy on the original building was necessary equipment, sum of \$39,000 for the land, installation of sewer and water, and a small sum for station expenses.

On hand as well as the institution operating.

In 1938 the Sanatorium was transferred to the Government. Completed at a total cost of \$1,106,670 in 1942 a residence building was erected at a cost of \$14,750. In 1944 new colonies were constructed at an operating cost of \$25,000. The one enclosure was the other enclosure. The total cost was \$22,165. The improvement of the Sanatorium was financed from the Government.

Plans for the Sanatorium were started in 1944. The Sanatorium was built at a cost of \$25,000. The Sanatorium building was provided with something for the effort and convenience of the patients.

This money was used for the Sanatorium account, and used had earned interest on these funds. A fund was set up with a commission of 5 per cent. The sound project was provided.

Necessary repairs have been provided for the Sanatorium, and at the same time the grounds improved. The spaces are in the Sanatorium.

## Books, Toys, Treats Keep Kids Contented

In the east wing of the Fort William Sanatorium lie 40 children, all from different parts of Northwestern Ontario, all suffering from tuberculosis in varying degrees.

Since most of them are from far off points where their families are not financially able to come and visit them as often as they wish, these children rely solely on the doctors and nurses for their moments of diversion.

However there are groups who come to their bedside occasionally bearing candy and books. Sometimes it's a lady from the Catholic Women's League bringing candy and a cheerful word. Sometimes it's a lady from the Knights of Pythias. It is this group which every year gives the children a Christmas party at the Sanatorium. They bring and decorate the tree and come Christmas morning every child finds a little present there bearing his name.

Another group of women understanding and doing something about the loneliness of the young patients is the Lake Superior Chapter, IODE, which takes upon itself the responsibility of seeing that the children do not go without picture books, dolls and toys, and small games. Every so often there is a "Story Hour," when the boys and girls hear tales of fancy. Phonographs play children's music. Then, of course, there is school every day, when Mrs. Duggan comes around with spelling lessons.

Such are the things done to take little minds off sickness.

As a matter of fact, doctors at the Sanatorium have very little trouble with children that they have with adults when first admitted. There is quite an adjustment to make after you enter the walls of the San. The small children, however, quickly adapt themselves to hospital life. After perhaps a day or two of restlessness, they settle down and are no trouble at all.

As 90 per cent of the children are Indians, they do not respond so quickly to treatment. Mortality rate in other diseases to Indians is carried into tuberculosis also. Doctors said white children, however, have a good headstart on adults, their young bodies responding more quickly.

Children are also under more constant care by doctors and nurses. Sheets are changed more often, and their food is broken up before serving. There are other small needs which make constant supervision over the ward a necessity.

Specialized treatment goes on more

regularly for the children than for the adult patients at the Sanatorium. For the smaller sufferers it is not just a rest home, but a constant place of treatment.

Great care is taken for their health after release from hospital. In most cases they are put in residential schools under nursing supervision for a period of time before going home.

These schools are well situated, built in places like Sioux Lookout, Kenora, McIntosh, Dryden and other Northwestern Ontario centres besides the lakehead.

These children are grim proof of the desperate need for mass surveys through the province. A few were picked up in district surveys, but most of them were brought here because they were very sick and in many cases, in a fairly advanced stage of the disease.

Two young girls who were lucky enough to have their conditions revealed early in last year's district survey are Evelyn Kivi, 11 of Silver Mountain, and Shirley Mikkola, six, of Nipigon. In their small room, the two young ladies can look out their window on a vast open space toward Mount McKay. Shirley has a constant companion, a doll who answers to the name of Isabell. Atop their clothes cabinet stands a goldfish bowl inside which the bright fish swirl merrily. Both have been in hospital about five months.

Shirley and Evelyn both seem in high spirits, as do all the children. They have the companionship of all the nurses in the ward, and of Dr. G. Billsbarrow, young English doctor who took over the children's ward when he arrived last spring.

Another feature of the Sanatorium is its library in the main wing, looking out on Mount McKay. Sunny and cheerful, the room contains books for young and old. Lending is in charge of the patients, with cards issued to all who wish. There patients can recline in comfortable chairs and browse, or take their choice to their room.

There they can read anything from Hugo's "Les Miserables" to the Bobbsey Twins at Lake Louise. There is a woman who helps young and old choose reading material. Books have been donated by the Fort William public library and by private citizens. Another library has been built for the new West Wing, so that patients lack nothing in the way of quiet reading pleasure.

C 1-1-23

Ottawa, April 17, 1935.

To Indian Agents and  
Principals of Indian Residential Schools:

It has been decided that, in future, an enquiry be held, immediately following the death of a pupil of an Indian residential school who dies while enrolled as a pupil of the school. This action will protect both the school authorities and departmental officials and, at the same time, will give the Department full information regarding the circumstances attending the death of any pupil in a residential school.

The enclosed form, containing the necessary instructions, should be completed and forwarded to the Department.

If the deceased pupil dies in hospital, at a distance from the school, under the care of the physician or surgeon who is in attendance at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to the memorandum regarding the enquiry into the pupil's death.

It is not the Department's intention to pay traveling expenses for Indian parents in order that they may be present at the enquiry, but, as pointed out on the form, the parents or guardians of the deceased pupil should be given notice of the enquiry and be permitted to attend it or to send a representative.

Copies of this letter, as well as copies of the enclosed form, are being forwarded to the Principals of Indian residential schools. In future, you should keep a supply of these forms in your office.

A. F. MacKenzie,  
Secretary.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of  
....., Pupil No.....  
of the..... Indian Residential School at.....,  
who died at..... (place) on.....19.....

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

103

C1-1-23

Kenora, Ontario.  
April, 26th. 1935.

Dear Sir:

We are in receipt of your letter C1-1-23 of 17th. inst. inclosing Memorandum of Enquiry of Death of a pupil of an Indian Residential School.

Should a death occur at any of the two schools in Kenora, it would not be difficult to attend and hold an enquiry, but should a death take place at Mc. Intosh or Sioux Lookout School or at Sioux Lookout or St. Boniface Hospitals, where pupils of these schools are generally sent, or should a death occur when they are away on leave on their Reserve some distance from the schools, it would be impossible to hold an enquiry, owing to the distance and difficulty of reaching these places.

Yesterday we received a notification of the death of a pupil of the Sioux Lookout school at Sioux Lookout Hospital. This child died on the 17th. inst. but we have only just received the report. It will therefore be impossible to hold an enquiry soon after the death, it would also have been very inconvenient for the Principal of the school to go to Sioux Lookout or for ourselves to go from here, owing to the difficulty of travel.

However we have asked the Principal to make the necessary enquiry with the Doctor and another party representing ourselves.

Your obedient servant,

*Bank Edwards*

Indian Agent.

Assistant Deputy & Secretary,  
Department of Indian Affairs,  
Ottawa, Ontario.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of  
Maggie Fox, Pupil No. 0104  
of the Sioux Lookout Indian Residential School at Sioux Lookout Ont  
who died at Sioux Lookout General Hospital (place) on April 17th 1935

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL SCHOOL

DEPARTMENT OF INDIAN AFFAIRS

1. On what date did this pupil fall sick or suffer injury? January 19th. 1935
2. At what time of day? P.M.
3. When and to whom did he or she report this illness or accident? The Nurse Matron
4. What means were taken to afford relief? Senna Tea, Aspirin & mustard Plasters
5. What medicines were used for this purpose and in what dose or quantity?
6. When was the doctor called? Jan. 21st. 1935
7. If the pupil was removed to hospital, at what time was this done and by what means of transport? Feb. 27th. by 'plane, returned Mar. 16th. to school, by 'plane
8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?
9. Add any other useful information here.  
This girl was kept in school hospital, under the Doctor's instructions and supervision, and when she took a turn for the worse April 11th. he ordered her removal by train, to the hospital at Sioux Lookout, where she died April 17th. 1935. These details are taken from the medical book and chart kept in the school by the Nurse Matron.

*John F. Marshall*  
Principal.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

1-1-23

Ottawa, May 1st, 1935.

Sir,-

I beg to acknowledge the receipt of your 103 of the 26th ultimo, with reference to the Memorandum of Enquiry in the case of the death of a pupil at an Indian residential school.

The Department realizes that, in some cases, you cannot carry out all the instructions mentioned on the memorandum but you should observe these instructions as closely as possible.

In the case of a pupil dying at a residential school, the form should be completed and the Department considers that you should be in a position to carry out all the instructions previously given as, if you are unable to attend the enquiry, you can appoint someone to represent you.

In the event of a pupil dying at a hospital, the part to be signed by the Principal should be completed, as well as by the medical officer of the school if he was in attendance and, in addition, as mentioned in paragraph 3 of circular letter of April 17th, a report should be submitted from the physician or surgeon who is in attendance at the hospital.

When a pupil of a residential school dies on a reserve some time after such pupil has left the residential school, it is not necessary to hold an enquiry as, in such cases, the pupil has, no doubt, been visited by the reserve doctor and he is fully aware of all circumstances.

## Memorandum for Agent's Guidance.

1. The names of all heads of families (including absentees) entitled to participate in a distribution should be entered on the pay-list each year.

2. The Band Number of a family should on no account be changed.

Should a family become extinct, its number should be dropped and not used again.

3. When a member of a family is to be paid separately, as all adults should be, his or her name must be added at the end of the pay-list, under a new number; and the reason for paying separately should be given in the column for remarks.

4. All increases and decreases that affect the number in a family must be entered in the increase or decrease columns: those entered in the column headed "Other Causes," must be carefully explained in the column for "Remarks."

5. No money should be paid to Merchants or other persons who are not Indians, except by special permission of the Department.

6. No money should be paid to any Indian other than the one entitled, unless upon presentation of a written order, which should be attached to the pay-list.

7. Wherever possible the share of an absentee is to be remitted to him, by express order or post office order, at his expense, and the stub or number of the order is to be attached to or stated in the list. When money is sent by registered letter, a receipt for the letter from the postmaster should be attached to the list.

8. All money columns and the columns showing the number of Indians should be correctly added and balanced. The difference between the number on the list paid at this and the previous payment must equal the difference between the total increases or decreases noted in the increase and decrease columns.

9. The Statutory Declarations should be taken before a Justice of the Peace, or a Commissioner for taking affidavits, according to regulations.

10. The pay-list should be returned to the Department promptly after the distribution with a covering letter and statement. Only under very exceptional circumstances should it be retained longer than one month.

11. No additions are to be made to the pay-list unless title to be paid is made clear. The best attainable evidence of birth is to be got. In organized districts the paymaster should demand production of a copy of certificate of birth.

In the case of women from other districts entering the Band by marriage the paymaster must assure himself that they are not paid elsewhere by communicating with the Agent of the district from which they come. No one but newly born children and women entering the Band by marriage should be added to the list without the sanction of the Department.

Following for Wilgress.

Item 19 ECOSOC Agenda. Draft Convention on Genocide.

You should support or initiate any move for the deletion of Article three on "Cultural" Genocide. If not this move is successful, you should vote against Article three and if necessary, against the Convention. The Convention as a whole less Article three, is acceptable, although legislation will naturally be required to implement the Convention.

You will find support in United States point of view expressed on page 18 of document E/794. You should refer also to resolution 96(1) of the Assembly on December 11, 1946 defining Genocide which it should be argued, excludes "Cultural" Genocide from the ~~terms~~ terms of reference given by the General Assembly to ECOSOC. The matters dealt with by Article three are more properly relevant to the protection of minorities.

SECRETARY OF STATE FOR EXTERNAL AFFAIRS

EXTRACT from the minutes of a meeting of the Honourable the  
 Treasury Board, held at Ottawa, on the SECOND  
 day of JUNE, 1936. 11 4 02

E.H.

T. 160481 B.

**FINANCE**

The Board had under consideration a report that there is at present no general executive direction permitting the destruction of documents which are no longer required by the various Departments.

Each Department was requested to report on the matter and submit detailed recommendations concerning the classes of documents which might be destroyed, to the end that documents be retained only during the period of their usefulness. The reports disclosed that many classes might be destroyed after retention for various periods, but that uniformity throughout the public service is probably inadvisable on account of the diverse uses in different departments of similar classes of documents.

The Treasury Board authorize destruction in accordance with the attached schedule, subject to the following restrictions:-

- (1) Vouchers, accounts, books of account and paid cheques, or copies, shall be retained for at least ten years by one of the offices dealing with disbursements.
- (2) Documents, accounts or agreements pertaining to operations or transactions not terminated or where litigation is involved shall be held until the matter is finally dealt with.
- (3) Vouchers and documents pertaining to Indian or other Trust Funds shall be retained indefinitely unless some authentic record is maintained.
- (4) Departments shall retain indefinitely documents required to establish records of service of employees.
- (5) Documents of general historical value shall be retained indefinitely. With the object of ascertaining such value, the Dominion Archivist shall be notified by the Department concerned of the intention to destroy certain classes of documents and, unless he submits a written objection (stating his reasons from the historical viewpoint) within a period of six months, the Department may proceed to destroy such classes of documents. If objection is taken, and the department is not content to accept the view of the Dominion Archivist, the record shall be referred for the decision of the Treasury Board.

(Sgd.) W.C. Ronson

INDIAN AFFAIRS  
Ottawa, April 6, 1954.

TO SUPERINTENDENTS OF SERVICES

Re: Destruction of Records

Because of the acute shortage of storage space and the marked increase in mail receipts during the past five years, it is necessary to adopt a more vigorous policy of file destruction in the Indian Affairs Branch.

The present regulations governing the destruction of old papers are contained in Treasury Board Minute T160481B of June 2, 1936, which outlines in broad terms the policy to be followed with regard to destruction of records.

During the past six months, action has been taken to examine the contents of Departmental files and prepare a detailed schedule for the guidance of Branch officials. This schedule classifies the records into three basic groups as follows:-

Group A - to be destroyed after 5 years.  
Group B - to be destroyed after 10 years.  
Group C - to be retained indefinitely.

The schedule does not depart to any extent from the existing authority but outlines in greater detail the various types of correspondence to be destroyed and the prescribed periods of retention. As it conforms with the main divisions of the Agency filing system, it will facilitate the destruction of records in Indian Agencies.

Documents and papers of a general historical value, policy records and documents reflecting service of employees will still be retained indefinitely. All correspondence pertaining to Indian land title will have to be retained until the Land Registry System has been established. Instruments of authority covering expenditures from band funds, membership, enfranchisement, estates, and Band Council Rules and Regulations are also classified as permanent records.

I would appreciate your studying this schedule and indicating any changes you consider necessary. When this has been completed, the revised schedule will be submitted to Treasury Board for approval.

The approved schedule is to be incorporated in the Agency Manual of Filing Operations and commencement of the actual process of destruction undertaken at the earliest possible moment.

  
H.M. Jones,  
Director.
