

BELIEVE AGAIN

Two terms of President Obama's failed liberal policies and top-down regulations have choked our economy, bloated our government, and undermined our national values.

America is in sore need of new leadership. We need a President who will take on our challenges fearlessly, and use bold conservative reform to undo the damage of decades of liberal failure. I believe the best person in America for that job at this point in our history is Governor Bobby Jindal in my home state of Louisiana.

That's why I am proud to launch Believe Again, a federal Super PAC that will advocate for the election of Governor Jindal as President if he chooses to seek that office.

We are assembling the resources and the firepower to let the rest of the nation know what all of us from Louisiana already know well – that Governor Jindal is a once-in-a-lifetime leader, the rare person who has proven he can take big ideas and turn them into lasting change.

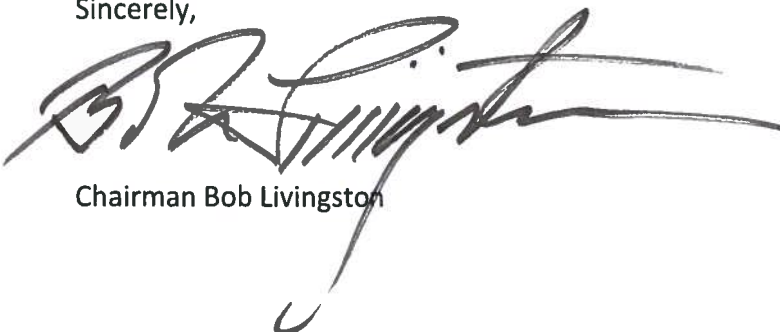

From ethics reform, to cutting taxes, to right-sizing a bloated government, to reforming workforce training to implementing real school choice and education reform, it would take me all day to tell you about all the good he's done for our state. But the best way to convey his success is to tell you about the result. For the first time in generations, more people are moving to Louisiana than leaving it. Our economy is not just growing, it's thriving. Governor Jindal's policies have given our state a fresh new start and he has made native Louisianans all over this land Believe Again.

That's what he will do as President if he chooses to run. His talent and courage to take on the status quo will enable people all over the country to Believe Again.

I hope you will choose to join our effort by making a contribution to Believe Again. As a federal Super PAC, we accept personal donations of unlimited size. We will use these resources wisely, and in a precisely targeted manner, promoting the message to the voters who need to hear it most. Our team at Believe Again will be as bold and as smart in our efforts as Governor Jindal is in his own.

Thank you in advance for your support.

Sincerely,

Chairman Bob Livingston
