Dear Mr Alexander,

22 January 2015

**Freedom of Information Act (FOIA) R50-14: Further to your request 14-0537**

Further to our letter of 31 October 2014, although we consider our public interest arguments are soundly based, we do not consider that it is in the public interest for the Treasury to continue to defend withholding the menu.

The menu for the working lunch between the Chancellor and former Chancellors on 2 December 2010 is provided with this letter.

I am copying this letter to the Information Commissioner's Office.

Yours sincerely,

Kate Jenkins
