MEMORANDUM

TO: State Attorney William Meggs

FROM: Jason Newlin 

RE: Jameis Winston

DATE: December 5, 2013

On November 14, 2013 I was contacted by ASA Georgia Cappleman and advised I was assigned to investigate a sexual battery allegation involving Jameis Winston. I was tasked with following up on any available leads. My first step was contacting both the Tallahassee Police Department (TPD) and the Florida State University Police Department (FSUPD) to collect all information gathered to date by those agencies.

Florida State University Investigation

On 12/7/12 at 3:22 a.m., the Florida State University Police Department received a call from Jenna Weisberg advising her friend XX was sexually battered by an unknown subject. In her recorded call to FSUPD, Weisberg advised dispatch that the incident occurred approximately 30 minutes prior to the call. Weisberg advised XX had a "slight description" of the suspect but does not fully remember the incident. Weisberg indicated the victim met the suspect at "Pot's," (later determined to be Pot Belly's, a local bar on College Avenue). Weisberg said the victim was "very shaken up." XX told Weisberg she thought she blacked out as a result of being hit in the back of the head and ended up in somebody's room. XX could only recall bits and pieces of the incident. Weisberg advised the incident took place at an off campus apartment but XX could not recall where the apartment was located.

Summary of Florida State University Police Department Incident Report 1212-0089 (please reference incident report 1212-0089 for full report)

Officer Dinorah Harris with FSUPD responded to XXXX Hall where she made contact with complainant Weisberg and XX. At that time XX advised Officer Harris she was at Pot Belly's earlier that morning with friends. She had five mixed drinks containing vodka while at the bar. A male friend of hers was providing her with the drinks and sharing them with her. XX would not provide the male's name due to him being underage but having a way to get the drinks. XX stated while walking through the bar an unknown male gave her a shot which she consumed. She stated

she couldn't remember exactly what happened next. She thinks she got into a cab with someone because they asked to see her FSU ID. XX stated she blacked out after that. The next thing XX recalled was waking up on the floor of someone's apartment. XX knew she wasn't at Pot Belly's but could not recall where she was. The next thing XX recalled was being on a bed with a black male having penis to vagina intercourse with her. XX advised she saw the door to the room open and saw another black male with "dreads" standing in the doorway. XX remembered the male in the doorway telling the other black male to stop what he was doing. XX said she told the black male to stop but he replied it would be okay.

XX advised Officer Harris she was wearing pink skinny jeans and a multi-colored top. XX stated she thought the suspect took her pants and underwear off and placed them back on after the incident occurred. XX was having a hard time remembering what exactly happened and in what order the events occurred. XX said she thought the suspect used protection but didn't know for sure. XX did not know if the suspect ejaculated inside of her or not.

XX told Officer Harris she recalled getting on a black scooter with the same black male that assaulted her. She recalled seeing or being on Call Street by CVS and Tennessee Street. XX said the black male asked where she lived and she did not want to tell him so she told him she lived in Salley Hall. The suspect dropped her off at the intersection of Call Street and Stadium Drive around 2:00 a.m. XX then walked back to XXXX Hall. XX said the suspect attempted to conceal his identity by not showing her his face. XX stated the suspect was not the same individual that was sharing drinks with her earlier in the evening.

Tallahassee Police Department Investigation

Since XX alleged the incident occurred off-campus and outside FSUPD's jurisdiction, FSUPD contacted the Tallahassee Police Department. Officer Harris then transported XX to the hospital for examination.

Summary of report of Officer C. Fallis, TPD (Please reference Fallis' report 12-032758)

At approximately 4:10am, Officer Clayton Fallis with TPD arrived at XXXX Hall and made contact with Officer Harris as well as XX. Officer Fallis noted XX had no obvious signs of external injury. XX was slightly upset and was clearly able to communicate. As the investigation continued, Officer Fallis advised several bruises began to appear on XX.

Officer Fallis then interviewed XX to determine what occurred. XX advised Officer Fallis she was at Pot Belly's drinking with a male friend who was later identified as Marcus Jordan. XX and Jordan were sharing the same cup. XX told Officer Fallis as she was walking through the club she was offered a shot by a white male who was also a friend of Marcus. A short time later XX texted her friend Monique Kessler. XX stated she possibly got in a cab and was driven to the unknown incident location. XX could not recall how she met the suspect. XX stated upon arrival at the incident location they went into the suspect's room where the suspect removed her clothes and began to have sexual intercourse with her. XX believed the suspect was wearing a condom during intercourse. XX advised at some point someone entered the room and told the suspect to stop. XX said she was telling the suspect to stop but he did not. XX stated she was trying to kick

the suspect off of her but was unable to. XX said the suspect had her arms pinned down. The suspect then took her to the bathroom and continued the assault. XX does not remember dressing herself and the next thing she remembers is being on the back of a scooter driven by the suspect. The suspect dropped her off at the intersection of Call Street and Stadium Drive. XX then walked back to her dorm. XX advised the suspect was a black male wearing jeans and a red shirt. Officer Fallis collected the victim's outer clothes from her at her dorm room and then went to the hospital.

At Tallahassee Memorial Hospital, a sexual assault examination was performed on XX by Nurse Walker who completed a report and collected a Sexual Assault Examination Kit. Nurse Walker noted during the Sexual Assault Examination that the incident occurred around 1:30 a.m. Nurse Walker's notes section reads as follows: *vague recollection of events from last night. Reports vodka 5 cups & shot of something @ bar- unknown PERP states held down by arms and legs. Now generalized muscle aches & vaginal tenderness. Now HA and nausea.* The SAE report indicates XX advised Nurse Walker: the suspect did ejaculate in her vagina and possibly wore a condom; no oral sex was performed; no anal assault occurred; and the suspect did kiss or lick XX on her face. Nurse Walker noted mild redness on both XX's knees below the kneecap, a bruise above the left knee, a bruise on the right forearm, and redness on XX's right foot. Nurse Walker also collected cotton swabs per standard procedure in a sexual assault examination. Swabs were collected from XX's face, interior cheek, vagina, cervix, and anus. Since no anal penetration was reported, only swabs of the exterior of the anus were collected.

At approximately 3:45 p.m. on 12/7/12, XX was interviewed at the Tallahassee Police Department by Inv. Scott Angulo. The interview was audio and video-recorded. Towards the beginning of the interview, XX says her friend Monique told her that Monique observed XX give a male her phone number on the night in question and then later observed a text on XX's phone which was possibly from the male to whom XX gave her phone number. The text indicated XX should "come outside." XX has no memory of the text, has not been able to recover the message, and suspects it may have been deleted. XX did not remember deleting any text messages the evening of 12/7/12. She searched through her phone for any unknown contacts because Monique said the number had been saved on her phone as a contact. However, XX was unable to locate any numbers that belonged to people she didn't know.

XX told Inv. Angulo that she arrived at Pot Belly's with Ashley and Monique at 10:15pm. Ashley drove and they met up with a few of Monique's other friends at the bar. They were sharing drinks with a few of Monique's friends before Marcus arrived. When Marcus arrived at approximately 11:15pm, he received a band on his wrist allowing him to purchase alcohol. Marcus, Monique, and XX shared approximately 5 drinks throughout the evening. In addition, Marcus told XX he purchased 3 shots of alcohol. XX does not recall taking any of these shots. After midnight the drink special ended so XX began to dance with friends. XX recalled a "creepy" male following her around the club all night. At one point she was standing by the bar and an unknown male saw the "creepy" male following her around and told the "creepy" male that XX was his girlfriend so he would leave her alone. That same unknown male then bought XX a shot. She never saw the "creepy" male that was following her again, but she described him as being a "short, Indian" looking male and said he could not have been the suspect. When asked if the unknown male that bought her the shot was the male that sexually battered her, XX said he

could have been because he was “black, kinda tallish, and big,” but she does not remember.

When asked to describe the suspect, XX described him as being approximately 5’9”- 5’11” with big muscles. His hair was a “poofy” short afro which needed to be cut. She did not recall much about his face. Inv. Angulo asked XX if she could recall any statements the suspect made to her. XX recalled the suspect picking her up, carrying her into the bathroom, and telling her they could lock the door in the bathroom. When the sexual acts were completed, he put her clothes back on and told her, “okay, you can leave now. I’ll take you home on my scooter.” She stated the male was wearing a red shirt and jeans.

XX was asked to describe the apartment where the incident occurred. XX recalled two scooters being parked near the apartment on rocks. She recalled one scooter was red and one was black. She recalled the apartment was on the first floor and had a breezeway between the apartments. XX recalled being on the scooter for less than two minutes. She was dropped off at Stadium Drive and Call Street. She recalled coming from the direction of Chik-Fil-A on Call Street.

XX described the suspect’s roommate as having dreads and being smaller than the suspect. She recalled the roommate coming in the room during the assault and telling the suspect “stop, stop.” XX said she was not screaming and was being kind of quiet because she felt sick. After the roommate came in, the suspect picked her up and took her into the bathroom. She recalled the suspect’s door was broken and would not shut or lock. XX stated the assault began on the bed. She said the roommate came in while they were on the bed. XX described the sheets as being gold and red with a fancy polka dot pattern on them. Inv. Angulo asked XX what the suspect was making her do. XX said he was not making her do anything and she was incoherent. She said the suspect took her clothes off because she was “just laying there.” XX said the suspect started out having sex on top of her he then tried to roll her over on top and she “just laid there”, so he rolled her back over and got back on top of her. When they entered the bathroom XX said the suspect laid her down in the bathroom and got on top of her. He pushed her legs back with his body and held her arms down. She thinks at one point he pushed her face to the side to prevent her from seeing his face.

Inv. Angulo asked XX about the cab ride. She recalled there were four passengers in the cab including her and three black males. XX said the suspect was in the middle in the back of the cab with her and another black male on either side of him. XX described the “other roommate” as having a clean haircut and being the “biggest one.” She said this was the individual in the front passenger seat of the cab. XX stated the front seat passenger continued to tell XX to call her friend. She believed he wanted to “hook up” with Monique. Although she had no recollection of attempting to call Monique, XX did locate a few attempted calls to Monique in her call log. XX said if Monique would have answered she would have told her “help me.” She believed that whoever paid for the cab used a credit card because they had to sign a receipt. She recalled one of the individuals in the back seat was the one who paid for the cab. XX said she recalled the cab driver asking for an FSU ID to provide them with a student discount. XX could not recall any description of the cab or the cab driver. She remembered the bill was cheap and she was surprised because they traveled a good distance for the bill to be so cheap. XX said the suspect kept touching her in the cab and she continued to tell him to stop. She recalled traveling through campus and seeing the Westcott Building.

XX did not think she could identify anyone from a photo line-up. XX said she could possibly identify the black male she was talking to when she and Monique went to the bathroom at Pot Belly's; however, she was unsure if this male was involved. She said "his name was Chris and he was a starter on the football team." When she was talking to "Chris" several girls came up to them and asked if she knew who he was and they told her he was the only freshman starter on the football team. She said "Chris" had big gaps in his teeth. XX did not think that "Chris" was in the cab with her. She remembered "Chris" talking to her about looking for his roommate but she never saw him after the first conversation near the bathroom. XX believed each of the three males in the cab were FSU students because she recalled each of them trying to retrieve their FSU ID when the cab driver asked for it. She attempted to get her ID out but the males told her they had it covered.

Inv. Angulo asked XX if she was still unsure about how she wanted to proceed with the case. XX told him she would like to see the deleted text messages before she made a decision. She said if she felt like it was her having a conversation with a guy that she doesn't remember then it might change her mind. XX further stated she knows that texting someone doesn't give them consent because she knows she was saying stop.

A search warrant and Cellbrite extraction was conducted on XX's phone to locate any text messages and a complete call log. The following calls and texts are a brief summary of what was extracted from XX's phone from 12/7/12:

Per Officer Angulo's report, he spoke with Bria Henry on 12/18/12 via telephone. Bria is a friend of XX that still resides in Pasco County Florida. Bria advised Angulo that XX sent her a text message saying "please call me." XX told Bria she was hit in the head at a party and blacked out. XX did not give Bria any other details.

On 1/17/13 the Sexual Assault Kit, XX's clothing, and the Toxicology Kit for XX were all submitted to the Florida Department of Law Enforcement (FDLE) for analysis. An FDLE report dated 2/22/13 indicates XX's blood specimen tested positive for ethyl alcohol with a blood alcohol content of 0.048 g/100 mL, with plus or minus .002 error rate. An FDLE report dated 3/29/13, advised no drugs were identified in XX's urine sample. The urine was tested for the presence of the following drugs: amphetamines, antidepressant, antihistamines, barbiturates, benzodiazepines, cannabinoids, carisoprodol, cocaine, GHB, methadone, opiates, oxycodone, propoxyphene, and other drugs.

An FDLE report dated 8/27/13 indicates semen was present on XX's anal swabs, panties, and pink shorts (later verified to be pink pants). No semen or DNA foreign to XX was located on the buccal (inside cheek) swabs, the vaginal swabs, or the cervical swabs. The semen detected on the anal swabs failed to give a DNA profile, likely due to insufficient quantity of semen present on these swabs. The foreign DNA located on the panties and the face swab was consistent with being from the same male individual. The foreign DNA located in the pink pants was from a different male individual than that of the male on the face and panties.

State Attorney Investigation

On 11/14/13 I met with Chief Assistant State Attorney Cappleman and State Attorney Meggs to discuss the ongoing investigation. I was directed to follow up on all possible DNA leads, investigate possible information from phone records, check with local cab companies, go to the locations indicated in the report, interview the victim, and interview all possible witnesses.

Interview with XX

On Thursday 11/21/13 an interview was conducted with XX and her Attorney Patricia Carroll in Dade City, Florida. The interview was attended by Chief ASA Georgia Cappleman, Victim Advocate Susan Parmalee, and this Investigator. Several things were discussed in regards to the facts of the case as well as evidence collected. XX was presented with several perceived problems with the case. XX was advised there was unknown DNA in the crotch of the pink pants

that she provided to TPD and indicated she was wearing them the evening of the incident. ASA Cappleman asked XX if there were any other perpetrators or other suspects we should know about and she replied no. XX was asked if the unknown DNA was from a prior consensual sexual encounter and she acknowledged that it was; but she did not want to identify that person as she did not want him involved in the case. Through my investigation, I was aware of a potential male friend of XX who was located in Ohio. I asked XX if the unknown DNA was from her male friend that lived in Ohio and she acknowledged it was. XX said this male friend knew about the allegation and she spoke to him around the time of the allegation. After further questioning, XX still declined to provide the name of the person whose DNA was located in her pants.

Returning to the events at Pot Belly's, I asked XX about the black male that she was speaking with while Monique used the restroom. She recalled speaking with him and recalled several females approaching them asking her if she knew him. She told the females she did not and they told her his name was Chris and he was the only freshman starting linebacker on the football team. I told her that witnesses place Christopher Casher, the only freshman defensive player named "Chris," in the front seat of the cab when they traveled to the apartment. XX said she did not know that the front seat passenger in the cab was the same person she spoke to outside the restrooms at Pot Belly's.

Cab Drivers

Inv. Angulo attempted to locate the cab driver through Yellow Cab. Angulo had a mass email sent out to the drivers that evening and did not receive a response. He also attempted to research GPS systems in the car and the results were negative.

I made contact with both Yellow Cab and City Cab in an effort to locate the cab driver in question with negative results. It is believed the cab was a Yellow Cab, as they offer discounts to FSU students. On 11/25/13, I made contact with Tiffany Maier at Yellow Cab located at 3941 West Pensacola Street. I was advised the company recently converted to a new system of tracking drivers and passengers. The system does not contain any information from December 2012. A diligent search was conducted by staff to attempt to locate the driver of the cab that evening with negative results. Names of the passengers, location, date, time, and paying party were also provided, all to no avail. I was advised that Pot Belly's on a Thursday night would be considered a red flag zone and drivers would wait in the area for passengers to walk out and get in the car. That is unlike many other locations where passengers must call a cab to schedule a pick-up. On most nights Yellow Cab has approximately 25 drivers operating. There are approximately 60 drivers employed with Yellow Cab in Tallahassee. I was provided with a list of 37 possible drivers for the evening of 12/7/12. Each driver was contacted individually by me or members of my staff. No driver was able to recall picking up three black males and a white female on 12/7/12 at Pot Belly's and taking them to Legacy Suites on Chapel Drive. I was advised the drivers' procedure is to document the use of a student ID discount and have the student sign a form indicating such. The last five digits of the students FSU ID card are placed on the form. A last search was conducted with information contained on FSU ID cards due to the possibility of an FSU discount being applied to the cab ride. This search also produced negative results.

Pot Belly's

I conducted an interview with the owner of Pot Belly's in reference to the possibility of obtaining video footage from the night of the incident. Although Pot Belly's has over 30 cameras on site, they all recycle data approximately every 30 days. Hence, I was unable to obtain any video footage from Pot Belly's in regards to this incident.

Christopher Casher

On 11/13/13 Christopher Casher and Ronald Darby signed type-written statements to Monica Jordan, an investigator for Tim Jansen. Later, the two also provided recorded interviews to law enforcement.

Prior to my assignment, Christopher Casher was interviewed by Inv. Angulo and Inv. Osborn at Florida State University on 11/14/13. During the interview Casher advised he was with Ronald Darby at Pot Belly's bar. While at Pot Belly's, Chris stated he was the first person to talk to the female that later traveled home with them. During this conversation, the female gave Casher her phone number. Later in the evening, Casher saw Jameis talking to the same female at the bar. Casher walked up to them and told Jameis he got her number first. Jameis just laughed at him and Casher walked off.

A little while later Casher, Darby, and Jameis, decided to leave and the female wanted to go with them. They left the bar with the female. When they got into the cab, Casher was in the front seat with Jameis, Darby, and the female in the back. Casher said the whole time they were in the cab the female was trying to call her friend for Casher and text her as well. The friend would not respond. When they arrived at Legacy Suites, Jameis and the female went straight to his room. Casher stated Jameis's door wouldn't close because Jameis broke it a few weeks earlier. Casher stated he and Darby waited about ten minutes before they got up and looked in the room. They were able to see what was occurring in the room. Casher stated the female was performing oral sex on Jameis Winston. Casher believed the female was kneeling on the floor performing oral sex with Jameis standing in front of her. The two took off their clothes and began to have sex. Casher said he was goofing around and looked at Darby and said "watch this." Casher walked in the room trying to see if the female would agree to allow Casher to participate in the sex acts that were occurring. The female looked at Casher and said "get out." Casher said Darby started laughing at him because the female told him to get out.

Casher decided he would record Jameis and the female having sex. Casher said he did record a portion of the incident but has since deleted it and discarded that cell phone. According to Casher, the female saw Casher trying to record and got up and shut the lights off. Casher stated the female and Jameis ended up going in the bathroom. At that time, Darby left and went to his apartment. Casher put his ear to the door and could hear Jameis and the female having sex. Casher eventually went in his room until he heard Jameis and the female leave. He heard Jameis' scooter crank up and leave. Casher stated he heard about the sexual battery accusation last year. He spoke with Tim Jansen around that time but did not hear anymore until he was contacted by TPD for an interview. Casher was asked about the demeanor of the female the evening of the incident. He said "me being honest. She probably had a couple drinks but I wouldn't say like she was out of her mind and didn't know what was going on." Casher said she wasn't forced to do

anything. During the interview, Casher agreed to allow investigators to look through his phone to see if he had the female's number stored in the phone with negative results.

Ronald Darby

On 11/15/13, Ronald Darby was interviewed at TPD by Inv. Osborn. Darby stated he went to Pot Belly's with Jameis and Casher the night of the incident. They arrived at Pot Belly's around 11:00 p.m. They walked around the club and eventually sat down. At some point Darby saw Casher talking to a white female. While Chris Casher was talking to the female another male tried to walk up to her and talk to her. She shrugged him off as if she didn't want to talk to him. She continued talking to Casher. Casher, Darby and Jameis continued to hang out and decided to leave some time after midnight. When they went to leave, the same female that was talking to Casher left with them. She told Casher her friend wanted to leave with him. Darby did not know why her friend did not go with them other than she may have found someone else. Darby described the female that rode home with them as being a blonde female with a face that was "broken out." Darby could not recall who was sitting in the front of the cab but said it was either Jameis or Casher sitting in the front and the female was seated in the middle of the back seat. While in the cab the female tried to call her friend for Casher and her friend wouldn't answer the phone. Casher was also picking on Jameis telling him he was the first to talk to the female and get her phone number.

When they arrived at Legacy Suites, Jameis and the female went straight to Jameis' room. Darby said Jameis' door would not shut because he broke it on a prior occasion and Darby could see they left the light on in the room. After a few minutes, Casher got up and looked in the room. He called Darby over to look at what was occurring between Jameis and the female. Darby got up and could see the female performing oral sex on Jameis. Darby believed the female was seated on the bed performing oral sex with Jameis standing in front of her. Darby told Casher he was crazy and he went and sat back down. After a couple more minutes passed, Casher told Darby "watch this" and walked into Jameis' room. By that time, Jameis and the female were having sex. The female asked Casher what he was doing. Casher said "my bad." Darby "hopped up and looked" and Jameis and the female were in a sexual position. Darby could not recall if the position was with the female on top of Jameis or in a "doggy style" position. He did recall she looked back at the door and got up. The female said "get out," got up, and turned off the light. She tried to shut the door but it was broken as previously stated. Darby left the apartment at that time and returned to his apartment upstairs in the same complex. On his way to the apartment, Darby stopped to talk to a security guard for a few minutes. Shortly after that, Darby heard Jameis's scooter crank up and he saw Jameis driving away with the girl holding onto Jameis on the back of the scooter.

When asked to describe the female's demeanor, Darby stated she was casual and "chill." Darby stated he felt it was the goal of the two females to find someone to go home with by the end of the night. Darby stated the female was able to stand and talk to Jameis for fifteen or twenty minutes. He said she was not stumbling or falling over and was able to walk down the steps without any difficulty when they left Pot Belly's. She did not require any assistance to walk or function. Darby stated the female appeared to be a willing participant in the sexual activity and she appeared as if she wanted to be there. Darby advised he first heard about the sexual battery accusation some time last year. At the conclusion of the interview, Darby consented to provide a

sample of his DNA for comparison to evidence collected in this case.

Jenna Weisberg

On 11/15/13, Jenna Weisberg was interviewed at the Tallahassee Police Department by Inv. Paul Osborn. During her video and audio-recorded interview, Jenna stated XX tweeted “someone please call me” several times in a row. Jenna could not recall specifically if any of the posts mentioned help or not. Jenna said she called XX and XX stated she thought she just got raped. Jenna drove to XX’s dorm immediately. When she arrived, XX did not want to call the police because she did not want anyone to get mad at her. Jenna did not know why XX thought people would get mad but assumed she didn’t want her parents to find out and didn’t know how law enforcement would respond to her underage drinking. Jenna eventually convinced XX to contact law enforcement and Jenna called the FSUPD on her behalf.

Jenna recalled XX was on the bed trying to tell her what occurred. XX told Jenna she was raped and she remembered riding home on a scooter with the suspect. XX said the suspect would not look her in the face while on the scooter. XX did not recall meeting the suspect at Pot Belly’s. XX recalled the suspect was black. Jenna stated XX was describing the incident in “little memories.” Jenna stated XX told her the suspect was on top of her telling her to just let him finish. She also stated the suspect’s roommate kept coming in and out of the room telling the suspect to stop. XX told Jenna the suspect told the roommate to get out and that everything was okay. Inv. Osborn asked Jenna about XX telling her she was hit in the head. Jenna said XX kept saying her head hurt and kept holding the back of her head. Jenna stated XX was telling her the pain in her head was in one spot. Jenna did not check XX for any injuries. Jenna stated she never knew who the suspect was but put it all together after XX was continuously putting posts on Twitter saying she hated Jameis Winston. She indicated those posts began after football season started.

Monique Kessler

On 11/15/13, I contacted Monique Kessler in an effort to schedule an interview. She advised that she would call me back in a few minutes to schedule the interview. A few minutes later, she contacted me and advised that it was Homecoming weekend and she was too busy to be interviewed at that time. I later learned that Kessler met with XX’s Legal Counsel on 11/17/13 and discussed the case.

11/18/13, I was able to interview Kessler at the State’s Attorney Office. Monique was sworn in prior to conducting the recorded interview. The interview was conducted by Inv. Erika Buckley and me. The following is a summary of that interview. Please refer to the recording for the full interview. Monique advised she met XX in the fall of 2012 during fall recruitment for Florida State University Sororities. They did not join the same sorority but remained friends after recruitment. During the interview, Monique stated she met XX and another friend at XX’s apartment before going out. She said they had a few alcoholic drinks at XX’s apartment because they knew they were going to be banded under at the bar. “Banded under” is a reference commonly used by individuals whom are not of age to consume alcoholic beverages. Arm bands are commonly used by bars to indicate whether patrons are over or under the legal drinking age. While at XX’s dorm room, Ashley did not drink because she was driving Monique and XX to the

bar. They did not drink that much while in XX's room.

When they arrived at Pot Belly's they met with Marcus Jordan. Marcus was banded over 21 and would purchase the drinks for the girls. They would all share the drinks. At some point, XX and Monique walked to the bathroom. While on the way to the bathroom, a black male grabbed XX in the crowd and started talking to her. Monique said he did not grab her in an aggressive manner but pulled her over to him and started talking to her. Monique said XX continued to converse with this individual so she chose to go to the restroom. Monique told XX not to go anywhere and she would be right back. When she exited the restroom, Monique stated XX was still talking to the same black male. The black male then asked for XX's phone number. XX looked at Monique as if she needed approval from her to give him her number. Monique said she told XX "I mean like if you want to." XX gave the black male her phone number, he put it in his phone, and she walked away with Monique. Monique advised there was a "weird little short guy" walking around following them all night. He was not intimidating them but continued to follow them around. Monique said she and XX continued to drink a little more but never got to a level where she felt they were intoxicated. She said XX did not seem drunk and said "we all seemed fine." At one point, XX showed Monique her phone and there was a text on it that said "meet me out front." Monique knew the number was not programmed in XX's phone because the number appeared in the display bar instead of a name that would be saved with it. XX looked at Monique and asked "should I go?" Monique replied "you can go" and "within a few seconds" XX was gone.

Monique did not see XX until the following day. Monique said XX told her she tried to call Monique a couple of times after she left but was not able to reach her. Monique thought that was strange because she did not have any missed calls on her phone the following day. Monique described XX as a person that does not consume a lot of alcohol. The night of the incident she recalled XX being "fine" and that's why she was okay letting her go when she received the text. Monique did not recall receiving any text messages from XX the evening of the incident. The following day, XX asked Monique if she had her ID and Monique said XX was telling her she remembered being "in a cab with black guys." Monique advised Yellow cab would give you a discount if you had an FSU ID. Monique recalled asking XX to look at her phone when she arrived at XX's room the next day. Monique said the message that she saw the night before was deleted from the phone. XX told Monique she did not delete the texts from her phone. When I asked Monique if XX had any idea who the individuals were, she said XX knew he was a football player because he told her he was. Monique remembered learning that XX identified the unknown person when she went to class the next semester. XX said she made eye contact with him and they both had a look of concern on their face. XX listened for roll call in class and heard the person's name was Jameis Winston. Monique said XX said it all made sense then.

Marcus Jordan

On 11/18/13, I spoke with Marcus Jordan to set up an interview. He advised he needed to speak to the victim's attorney prior to speaking with me to get approval. I advised Marcus that was not how it works during an investigation and I could provide him with a subpoena if needed. I received a call shortly after that indicating Marcus would be available for interview after school. Marcus was sworn in prior to the interview and the interview was conducted by Inv. Buckley with the State Attorney's Office and me. Marcus stated he has known XX since the fall of 2012.

They met through mutual friends. The two hung out more often during the fall and spring semesters of 2012/2013. When they would hang out they would normally go to Pot Belly's. Marcus recalled the evening of the incident being known as "the Purgatory." Marcus recalled meeting Monique and XX at Pot Belly's. He believed he arrived there before them. Marcus stated he only provided XX with a few drinks. He recalled approximately 2 shots of tequila and a few additional mixed drinks. He said she did not drink a lot and is not a "huge drink girl." Marcus did not know what time XX left the bar.

Marcus recalled walking through the bar and seeing XX dancing with a black male on the dance floor inside the bar. Marcus said he did not know who Jameis Winston was at the time and does not recall what the black male looked like. Marcus recalled seeing XX around 11:30pm and she was "drunk" but was not "that girl" drunk. He said it was not like she needed to go home. He said she was "just like, happy." The following day Monique called Marcus and told him to meet her at XX's room and that "something happened." When he got there XX seemed distraught and would not let him touch her. Marcus tried to recall what XX told him happened but had difficulty remembering events. At the conclusion of the interview, Marcus was asked to provide a swab for DNA comparison to the evidence collected in this case. Marcus signed a consent to search for and the swabs were collected.

Jamal Roberts

Through my investigation, I located phone calls between XX and an individual named Jamal Roberts. There was a missed call as well as a completed call that lasted approximately 11 minutes to a phone number listed in XX's phone book as Jamal Roberts. The calls were placed on the evening of 12/7/12. I researched Jamal Roberts through several electronic databases and located a Jamal Roberts from Dade City Florida (Pasco County) who was currently playing football in Ohio at Kent State University.

On 11/24/13, contact was made with authorities in Kent, Ohio to attempt to locate Jamal Roberts. On 11/26/13, I was advised Jamal had returned to Dade City Florida for the holidays. On that same date, contact was made with the office of the State Attorney in the 6th Judicial Circuit. Investigator Neil Fraley was assigned to assist with contacting Jamal Roberts. Later that same evening I was contacted by Inv. Fraley who advised Jamal consented to provide a swab for DNA comparison in this case. Inv. Fraley stated Jamal advised he was aware of the situation and had spoken to XX about it. Jamal indicated he was waiting for someone to contact him. The following day, Inv. Fraley was asked to attempt to interview Jamal in regards to information he had about the case. Inv. Fraley stated Jamal confirmed he spoke with XX the night after the incident. Jamal confirmed he was in a dating relationship with XX and had consensual sex with her at an earlier time. Jamal would not provide any further detail about the relationship and would not answer any questions about the case. Jamal advised he would answer questions if he was subpoenaed to do so. Jamal returned to Ohio on Monday 12/2/13.

Cellular Phone Analysis and Electronic Media reports

I reviewed the entire Cellbrite report to include all incoming and outgoing calls, all text messages and all iMessages. It was noted in the messages that XX had recently purchased the iPhone that was analyzed. The earliest messages were dated 11/22/12. I also reviewed a report provided by Verizon Wireless pursuant to a search warrant executed by TPD. Several text messages of

concern were located and are located in the Cellbrite printout. I was also able to locate possible witnesses by reviewing the call log detail.

Attempts to locate XX's Twitter and Facebook accounts were unsuccessful. The accounts were taken down prior to my assignment. Through research I was able to locate several Twitter images from XX's account. Those images and messages are attached to this report.

DNA

On 11/14/13 Jameis Winston consented to provide a DNA sample for comparison in this case. In an FDLE report dated 11/19/13, Jameis Winston was identified as the donor of the foreign DNA located in XX's panties and could not be included or excluded as the donor of the DNA on XX's face swab.

On Wednesday 11/27/13, a search warrant was issued for Christopher Casher to obtain a sample of his DNA to compare to that of the unknown DNA located in XX's pink pants. The warrant was served the morning of 11/27/13. Later that same day I met Inv. Fraley in Chiefland, Florida to retrieve the buccal swabs he collected from Jamal. The swabs were placed in the evidence locker at the State Attorney's office until submission to TPD on Monday 12/2/13.

On 11/25/13, I was advised by ASA Cappleman that Patricia Carroll informed her the unknown DNA may not be that of XX's boyfriend. XX told Carroll that her friend Monique and she shared clothes and Monique may have worn the pink pants that were collected by TPD as evidence in this case.

On 12/2/13, The Sexual Assault Kit was submitted to the FDLE lab in Tampa for evaluation for possible additional testing called Y-STR. This was in an effort to identify the semen on XX's anal swab and the foreign DNA on XX's face swab. On 12/5/13, an FDLE report revealed that the evidence in question was not suitable for any further analysis.

On 12/4/13, FDLE confirmed the unknown foreign DNA located in XX's pink pants was that of Jamal Roberts. Christopher Casher was excluded from any foreign DNA in this case. The blood that was sent to FDLE and Dr. Bruce Goldberger was also confirmed to be XX's blood. It is also noted in a report dated 11/22/13 that both Marcus Jordan and Ronald Darby were eliminated as possible donors of the unknown foreign DNA in the pink pants.

I then contacted Monique to inquire about her borrowing XX's clothes. Monique said she did not specifically recall ever wearing any of XX's clothes. She said she may have tried her clothes on but did not remember wearing any of XX's clothes when they went out. I asked Monique if she recalled having sex prior to trying on any of XX's clothes. I also asked her if she could remember specifically wearing or trying on the pink pants worn by XX the evening of the incident. Monique indicated XX asked her the same question recently. I asked Monique when she spoke to XX about the clothing issue and she reluctantly said a day or two prior to 11/25/13. It should be noted that Monique is 5' 8" and XX is 5' 5" tall.

Toxicology

On 11/15/13, XX's toxicology kit was submitted to Dr. Bruce Goldberger of the University of Florida Pathology Laboratories for a second evaluation. Dr. Golberger tested for other possible drugs that may have been in XX's system causing her to black out and have a spotty memory. All tests were negative for 172 different drugs or drug metabolites. Dr. Goldberger determined the blood alcohol content to be .04g/dL and the urine alcohol content to be .09 g/dL. The blood that was sent to Dr. Golberger was resubmitted to FDLE to confirm the blood that was tested was that of XX. DNA analysis confirmed the blood tested was that of XX.

Summary

At this time, all scientific testing and analysis has been completed. All known witnesses have been interviewed with the exception of the cab driver mentioned in this report. All leads to locate the cab driver have been exhausted.

AFFIDAVIT OF RONALD DARBY

I, RONALD DARBY, hereby having been duly sworn and affirmed hereby state the following as true and correct:

1. My name is Ronald Darby. I am over 18 years in age. I am a resident of Leon County.
2. On December 6, 2012, I went with Chris Casher and Jameis Winston to Potbelly's. We arrived around 11:00 p.m. While there, I watched Jameis talking with a white female that had blonde hair. It appeared that the female was pursuing Jameis. In an effort to continue to hang out with Jameis she was trying to get her friend to go home with Chris Casher. As Jameis and this girl talked, she did not want him to leave.
3. Jameis Winston, Chris Casher and I decided to leave Potbelly's and the same blonde female followed us out of the club. This female did not appear intoxicated. She was able to walk out of the club, have a conversation with all of us and use her cell phone to text her friend to join us. She even got in the cab with us.
4. When we returned to our apartment building, she followed Jameis into his apartment and into his bedroom.
5. Jameis and the girl went into his bedroom. The lights were on and the door was cracked open. The door did not lock and did not close all the way because the lock was broken.
6. As the door was partially open, Chris looked through the opening and we could see her giving Jameis oral sex. Chris continued to watch Jameis and the girl through the cracked door. He was playing jokes on Jameis and trying to embarrass Jameis. Chris walked in Jameis' room and the girl told Chris to get out. She then got up turned off the light and shut the bedroom door. Chris and I could hear her and Jameis having sex. At no time did the girl ever indicate that she was not a willing participant. In fact, she wanted more privacy by closing the door and turning off the lights.
7. After approximately 20 minutes, I left the apartment and went upstairs to my apartment. As I was walking to my apartment I saw Jameis leave with the same girl on his scooter. Approximately five minutes later, Jameis returned on his scooter.
8. On November 13, 2013, I was interviewed by Monica Jordan. As a result of this interview she prepared this statement based on what I told her. This is a true and accurate statement. Ms. Jordan has presented the facts as I provided them to her. This statement is voluntary. I understand that Ms. Jordan is working on behalf of counsel for Jameis Winston.

AFFIDAVIT FOR SEARCH WARRANT

IN THE COUNTY COURT
IN AND FOR LEON COUNTY
STATE OF FLORIDA
COUNTY OF LEON

BEFORE ME, the undersigned Judge of the County Court in and for LEON County Florida, personally came, Investigator Jason Newlin, who, being first duly sworn, deposes and says: That Affiant is a citizen and resident of Leon County, Florida, and that he/she has reason to believe and does believe that certain evidence, more particularly described herein below is being kept in or upon said person located in LEON COUNTY, Florida, described as follows, to-wit:

Christopher Casher 12-30-1993

Being the person Christopher Casher and there is being kept on or in said person certain evidence of a crime, to wit:

DNA- Deoxyribonucleic Acid from Christopher Casher through collection of Buccal swabs from their mouth.

Which is being kept in violation of the laws of the State of Florida to wit the laws prohibiting Sexual Battery, contrary to Chapter 794.011, Florida Statutes.

PROBABLE CAUSE

This the facts tending to establish the grounds for this application and the probable cause of Affiant believing that such facts exist and are as follows:

On December 7, 2012 victim [REDACTED] reported a sexual battery by an unknown black male apartment in Leon County Florida. [REDACTED] stated she recalled being at Pot Belly's and consuming alcoholic beverages. At some point [REDACTED] began to black out. She believed she got in a cab with three unknown black males and traveled to an off campus apartment where the incident allegedly occurred. Through further investigation the apartment was determined to be Legacy Suites located at 415 Chapel Drive Tallahassee, Florida. A possible suspect was later identified by [REDACTED] as being Jameis Winston. The investigation determined Christopher Casher, Jameis Winston and Ronald Darby were all at PotBelly's the night of the incident. The three traveled in a cab with [REDACTED] to their apartment complex, Legacy Suites. It was discovered that Winston was the roommate of Christopher Casher at that time and Ronald Darby lived in an upstairs apartment. According to statements provided by Casher and Darby they both observed as Winston had sexual intercourse with [REDACTED]. Both Casher and Darby state Casher entered the room with Winston and [REDACTED] while sexual acts were being performed. During a subsequent interview Casher indicated he was attempting to see [REDACTED] and Winston would allow him to join in the sexual conduct. All parties involved say Casher was told to exit the room and no sexual encounter was had with Casher.

Evidence was collected the night of the incident to include [REDACTED] panties, shirt and pants that she reported wearing during the incident as well as a SAEkit which contains swabs of the face, vagina, anus, cervix and buccal swabs from [REDACTED]. DNA analysis was conducted on these items. DNA profiles for unknown males were obtained from the face swabs, the panties and the pants worn by [REDACTED] that evening. The DNA from the face and panties was from the same male and the DNA from the pants was from a different male. On November 15, 2013 Jameis Winston consented to provide buccal swabs for comparison. On November 19, 2013 FDLE determined the DNA from the panties was that of Jameis Winston. The DNA from the face could not include or exclude Jameis Winston. On November 18, 2013 Ronald Darby consented to provide a sample of his DNA for comparison. On November 22, 2013 FDLE was able to eliminate Ronald Darby as a source of any DNA collected in this case. A third male known to [REDACTED] Marcus Jordan was with her that evening also consented to provide DNA. FDLE was able to eliminate Jordan as a source of any DNA in this case.

Several attempts to collect a DNA sample from Casher were met with negative results. At this time a search warrant is being requested to include or exclude Christopher Casher as the unknown male DNA that was collected from [REDACTED]'s pants.

Your Affiant is an Investigator with the Office of the State Attorney, currently assigned to the Investigations Unit. Your Affiant has been a sworn Law enforcement officer in the State of Florida for over 10 (ten) years and has written and executed over fifty search warrants in the 2nd Judicial Circuit of Florida.

WHEREFORE, Affiant makes this affidavit and prays the issuance of a search warrant in due form of law for the search of the above described person for the hereinbefore described evidence to be seized and for the seizure and return thereof, subject to the order of the Honorable Court having competent jurisdiction, by the duly authorized officers of the Law.

[REDACTED] was unsure whether the suspect wore a condom.</p> <p>According to [REDACTED] she told the suspect to stop and tried to physically resist him; however, he had her pinned down by her arms.</p> <p>At some point another male entered the bedroom and told the suspect to stop. The suspect then took [REDACTED] into the bathroom and continued the assault. Her next memory was that she was on the back of a scooter with the suspect driving. She was dropped off at [REDACTED]. She walked to her [REDACTED] and called the police.</p> <p>[REDACTED] was transported to the Tallahassee Memorial Healthcare (TMH) emergency room for treatment and evidence collection. doing.

described the male as a black male that was about 6'2" tall, with a dark complexion, and had hair that looked like it needed to be cut. She said that he had "kind of Asian looking eyes."

described the male that interrupted the incident as being not as big and having dreads. She couldn't remember more than that about him. couldn't remember anything about the apartment other than the suspect's door didn't lock. She did remember being driven home on a black scooter.

Due to exhaustion, it was decided to conduct a second interview later in the day. ended our conversation by stating she wasn't sure whether she wanted to press charges.

came to the station on 12/7/13 at about 3:45pm. According to her friend Ashley told her that she saw a text message on phone from someone that told her to meet him outside. stated she does not remember getting a text like that but that she checked her phone and didn't see a text like that.

arrived with her friend Monique. Monique told me that she remembers was talking to a larger black male near the bathrooms. Monique stated the male stated he was a linebacker on the football team. She did not know whether left with this subject.

In a recorded interview started out by stating she and some friends went to Potbelly's bar. While there, they were drinking from some of their friends' cups until their friend Marcus arrived. Once Marcus arrived she, Marcus and Monique shared 5 drinks. stated she heard that she also had 3 shots but does not remember them.

Later in the night a shorter "Indian" looking guy was following her around and a bar tender came to her rescue. The bar tender also gave her a shot. She described the bar tender as being a tall, black male but could not described him further.

described the suspect as being between 5'9" and 5'11" with big muscles. She said that he had a "short afro" that looked like it needed to be cut.

stated there were three males, besides the driver, in the Cab. She remembers a FSU card was used to get a discount on the cab and that a credit card was used to pay for the ride; but, she does not remember which male subject paid. She stated that all three males in the cab with her were black males. The male the interrupted the incident sat in the back seat and a larger male with a shaved head sat in the front seat. According to the male in the front seat was repeatedly telling her to call her friend, but she was unable to reach Monique. said that he seemed to know who Monique was; although, he never said her name.

She described the apartment complex where the incident occurred as "looking like a hotel". She said the complex appeared to be two buildings with an area between them. The apartment was on the ground floor and there were two scooters (red and black) parked in front of the apartment. was unable to say where the complex was located.

[redacted] stated the apartment in which the incident occurred was on the first floor. The room where the incident occurred had a broken door that did not shut all the way. The room had a queen size bed with red and gold sheets. The sheets had a polka dot kind of design on them. The bedroom had its own bathroom.

According to [redacted] she remembers lying on the bed and the suspect taking her clothes off. [redacted] stated she was "kinda incoherent" and was "just laying there". When he started to have intercourse with her, she stated she told him to stop but wasn't yelling or anything, she was quiet because she felt sick. [redacted] stated the suspect started out on top of her but then rolled her over and tried to put her on top of him but she "just laid there", so he rolled her back over. After a little while a male subject she described as a bigger but not taller (than the suspect) black male came into the room and told him to stop. The suspect responded by picking up [redacted] and carrying her to the bathroom. Once in the bathroom, the suspect told [redacted] that he could lock that door. He then put her on the ground and continued the assault. After the assault he told her that she "could go now", but then said he'd take her home on the scooter.

The suspect put her on the back of a black scooter and drove her to the intersection of [redacted] and dropped her off. The drive from the apartment to the intersection was less than 2 minutes. When he left he turned [redacted]

[redacted] wasn't able to describe the person that came into the room during the incident any more than the night before.

[redacted] stated she is familiar with the football player she was talking to by the bathrooms that Monique mentioned. According to [redacted] that person is a freshman football player and his name is Chris. She does not remember seeing Chris after that. She did recall Chris saying that he was looking for his roommate. She does not think Chris was in the cab after they left the bar.

Following the interview, [redacted] still wasn't sure whether she wanted to press charges.

Efforts to locate a suspect via records at Yellow Cab were not productive. The GPS units on the vehicles are not precise enough to eliminate enough cabs to focus the search. Several cabs left the area of Potbelly's bar the night in question and several of those cabs has FSU card swipes. An email was sent to all cab drivers working that night asking for drivers to come forward when provided the demographics of the passengers and the pick-up location. No drivers responded.

On January 10, 2013 I received a voicemail from [redacted]. In that voicemail, [redacted] stated she thinks she knows who the suspect is. According to [redacted] the suspect is in one of her classes.

I returned [redacted] call on January 11, 2013 and scheduled a meeting with her later that day. According to [redacted] the suspect's name is Jamies Winston. I was called later in the day by a Patricia Carroll. Ms. Carroll advised she is [redacted] aunt and is also an attorney. Ms. Carroll asked that all communications go through her. Ms. Carroll advised [redacted] and her family were concerned because Winston is a big name on campus and she is afraid of the consequences of pressing charges. Ms. Carroll said that she has advised [redacted] to seek some counseling and then decide whether she wanted to press charges.

Investigator Osborn made contact with Winston to schedule an interview. Winston stated he had

baseball practice but would call back later to set a time. The next day, Dan Jansen Esq. arrived at the station and said he had been retained to represent Winston. Mr. Jansen was given enough particulars to allow Winston to be able to recall the incident. Jansen stated he would be in touch. Jansen was later contacted. He stated he did not think it was in his client's best interest to give a statement at this time.

According to the FSU Police Department CAD notes, the FSU PD was called to [REDACTED] December 7, 2012 at 3:29am reference a sexual battery. The caller identified herself as a Jenna Wiesberg (phone number 561-886-7595). According to the CAD notes, Wiesberg stated her friend had been raped. The notes indicate the victim [REDACTED] met the suspect at Potbelly's and was hit on the head and kept blacking out during the incident.

FSUPD Officer Harris wrote the following in his report of the incident:

Upon arrival I made contact with the victim, [REDACTED]. She informed me that earlier that morning she was at Pot Belly's, a local bar, with some friends. She stated she had five mixed drinks that contained vodka and a mixer that was unknown. [REDACTED] said she wasn't old enough to drink and that a male friend of hers was sharing his drinks with her. Hinsman did not want to provide the male friend's name because she knew he wasn't off age to buy drinks either, but he had a way to get drinks. [REDACTED] informed me that while walking through the bar a male (unknown to her) handed her a shot. After she consumed the shot she stated she couldn't remember what happen next. She thinks she got into a cab with someone because they asked to see her student ID. [REDACTED] stated she blacked out after that. The next then she was able to recall was waking up on the floor of someone's apartment. She knew she wasn't at Pot Belly's, but she couldn't tell me exactly where she was. The next thing she remembered was being on a bed and a black male having penis to vagina intercourse with her. She stated she saw the door open and another black male with dreads in his hair stand in the doorway while telling the other black male to stop what he was doing. [REDACTED] stated she told the black male to stop, but he replied it would be ok.

[REDACTED] messages (SMS and Apple Messages) were downloaded from her phone during her follow-up interview on December 7, 2012. There are no texts as described by Ashley. The only texts around the time in question are to Monique Kessler (850-826-1994). That exchange is retyped below:

12:50am [REDACTED] -Come Find Me
 1:45am [REDACTED] - do you have me I'd?
 1:47am Kessler -I don't think so! You grabbed it
 1:48am [REDACTED] -Fuckkkkkkk
 1:49am Kessler -It was with your money
 1:49am Kessler -Find it!!!
 1:48am Kessler -Did you find it
 2:24am [REDACTED] -I didn't find it. Where are you?
 2:29am Kessler -His house
 2:29am [REDACTED] -I need to talk to you tomorrow.
 2:36am Kessler -Where r u?

2:36am Kessler - are u home?
 2:37am [redacted] -yes
 2:38am [redacted] -Are you in your room?

The next text messages on the phone for this conversation aren't until 10:14am when Kessler replied "No where are you".

Another item of note regarding the text messages downloaded from [redacted] phone is that an unknown individual sent [redacted] a text at 4:41am (an hour and 12 minutes after the incident was reported to police and before she was transported to TMH) stating "I got spa-2". [redacted] immediately replied "will you text me the answers pleaseeee."

A preservation letter was sent to [redacted] phone provider Verizon, the day of the incident and a Search Warrant was alter served to retrieve those records. According to those records [redacted] attempted to contact Kessler twice (1:40 and 1:46), spoke to a Bria Henry twice (2:48 for almost 174 seconds and 2:56 for 72 seconds), Weisberg twice (2:48 for 524 seconds and 3:07 for 142 seconds), and a call from home at 3:15 for 973 seconds.

The following morning, Bria Henry made sent a text to [redacted] apologizing for contacting [redacted] parents despite her request not to do so.

I spoke to Bria Henry on December 18, 2012. According to Bria, she called [redacted] after [redacted] sent her a text to please call her. [redacted] told her that she was at a party and got hit on the head and blacked out when the incident occurred. Bria said [redacted] did not give her any other details.

I have tried multiple times to get in touch with Monique Kessler; however, she has not returned any of my calls despite my leaving her several voicemail messages.

In December 2012, Winston lived at 415 Chapel Drive on the first floor. That complex matches the description of the incident location as described by [redacted]. At that time, Winston's roommate was Chris Casher, a freshman defensive end with the football team.

This case is being suspended at this time due to a lack of cooperation from the victim. If the victim decides to press charges, the case will be pursued.

NARRATIVE

I was at Potbellys with Monique and Marcus, we all shared about 5 or 6 drinks. We were hanging out mostly with Marcus' friends. One of them gave me a shot. Monique left, I texted her to see if she had my ID and my room key, she said that she left all the stuff with me. Next thing I know I was in the back of a taxi with a random guy that I have never met. There was another person in the taxi. We went to an apartment, I don't know where it was. I kept telling him to stop but he took all my clothes off. He started having sex with me and then his roommate came in and told him to stop. He moved us to the bathroom "because the door locked" and his not 100% sure how everything in there happened. Afterwards I laid on his bed and he put my clothes on and we went outside and got on his scooter. He asked me where I lived and I told him [REDACTED] he dropped me off at [REDACTED] and then left.

	<p>This case was left in suspended status because probable cause could not be established given the conflicting statements between what the victim told her friends and what was reported to police. In addition, the victim was unwilling to pursue criminal charges at that time. Case # 00-12-032758

1. Winston, Casher and Darby went to Potbelly's and arrived around 11:00pm. While at the bar, a blonde female began speaking with Winston.
2. As Winston Casher and Darby left, the blonde female got into the cab with them (according to Casher, she invited herself). The statements indicated the female was not intoxicated and was able to carry on a conversation.
3. When they arrived at their apartment, the female followed Winston into his bedroom.
4. The door was pulled closed but was partially open because it was broken.
5. Casher and Darby watched as the female performed oral sex on Winston through Winston's broken bedroom door. They then saw the female and Winston engage in oral sex. As a joke Casher went into the room. In response the female told him to get out. She then got up and closed the door and turned off the lights. According to the statements, there were no indications that the female was not a willing participant.
6. Approximately 20 minutes later the female left with Winston on his scooter.

ASA Cappleman asked that we attempt to re-interview the victim and her friends. She also asked that we interview Casher and Darby as well. It should be noted that Casher was not initially interviewed due to the fact the victim advised she was familiar with him and did not believe he was present when the incident took place. Additionally, Casher did not meet the description the victim provided for the subject who she said entered the room.

On November 14, 2013, Inv. Osborn and I went to the Moore Athletic Office in an attempt to locate and interview Darby and Casher. As is common practice, contact was made with FSUPD to advise them we were going to be on campus to conduct follow-up regarding an investigation.

Upon our arrival at the Moore Athletic Center, we were met by Monk Bonasorte. According to Bonasorte, the Florida State University Police Department had been requested to direct all law enforcement officers to his office if they were seeking to contact football players regarding this investigation. Bonasorte then stated he believed Jansen had already arranged legal representation for Casher and Darby.

While we were present, Bonasorte made phone contact with who he said was Attorney Jansen. Following the phone call, Bonasorte informed us that Darby had obtained an attorney, but that Casher had not. Bonasorte had staff summon Casher to the Moore Athletic Center. Bonasorte then stated he would be Casher's representative. Bonasorte is not an attorney so we explained that, in order to protect the integrity of the case, he would not be allowed to be present. We then explained if Casher wished to have legal representation, he could request an attorney and the interview would be re-scheduled for a later date.

When Casher arrived, I explained to him that he was just a witness in the case, but was still allowed to have an attorney if he wished. I also explained that we could schedule the interview at a later date to allow him to consult an attorney if he wished. Casher stated he did not want an attorney and consented to an interview.

Incident Report

Case # 00-12-032758

Casher stated he, Darby and Winston went to Potbelly's the night in question. He stated he met a blonde female there but cannot remember her name. After getting her phone number he went off the talk to some other people. Later in the evening he saw the same female talking to Winston.

As he, Darby and Winston were leaving, the female got into the cab with them. Casher stated the female repeatedly tried to call her friend so that she could hang out with Casher; however, apparently did not speak to that person.

Once back at their apartment (Casher and Winston were roommates), the female and Winston went into Winston's bedroom. After about 10 minutes Casher and Darby peeked in the room and saw the female performing oral sex on Winston. Casher stated the door to Winston's room was broken and did not latch closed. A few minutes later he watched as the female and Winston removed their own clothing and climbed on the bed and began to engage in sexual activity. Casher stated he went into the room to see if the female would engage in sexual activity with him as well (as has happened with other females he and Winston have brought back to their apartment); however, the female saw him and told him to get out. A little while later, Casher stated he tried to video tape Winston and the female; however, when the female saw him she again told him to leave. The female then turned off the light and went with Winston into the bathroom.

Casher stated a little while later he heard Winston and the female leave and get on Winston's scooter.

Casher's statements during the interview were consistent with the statement provided to the police by Attorney Jansen. The only discrepancy was when Casher stated he went into the room to surprise Winston. When asked about this discrepancy, Casher stated he did indeed go into the room to try to have sex with her as well.

Bonasorte stated he would contact Darby to obtain the name of his Attorney and then let us know so that we could follow-up with an interview.

On November 14, 2013, Winston consented to providing a DNA sample via a Buccal (cheek cell) swab. Before making Winston available to provide the swab, Jansen again stated, he was not going to allow Winston to be interviewed by police.

In a report dated November 19, 2013, the FDLE Biology Section provided the analysis of their comparison of Winston's Buccal swab with the DNA referenced in their report dated August 27, 2013. According to the report, the partial foreign DNA profile from the victim's underwear matched the DNA profile of Winston. Winston was excluded as the source of the DNA profile from the victim's shorts and could not be either included or excluded as a contributor to the foreign DNA profile recovered from the victim's face (based on the limited nature of the profile obtained from the victim's face).

I had to leave town for several days on a pre-scheduled, work related trip to another part of the state; therefore, Inv. Osborn interviewed Darby and witness Jenna Weisberg. Weisberg was the individual who first contacted FSUPD. These interviews took place on November 15, 2013. See Inv. Osborn's supplement for details. Sgt. Baldwin re-interviewed witness Bria Henry in my absence. See her supplement for details.

Incident Report

Case # 00-12-032758

On November 18, 2013, Inv. Osborn advised he attempted to contact witness Monique Kessler. Kessler, however, told Inv. Osborn she would need to call him back because she was in the process of speaking with investigators with the Office of the State Attorney. The content of that interview has not been shared with this agency.

In addition, I was made aware that ASA Cappleman scheduled an appointment to speak with the victim's attorney later that morning. Inv. Osborn and I requested to be present at that meeting but our request was denied. The victim was later interviewed by members of the Office of the State Attorney. The specific details of that interview have not been shared with this agency.

At the request of the Office of the State Attorney, the blood and urine samples taken from the victim were sent to Dr. Goldberg, with the University of Florida for additional analysis. Dr. Goldberg confirmed the findings of the FDLE lab that there were no drugs found.

Witnesses Darby and Marcus Jordan (the person with whom the victim shared drinks earlier in the night), voluntarily submitted Buccal swabs to be compared with the unknown foreign DNA profile on the victim's shorts. In a report dated November 22, 2013, both men were excluded as possible contributors to that foreign DNA profile.

Witness Casher was contacted to see if he would voluntarily provide a buccal swab to compare against the foreign DNA profile found on the victim's shorts. Casher initially stated he would meet to provide the sample. Inv. Osborn was later contacted by Casher's Attorney, Adam Ellis. Ellis advised he wanted time to review the facts of the case before deciding whether he would allow Casher to provide a sample. The Office of the State Attorney served a search warrant to obtain a DNA sample from Casher. On December 5, 2013, I received the FDLE report regarding the comparison of Casher's DNA sample to the other items previously submitted in this case. Casher's sample was excluded as the source of the foreign DNA located on the victim's shorts, underwear, and face.

The previously unidentified sample found on the victim's shorts was determined to belong to a known acquaintance of the victim, Jamal Roberts. Due to concerns voiced by the victim's attorney that the blood submitted which showed no drugs did not actually belong to the victim, the State Attorney's Office requested that the blood sample be re-submitted for blood typing. The FDLE reported obtained on December 5, 2013, confirmed the blood initially submitted did, in fact, belong to the victim.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
1	2	Sexual Assault Evidence Kit from containing the following items: 2A Buccal swabs 2B Vaginal swabs 2C Cervical swabs 2D Anal swabs 2E Face swabs
2	3	Panties
3	3A	Pink shorts

RESULTS:

Semen was identified on the anal swabs (Exhibit 2D), the panties (Exhibit 3) and the pink shorts (Exhibit 3A).

No semen was identified on the buccal swabs (Exhibit 2A), the vaginal swabs (Exhibit 2B) or the cervical swabs (Exhibit 2C).

FDLE NUMBER: 20130100121 Submissions: 1

FB

The pink shorts (Exhibit 3A) gave chemical indications for the presence of blood.

The vaginal swabs (Exhibit 2B), the face swabs (Exhibit 2E), the panties (Exhibit 3) and the pink shorts (Exhibit 3A) gave chemical indications for the presence of amylase, a constituent of saliva and other body fluids.

STR DNA analysis was performed on a samples from the buccal swabs (Exhibit 2A), the vaginal swabs (Exhibit 2B), the cervical swabs (Exhibit 2C), the anal swabs (Exhibit 2D), the face swabs (Exhibit 2E), the panties (Exhibit 3) and the pink shorts (Exhibit 3A) utilizing the AmpF/STR Identifiler Plus PCR Amplification Kit.

A complete DNA profile was obtained from the buccal swabs from [REDACTED] Exhibit 2A).

Exhibits 2B, 2C and 2D:

No DNA results foreign to [REDACTED] Exhibit 2A) were found on the vaginal swabs (Exhibit 2B), the cervical swabs (Exhibit 2C), or the anal swabs (Exhibit 2D).

Exhibit 3:

The DNA profile obtained from the panties (Exhibit 3) demonstrated the presence of a mixture. Assuming two donors to the mixture and that [REDACTED] Exhibit 2A) is a donor, a partial foreign DNA profile was obtained. This partial foreign DNA profile is consistent with originating from a male individual (Male #1).

Exhibit 2E:

The DNA profile obtained from the face swabs (Exhibit 2E) demonstrated the presence of a mixture. Assuming two donors to the mixture, a partial DNA profile foreign to [REDACTED] Exhibit 2A) was obtained from the face swabs (Exhibit 2E). This partial foreign DNA profile is consistent with the partial foreign DNA profile obtained from the panties (Exhibit 3).

Exhibit 3A:

The DNA profile obtained from the pink shorts (Exhibit 3A) demonstrated the presence of a mixture. Assuming two donors to the mixture and that [REDACTED] Exhibit 2A) is a donor, a complete foreign DNA profile was obtained. This foreign DNA profile is consistent with originating from a different male individual (Male #2) than the partial DNA profile from the panties (Exhibit 3).

REMARKS:

The foreign DNA profiles developed from the panties (Exhibit 3) and the pink shorts (Exhibit 3A) have been entered into CODIS.

This report references evidence submitted to the Florida Department of Law Enforcement on November 15, 2013 by Jill Allison and a report dated August 27, 2013 authored by Jo Ellen Brown. This report may contain conclusions, opinions, and/or interpretations made by the author.

EVIDENCE:

FDLE Item#	Agency Exhibit#	Description
5	1A	Buccal Swab from Jameis Winston

RESULTS:

STR DNA analysis was performed on a sample from Exhibit 1A utilizing the AmpF/STR Identifiler Plus PCR Amplification Kit. A complete DNA profile was obtained.

The partial foreign DNA profile from the panties (Exhibit 3, previous report) matches the DNA profile from Jameis Winston (Exhibit 1A). For 13 loci, the frequency of occurrence of this foreign DNA profile for unrelated individuals is approximately 1 in 2.2 trillion.

Jameis Winston (Exhibit 1A) is excluded as the source of the foreign DNA profile from the shorts (Exhibit 3A, previous report).

Due to limited nature of the foreign DNA results obtained from the face swab (Exhibit 2E, previous report),

FDLE NUMBER: 20130100121 Submissions: 2

SHL

Jameis Winston (Exhibit 1A) can be neither included nor excluded as a contributor.

REMARKS:

The frequencies were calculated utilizing a validated statistical database (JFS 48(4):908-911). The most common frequency from the Caucasian, African American (Blacks), or Hispanic populations is reported. The results of the Amelogenin locus were not used in the statistical calculations.

The information obtained was not entered into CODIS.

The submitted evidence is available for retrieval or return at the earliest opportunity. This evidence includes DNA extracts. It is recommended that all DNA extracts be stored frozen.

9	7	Buccal swab from Jamal Roberts

SHL

FDLE NUMBER: 20130100121 Submissions: 5, 6 and 7

RESULTS:

The urine specimen (Exhibit 4C) was not examined.

Blood stain cards were prepared from each of the liquid bloods (Exhibits 4A and 4B).

STR DNA analysis was performed on samples from Exhibits 4A, 4B, 1B and 7 utilizing the AmpFISTR Identifiler Plus PCR Amplification Kit. Complete DNA profiles were obtained from each.

The foreign DNA profile obtained from the shorts (Exhibit 3A, previous report) matches the DNA profile from Jamal Roberts (Exhibit 7). The frequency of occurrence of this DNA profile for unrelated individuals is approximately 1 in 270 sextillion.

Jamal Roberts (Exhibit 7) is excluded as the source of the partial foreign DNA profile from the panties (Exhibit 3, previous report) and the foreign DNA results from the face swabs (Exhibit 2E, previous report).

Christopher Casher (Exhibit 1B) is excluded as the source of the foreign DNA profile from the panties (Exhibit 3, previous report), the shorts (Exhibit 3A, previous report) and the foreign DNA results from the face swabs (Exhibit 2E, previous report).

The DNA profiles from each of the blood samples (Exhibits 4A and 4B) match the DNA profile from [REDACTED] (Exhibit 2A, previous report). The frequency of occurrence of this DNA profile for unrelated individuals is approximately 1 in 620 quadrillion.

REMARKS:

Exhibit 2, the DNA extracts and microscope slides from Exhibits 2, 3 and 3A, Exhibit 1A (previous report), Exhibit 1B, Exhibits 5 and 6 (previous report) and the DNA extracts from Exhibits 1A, 1B, 5 and 6 were transferred to the Biology Section of the Tampa Bay Regional Operations Center for further analysis which will be the subject of a separate report.

Upon review of additional information, the foreign DNA profile developed from Exhibit 3A previously entered into CODIS does not meet the criteria required. As a result, the DNA profile has been deleted from CODIS.

Exhibits 4 and 7 are available for retrieval or return at the earliest opportunity. This evidence includes DNA extracts. It is recommended that all DNA extracts be stored frozen.

Abbreviations that may appear in this report are: CODIS *Combined DNA Index System*; DNA *deoxyribonucleic acid*; PCR *Polymerase Chain Reaction*; STR *short tandem repeat*; Y-STR *male specific short tandem repeat*; FBI *Federal Bureau of Investigation*; and JFS *Journal of Forensic Sciences*.

On December 7, 2012, at approximately 3:22 am, I was dispatched to [REDACTED] in reference to a sexual battery that occurred off campus. My investigation revealed the following:

Upon arrival I made contact with the victim, [REDACTED]. She informed me that earlier that morning she was at Pot Belly's, a local bar, with some friends. She stated she had five mixed drinks that contained vodka and a mixer that was unknown. [REDACTED] said she wasn't old enough to drink and that a male friend of hers was sharing his drinks with her. [REDACTED] did not want to provide the male friend's name because she knew he wasn't off age to buy drinks either, but he had a way to get drinks. [REDACTED] informed me that while walking through the bar a male (unknown to her) handed her a shot. After she consumed the shot she stated she couldn't remember what happen next. She thinks she got into a cab with someone because they asked to see her student ID. [REDACTED] stated she blacked out after that. The next then she was able to recall was waking up on the floor of someone's apartment. She knew she wasn't at Pot Belly's, but she couldn't tell me exactly where she was. The next thing she remembered was being on a bed and a black male having penis to vagina intercourse with her. She stated she saw the door open and another black male with dreads in his hair stand in the doorway while telling the other black male to stop what he was doing. [REDACTED] stated she told the black male to stop, but he replied it would be ok.

I asked [REDACTED] what she wore at the time the incident happen. She stated she had bright pink skinny jeans on with a multi-color top that was black, tan, and white. I asked her how her clothes were taken off. She stated she thought the black male took her pants and underwear off and placed them back on after the incident happen. She was having a hard time remembering what exactly happen and in what order they happen. I asked [REDACTED] if the black male used protection and she stated she thought he might have, but didn't know for sure. She didn't know if he ejaculated inside of her or not.

[REDACTED] stated she then remembered getting on a scooter with the black male. She wasn't able to provide a location she was coming from. The only thing she was able to provide was she remembered seeing or being on Call Street by CVS and Tennessee Street. She stated the black male asked where she lived. [REDACTED] stated she didn't want to tell him her true address so she told him Salley Hall. The black male dropped her off at the intersection of Stadium Drive and Call Street at approximately 2:00 am. [REDACTED] walked back to [REDACTED].

I asked [REDACTED] if she had an opportunity to see the black males face after the incident occurred, but she stated he attempted not to reveal his identity by not showing her his face. I asked her if the black male was the same male that was sharing drinks with her earlier in the morning at Pot Belly's she stated no, that it wasn't the same guy. [REDACTED] was very adamant about her male friend not being the same guy as the one who sexually assaulted her.

[REDACTED] did change her clothes except her underwear. She hadn't taken a shower at the time, but did use the restroom.

Due to the incident occurring off campus TPD was contacted. TPD Ofc. C. Fallis #631 arrived on scene. TPD Ofc. Fallis collected the pants, shirt, and bra [REDACTED] was wearing before and after the incident occurred.

Victim Advocate, Sara Groff, arrived at the FSU Police Department 4:09 am. I transported [REDACTED] to TMH for an examination to be administered. Groff met

[REDACTED] at TMH.

[REDACTED] is a current student at FSU. She could not remember any features about the black male that sexually assaulted her.

TPD's case number in reference to this incident is 12-32758.

## Statement: Police warned accuser about pursuing Jameis Winston matter

Matt Baker, Times Staff Writer

Wednesday, November 20, 2013 11:34am

A Tallahassee detective told an accuser's attorney that Tallahassee is a "big football town" and her client's life could "be made miserable" if she pursued a sexual assault case against Florida State quarterback Jameis Winston, according to an exclusive statement released by the family to the *Tampa Bay Times* on Wednesday.

The statement — released through the family's attorney — is the first public comments from the complainant and her family since allegations surfaced last week that Winston was involved in the investigation of a sexual assault reported in December.

(View the statement here:

<http://www.tampabay.com/specials/2013/PDFs/winston.pdf>)

Winston has not been arrested or charged with a crime, and his attorney has publicly denied any wrongdoing by his client. The *Times* does not identify possible victims of sexual assault investigations.

A Tallahassee police spokesman told the *Times* on Nov. 8 that an incident was reported after a woman took a shot from an unknown person and left a Tallahassee bar in a cab. According to a heavily redacted police report, the woman said a sexual assault happened between 1:30 and 2 a.m. Tallahassee police responded to a call about two hours later.

After the woman — a Florida State student from the Tampa Bay area — identified Winston as the suspect in early January, "the family grew concerned that she would be targeted on campus" and requested assistance from an attorney friend, according to the statement.

"When the attorney contacted Detective (Scott) Angulo immediately after Winston was identified, Detective Angulo told the attorney that Tallahassee was a big football town and the victim needs to think long and hard before proceeding against him because she will be raked over the coals and her life will be made miserable," the family said.

The family also said that Angulo refused to collect Winston's DNA or interview his roommate, a possible witness in the case, because doing so would alert Winston and allow the case to go public.

A public record request by the *Times* revealed no search warrants executed under Winston's name. And there are no public search warrants related to sex crimes that match the address of the building Winston reportedly lives in. In addition, the public record request did not reveal that any search warrants have been executed in relation to the case since Nov. 11. There is no way to know if there are search warrants that have been carried out but are confidential at this time.

The family also questioned why Winston's attorney, Tim Jansen, was told that the case had been closed in February without FSU police interviewing Winston or collecting DNA.

"The family was shocked to hear that Winston's attorney was not only aware of the case but had been told by Tallahassee Police Department that the case had been closed in February," the family said. "All the while, the family was awaiting blood work results until early April."

Jameis Winston has not been arrested or charged with a crime, and his attorney has publicly denied any wrongdoing by his client.

Among the questions posed at end of the family's statement about the handling of the case:

- Why was Winston not listed as the suspect in the police report when he was identified in early January?
- Why did it take Detective Angulo four months to verbally inform the family of the blood work results?
- Why didn't Detective Angulo or his superiors inform the State Attorney of the crime before the media sought a copy of the police report 11 months after the crime?

The family said they are not responsible for the leak of this information, which comes during the height of Winston's Heisman Trophy campaign and FSU's push for its first national title since 1999.

"It was never the intent of the victim or the family for this to become public," the family said. "The victim was trying to move on with her life, which has now been turned upside down once again."

Winston, a redshirt freshman, was a five-star recruit in the class of 2012. In January of that year, he was the MVP of the Under Armour All-America Game at Tropicana Field.

He emerged as a Heisman Trophy candidate this season in his first year as FSU's starting quarterback. Winston has thrown for 28 touchdowns and almost 3,000 yards this season for the second-ranked Seminoles, who are 10-0 and have already clinched a spot in the ACC title game.

Winston was 19-of-21 passing for 277 yards and two touchdowns in last week's 59-3 rout of Syracuse.

Recent media reports compel our family to make a statement at this time.

We the victim and family have attempted to allow the State Attorney to address Tallahassee Police Department's questionable investigation into the rape of the victim.

We the victim and family have not responded to the barrage of media inquiries. We did not want to escalate a very difficult situation which we thought was behind us.

On 12/7/12 the victim was raped by an unknown person. The victim immediately reported it to law enforcement and cooperated completely with all requests made of her by law enforcement.

In early January, when the victim identified the perpetrator as Jameis Winston, the family grew concerned that she would be targeted on campus.

We requested assistance from an attorney friend to interact with law enforcement on the victim's behalf. When the attorney contacted Detective Angulo immediately after Winston was identified, Detective Angulo told the attorney that Tallahassee was a big football town and the victim needs to think long and hard before proceeding against him because she will be raked over the coals and her life will be made miserable.

The attorney and Detective Angulo discussed suspending the investigation to give the victim some time to receive counseling. However, during that discussion, the attorney addressed the need for the family to obtain the DNA and blood work results to make a more informed decision. At that time, Detective Angulo specifically refused to collect Winston's DNA or interview Winston's roommate who witnessed the attack. Detective Angulo stated that such activity would alert Winston and the matter could go public.

Thereafter, the family, through counsel, repeatedly attempted to obtain the blood work results from both Detective Angulo and the Tallahassee Police Department's victim advocate, Fawnisha Brown. At all times, the victim, the family, and counsel were available to Tallahassee Police Department and were under the impression that only law enforcement was aware of the crime.

If the victim had been aware that Winston's attorney was alerted as far back as February, she would have insisted that Tallahassee Police Department immediately collect DNA and interview, at the very least, Winston's roommate who witnessed the attack.

The victim was devastated when she learned late last week that the Tallahassee Police Department had informed Winston's attorney as far back as February, which allowed him all of this time to create his defense and prepare his witnesses. The victim cannot fathom that the State Attorney's office was not given the same opportunity.

The family was shocked to hear that Winston's attorney was not only aware of the case but had been told by Tallahassee Police Department that the case had been closed in February. All the while, the family was awaiting blood work results until early April.

It was never the intent of the victim or the family for this to become public. The victim was trying to move on with her life which has now been turned upside down once again. We have not been the source of any information prior to this release; there was no benefit in that.

In light of the fact that this matter has now been made public, here are a few of the many questions the victim and the family have:

1. If Winston's attorney was aware of the case in February 2013, why didn't Detective Angulo collect DNA evidence, interview Winston, and conduct a proper investigation.
2. Why did it take Detective Angulo four months to verbally inform the family of the blood work results?
3. Why was Winston not listed as the suspect in the police report once he was identified in early January?
4. Why is it being represented in the press that the victim was intoxicated when Detective Angulo told the family that the victim was not intoxicated based on the blood work?
5. Why didn't Detective Angulo or his superiors inform the State Attorney of the crime before the media sought a copy of the police report 11 months after the crime?
6. Why was the Florida State University Police Department given a copy of the police report after it was determined they did not have jurisdiction, especially given the fact that Winston's attorney represents the Florida State University football team and they have a clear conflict of interest?

Once again, the victim and the family are compelled to provide a statement in light of the DNA results validating the victim's identification of Winston as the perpetrator and Mr. Jansen's assertions of consent.

Jansen stated that he was not surprised by the DNA results because the encounter was consensual. However, Jansen allowed the media frenzy to go on for a week as to the accuracy of Winston's identity, thereby perpetuating this matter and keeping his client in the spotlight for an extra week, unnecessarily.

Jansen stated that the DNA leak damaged his client's reputation. Why would a consensual encounter damage his client's reputation? However, a rape would certainly damage his client's reputation.

The "consent defense" is too little too late and is clearly reactive damage control by Jansen after learning the DNA matched his client.

Jansen's focus on the leak of the DNA results is self serving and misplaced. What is significant is that the DNA matched the person identified by the victim to law enforcement back in January 2013.

To be clear, the victim did not consent. This was a rape.

Jansen's statement that he was retained by Winston's family necessarily means that Winston was informed that he had been identified as a suspect in this investigation. Neither the victim nor her attorney was notified by anyone at the Tallahassee Police Department that Winston had been informed.

Once Jansen was retained by Winston's family and spoke to his client, one would think, being a suspect in a rape investigation, Winston would have immediately asserted his "consent defense." He is only now claiming the "consent defense" after science validated the victim's identification of Winston as the perpetrator.

If Jansen had knowledge of witnesses beneficial to Winston back in February 2013, it seems logical that Jansen would have immediately provided those alleged "exculpatory witnesses" to Detective Angulo. Theoretically, Detective Angulo would have taken the statements of the alleged "exculpatory witnesses" at that time. Instead Detective Angulo placed the case on "open inactive" status.

Lastly, DNA is not 5'9" to 5'11", DNA is Jameis Winston.

Here are a few more of the many questions the family has:

1. Someone at the Tallahassee Police Department informed Jansen that the case was closed back in February 2013. Who specifically at the Tallahassee Police Department told Jansen this case was closed?

2. Why would Detective Angulo inactivate the case after notifying Winston that he was a suspect?
3. Why is the Tallahassee Police Department saying that the victim "broke off contact" in February 2013 when the victim's attorney sent a letter to Detective Angulo on January 11, 2013 stating that she was going to be the contact person for the victim thereafter?
4. Why did Detective Angulo fail to notify his chief of police, Dennis M. Jones, that Winston had been identified as a suspect when it is customary for the chief to be notified of cases involving athletes?
5. Why was the city manager, Anita Favors Thompson, given information about an open police investigation and why did she feel the need to email that information to city commissioners?

So she likes me and wanted me to take her, but she's getting a little crazy about the dating thing. So, I told her I don't like |

Honestly, if she even has to second guess who to go with then she's not that important. I understand you wanna hook up with her and stuff but she wants a boyfriend and you're not gonna do that for her. Tell her to go with the other guy then ask Jordan or someone else. There's a lot of girls here that don't want to date. You shouldn't waste your time if she's just trying to change your mind. |
