INDIANA SCHOOL CHOICE SCHOLARSHIP PROGRAM HISTORY

This is the 2015 update to the Choice Scholarship Program Annual Report originally released on January 27, 2014. This version of the report includes updates for the 2013-2014 and 2014-2015 school years.

The report provides an overview of the Indiana Choice Scholarship Program, which was passed as part of House Enrolled Act 1003-2011(Public Law 92-2011) and provides Choice Scholarships to students in households that meet income and eligibility requirements. The program provides funds to assist with the payment of tuition and fees at a participating Choice School.

For the 2011-2012 school year, Choice Scholarships were limited to 7,500 students. For the 2012-2013 school year, Choice Scholarships were limited to 15,000 students. Beginning with the 2013-2014 school year, the student cap was removed and Choice Scholarships were available to any student that met eligibility and income requirements. During the 2013 Session of the Indiana General Assembly, the program was further expanded to include eligibility components related to special education, siblings, and failing schools.

Information on the School Choice Program may be found in I.C. 20-51, 512 IAC 3, and 512 IAC 4 or by accessing information on the Indiana Department of Education (IDOE) website at the following link <http://www.doe.in.gov/choice>.

ELIGIBILITY

To participate in the Choice Scholarship Program a student must satisfy income and eligibility requirements.

STUDENT ELIGIBILITY CRITERIA

All students must satisfy the following three requirements:

1. Have legal settlement in Indiana;
2. Be between the ages of 5 and 22 no later than August 1 of the school year; and
3. Be accepted for enrollment into a participating Choice Scholarship school;

After satisfying the three requirements listed above, a student must satisfy the requirements for one of the eligibility pathways.

For the 2011-2012 school year, there were two eligibility pathways.

1. Two-Semesters in Public School Pathway

- a. The student was enrolled in 1st through 12th grade in a public school, including a charter school, in Indiana for at least two semesters immediately preceding the first semester for which the individual receives a Choice Scholarship.
- b. Beginning with the 2013-2014 school year, kindergarten attendance could satisfy the two semesters in public school requirement.
- c. The student is a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

2. Previous Scholarship Granting Organization (SGO) Award Pathway

- a. The student received a SGO Scholarship in a previous school year, including a school year that does not immediately precede the school year for which the student is applying for a Choice Scholarship.
- b. The five approved Scholarship Granting Organizations (SGOs) are:
 - Educational Choice Charitable Trust
 - School Scholarship Granting Organization of Northeast Indiana
 - Tuition Assistance Fund of Southwestern Indiana
 - Sagamore Institute Scholarships for Education Choice
 - The Lutheran Scholarship Granting Organization of Indiana
- c. The student is a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

For the 2012-2013 school year, a third pathway, the Previous Choice Scholarship Student Pathway, became applicable. The Previous Choice Scholarship Student Pathway was written into the original statute. However, because the 2011-2012 school year was the first year of the Choice Scholarship Program, no students could have met the criteria for this pathway prior to the 2012-2013 school year.

3. Previous Choice Scholarship Student Pathway

- a. **2012-2013 School Year**
 - The student received a Choice Scholarship in the previous school year.
- b. **2013-2014 School Year**
 - The student received a Choice Scholarship in a school year that does not immediately precede the school year for which the student is applying for a Choice Scholarship; or
 - The student received a Choice Scholarship in the immediately preceding school year but the student exited the Choice School prior to the end of the school year.
- c. The student is a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

For the 2013-2014 school year, legislative changes increased the number of eligibility pathways to seven.

4. Continuing Choice Scholarship Student Pathway

- a. The student received a Choice Scholarship in the school year that immediately precedes the school year for which the student is applying for a Choice Scholarship.
- b. The student is required to have remained enrolled at the Choice School for the entirety of the immediately preceding school year.
- c. The student is a member of a household with an annual income equal to or below 200% of the amount to qualify for the federal free or reduced lunch program.

5. **Special Education Pathway**

- a. The student has a disability that requires special education.
- b. An individualized education program (IEP) pursuant to IC 20-35 or a service plan pursuant to 511 IAC 7-34 has been developed for the student.
- c. The student is a member of a household with an annual income equal to or below 200% of the amount to qualify for the federal free or reduced lunch program.

6. **“F” Public School Pathway**

- a. The student would be required to attend a specific public school based on their residence that has been assigned an “F” grade.
- b. This pathway does not require prior attendance at the school.
- c. The student is a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

7. **Sibling Pathway**

- a. The sibling of the newly applying student received either a Choice Scholarship or an SGO scholarship in a preceding school year, including a school year that does not immediately precede the school year for which the student is applying for a Choice Scholarship.
- b. For purposes of the Choice Scholarship Program, the term “sibling” shall mean one of two or more individuals having one **or** both parents, guardians or custodians in common. The term does not require a consanguineous (blood) relationship between the individuals.
- c. The student is a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

INCOME ELIGIBILITY CRITERIA

The income criteria to participate in the Choice Scholarship Program are linked to the federal free or reduced lunch program income guidelines. In order to qualify for the larger, 90% Choice Scholarship award, a student must be a member of a household with an annual income equal to or below 100% of the amount to qualify for the federal free or reduced lunch program. To qualify for the smaller, 50% award, the student must be a member of a household with an annual income equal to or below 150% of the amount to qualify for the federal free or reduced lunch program.

Beginning with the 2013-2014 school year, income eligibility for the 50% award was expanded to 200% of the amount to qualify for the federal free or reduced lunch program for students qualifying under the Continuing Choice and Special Education Pathways.

PARTICIPATION

STUDENT AND SCHOOL PARTICIPATION

In 2011-2012, the first year of the Choice Scholarship Program, 3,911 students and 241 schools participated. This increased to 9,139 students and 289 schools for the 2012-2013 school year and 19,809 students and 313 schools for the 2013-2014 school year. For the current year of the program, 2014-2015, 29,148 students and 314 schools are participating. Tables 2 and 3 below show the growth in student and school participation over the first four years of the program.

If a subset includes fewer than 10 students, the actual number may not be reported. Values may be asterisked if their inclusion would allow for student level counts of less than 10 to be deduced.

The participation of white students as a percentage of total program participants has increased in each of the four years of the program. The participation of black, Hispanic, and multiracial students as a percentage of total program participants has decreased in each of the four years of the program.

Percent Participation by Ethnicity

PARTICIPATION BY GEOGRAPHIC AREA

Each school corporation in Indiana is categorized as one of four geographic types- metropolitan, suburban, rural, or town. The geographic type of the school corporation of legal settlement is used to determine the geographic area of each student participating in the Choice Scholarship Program. As illustrated in Table 9 below, the percentage distribution of students by geographic area category has remained relatively constant across the four years of the program.

Table 9. Participation by Geographic Area

	2011-2012	Percent	2012-2013	Percent	2013-2014	Percent	2014-2015	Percent
Metropolitan	2,699	69.0%	6,061	66.3%	13,175	66.5%	18,213	62.5%
Suburban	630	16.1%	1,601	17.5%	3,525	17.8%	6,259	21.5%

Total	3,911	100%	9,139	100%	19,809	100%	29,148	100%

The majority of Choice Scholarship students, 62.5% in 2014-2015, come from metropolitan areas. The percent of participants from suburban areas has increased in each of the four years of the program.

Percent Participation by Geographic Area

Pathways

PARTICIPATION BY PATHWAY

For the 2011-2012 and 2012-2013 school years, there were three pathways to student eligibility. The first pathway is for a student to have spent the two semesters preceding the receipt of a Choice Scholarship in an Indiana public school. The second pathway is for a student to have received an award from an approved scholarship granting organization (SGO) through the School Scholarship Tax Credit Program in a previous school year. The third pathway, which became applicable for the 2012-2013 school year, is to have received a Choice Scholarship award in a previous year.

Table 10 below illustrates participation by student type for the 2011-2012 and 2012-2013 school years.

Table 10. Participation by Student Type 2011-2012 and 2012-2013				
	2011-2012	2012-2013	Change	% Change
Previous Choice Students	N/A	2,958		
Two-Semesters in Public School Students	3,379	4,209	830	24.6%
Previous SGO Award Students	532	1,972	1,440	270.7%
Total	3,911	9,139	5,228	133.7%

For the 2012-2013 school year, 2,958 of the students who participated in 2011-2012 continued in the program, while 6,181 students were new to the Choice Scholarship Program. Of these students new to the Choice Scholarship Program, 1,972 students previously received awards through Scholarship Granting Organizations (SGOs) and 4,209 students were eligible based on their prior enrollment in an Indiana public school.

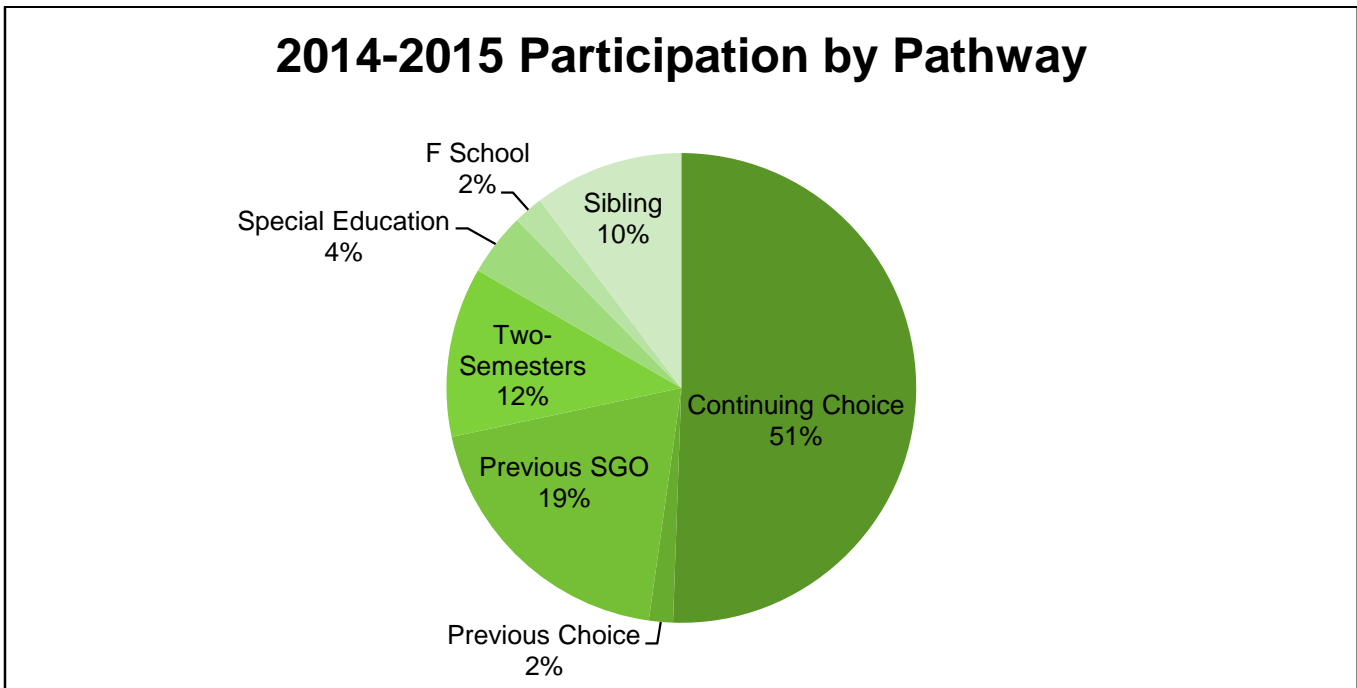

Beginning with the 2013-2014 school year, student eligibility criteria for the Choice Scholarship Program was expanded to include seven different pathways to eligibility. Table 11 below depicts the pathway selected at the time of student application. It is possible that a student could satisfy the eligibility criteria of more than one pathway.

Table 11. Participation by Pathway				
Pathway	2013-2014	Percent	2014-2015	Percent
Continuing Choice	7,066	35.67%	14,738	50.56%
Previous Choice	108	0.54%	481	1.65%
Previous SGO	2,423	12.23%	5,667	19.44%
Two-Semesters	4,599	23.22%	3,405	11.68%
Original Pathways	14,196	71.66%	24,291	83.33%
Special Education	1,088	5.49%	1,262	4.33%
F School	1,796	9.07%	597	2.05%
Sibling	2,729	13.78%	2,998	10.29%
Expanded Pathways	5,613	28.34%	4,857	16.67%
Total	19,809	100%	29,148	100%

The percentage of students applying under the Continuing Choice Pathway increased from 35.67% in the 2013-2014 school year to 50.56% in the 2014-2015 school year. The Previous SGO Pathway had the second largest increase in the percentage of student applications increasing from 12.23% to 19.44%. All other pathways, with the exception of the Previous Choice Pathway, experienced a decline in the percentage of student applicants.

The Two-Semester in Public School and the F School Pathways were the only two pathways that experienced a decline in the number of applicants between the 2013-2014 and 2014-2015 school years. In the 2013-2014 school year, 4,599 students applied under the two-semester pathway while only 3,405 students applied under this pathway for the 2014-2015 school year. Similarly, 597 students applied under the F School pathway for the 2014-2015 school year, down from 1,796 students in the 2013-2014 school year.

There are two eligibility branches within the Sibling Pathway. A sibling of a student who received either a Choice Scholarship or an SGO award in a previous school year is eligible under the Sibling Pathway. As illustrated in Table 12 below, the majority, 58.2%, of students who applied under the Sibling Pathway were siblings of previous Choice Scholarship students.

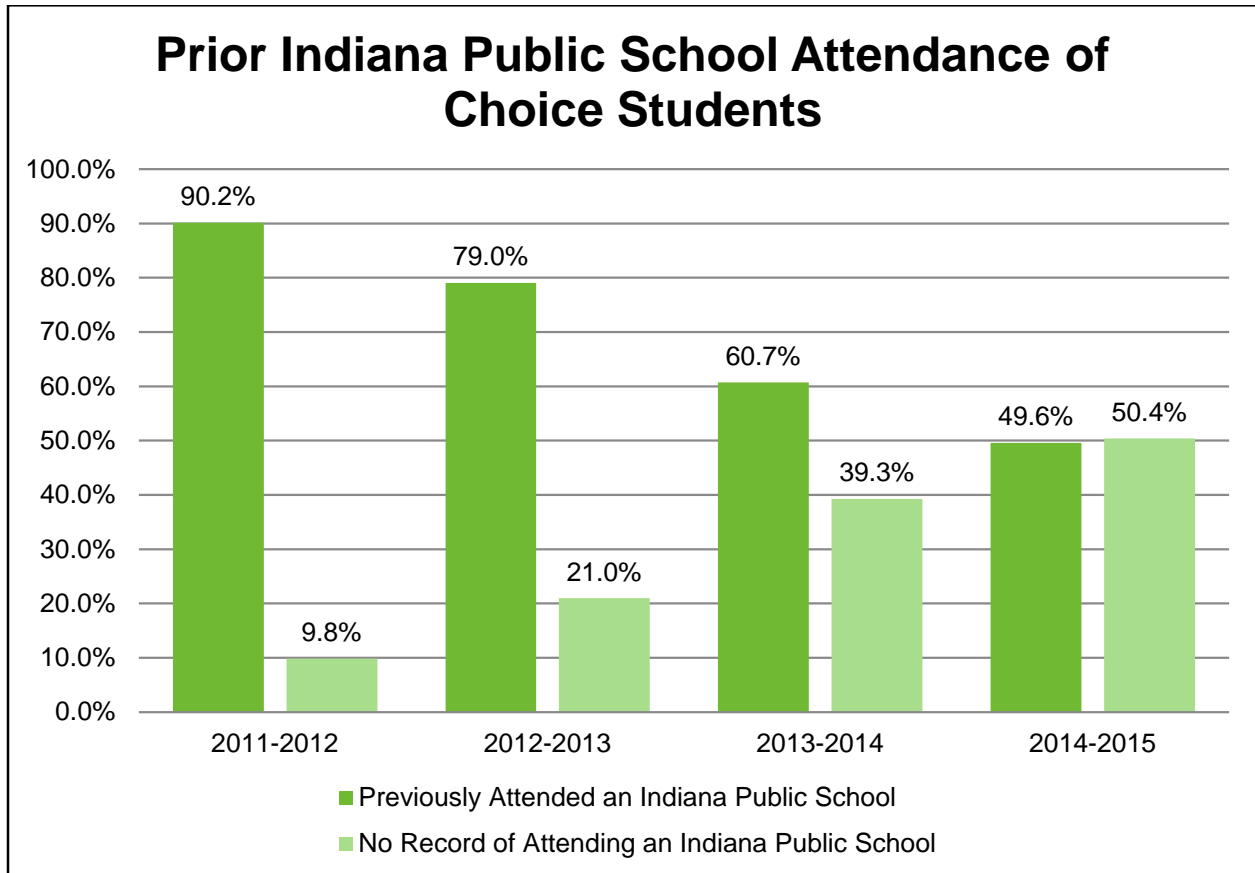

Table 12. Sibling Pathway Participation				
Sibling Pathway	2013-2014	Percent	2014-2015	Percent
Previous Choice	1,629	59.7%	1,746	58.2%
Previous SGO	1,100	40.3%	1,252	41.8%
Total	2,729	100%	2,998	100%

PARTICIPATION BY PRIOR INDIANA PUBLIC SCHOOL ATTENDANCE

Table 13 below provides the count and percentage of Choice Scholarship students that attended an Indiana public school at any previous point in their educational history.

Table 13. Prior Indiana Public School Attendance of Choice Students by Year								
	2011-2012	Percent	2012-2013	Percent	2013-2014	Percent	2014-2015	Percent
Previously Attended an Indiana Public School	3,526	90.2%	7,223	79.0%	12,030	60.7%	14,448	49.6%
No Record of Attending an Indiana Public School	385	9.8%	1,916	21.0%	7,779	39.3%	14,700	50.4%
Total Choice Students	3,911	100.0%	9,139	100.0%	19,809	100.0%	29,148	100.0%

In each subsequent year of the Choice Scholarship Program, the percentage of Choice students that attended an Indiana public school at any previous point in their educational history has decreased. For the 2014-2015 school year, less than 50 percent of students participating in the Choice Scholarship program have a record of previously attending an Indiana Public School.

PARTICIPATION BY PATHWAY AND PRIOR INDIANA PUBLIC SCHOOL ATTENDANCE 2014-2015

Of the 29,148 students participating in the 2014-2015 Choice Scholarship Program, 15,219 previously received a Choice Scholarship and applied through either the Continuing or Previous Choice Pathways. For the other 13,929 students in the program, 3,405 applied through the two-semester in public school pathway. The remaining 10,524 students applied under the F School, Previous SGO, Sibling, and Special Education Pathways. Each of these pathways does not require prior Indiana public school attendance. Table 14 below illustrates whether each student who applied under one of these pathways had attended an Indiana public school at any previous point in their educational history.

Table 14. New Choice Students for 2014-2015 and Indiana Public School Attendance by Pathway					
Pathway	Total Count	Attended an Indiana Public School	Percent	No Record of Attending an Indiana Public School	Percent
F School	597	149	25.0%	448	75.0%

Total	10,524	2,145	20.4%	8,379	79.6%

PARTICIPATION BY EXPANDED PATHWAY ELIGIBILITY

As previously mentioned, students may satisfy the eligibility criteria of more than one pathway. Table 15 below shows the count of students by the expanded pathways introduced for the 2013-2014 school year and whether students who submitted applications under each pathway would have satisfied the eligibility criteria of the Two-Semesters in Public School Pathway.

Table 15. Expanded Pathway Eligibility 2014-2015

Special Ed	1,262	219	17.4%	1,043	82.6%
Total	4,857	444	9.1%	4,413	90.9%

Of the students who submitted applications under one of the expansion pathways, 4,413 would not have satisfied the Two-Semesters in Public School Pathway criteria. It is possible that some students who submitted applications under the expansion pathways could have previously received an SGO award and would have been eligible under the Previous SGO Award Pathway.

Special Education

During the 2013 session of the Indiana General Assembly, legislation was passed adding the special education eligibility pathway and allowing non-public schools to be the designated special education service provider for eligible Choice Scholarship students. Choice Schools that are selected as the special education service provider and that agree to provide special education services to eligible Choice Scholarship students may receive state special education funding for the eligible Choice students.

Prior to this legislation, non-public schools were not eligible to receive state special education funding for any eligible special education student. Currently, non-public schools are only eligible to serve as the designated service provider and receive state special education funding for eligible Choice Scholarship students. Students attending a non-public school who are eligible for special education services but who are not participating in the Choice Scholarship program cannot select the non-public school as the designated service provider and the non-public school is not eligible to receive state special education funding for these students.

Table 16 below details the special education service provider selection of eligible Choice Scholarship students. For the 2013-2014 school year, 2,387 Choice Scholarship students were eligible for special education and related services as reported on the December 1, 2013 special education count day. Of these students 235, or 9.8%, selected their Choice School as the special education service provider while the other 2,152, or 90.2%, selected the public school corporation.

Table 16. Special Education Service Provider Selection		
	2013-2014	Percent

Total	2,387	100.0%
* The public school corporation in whose boundaries the Choice School is located is the designated service provider, not the student's school corporation of legal settlement. Note: The 2014-2015 special education data is not available at this time. It will be included in the June update of this report.		

Thirty-four Choice Schools were selected as the special education service provider for at least one eligible Choice Scholarship student. As provided in Table 17 below, these Choice Schools received a total special education payment for eligible Choice students of \$714,370.73. In cases where a student who designated the Choice School as the service provider exited the Choice School prior to the end of the school year, a prorated refund of the special education funding was due back to the Department.

Retention

PARTICIPANT RETENTION DURING THE SCHOOL YEAR

Participating Choice Schools are required to report a Choice Scholarship student who withdraws from the Choice School to the Department of Education within five days of the student's exit date. Table 18 below provides the count and percentage of students who exited their Choice School prior to the last day of school.

Table 18. Count of students who exited their Choice School prior to the last day of school

2012-2013	9,139	643	7.0%
2013-2014	19,809	984	5.0%

Over 90% of Choice Scholarship students completed the full school year at the Choice School in each of the first three years of the program.

PARTICIPANT RETENTION BETWEEN SCHOOL YEARS

Table 19 below illustrates student retention in the Choice Scholarship Program between school years. Of the 29,148 Choice Scholarship students who are participating in 2014-2015 program, 16,059 of those students participated in the 2013-2014 school year. For the 2014-2015 school year, 15,219 students applied under the Continuing or Previous Choice Scholarship Pathways. The other 840 students were eligible to apply under either the Continuing or Previous Choice pathways but applied under a different pathway.

AWARDS

CALCULATION OF AWARD AMOUNT

For the 2014-2015 school year, the value of the Choice Scholarship is the lesser of three amounts:

- 1) Tuition and fees charged to the student at the eligible school;
- 2) \$4,800 for grades 1-8; or,
- 3) An amount based off the per-student state funding for the student's school corporation of residence, determined as follows:
 - **90%** of the funding formula amount if household income is up to 100% of Reduced Lunch eligibility.
 - **50%** of formula amount if household income is up to 150% of Reduced Lunch.
 - **50%** of formula amount if household income is up to 200% of Reduced Lunch eligibility if the student received a Choice Scholarship for the 2012-2013 school year **OR** if the student has a disability that requires special education.

The 90% and 50% award amount calculations, which use the per-student state funding amount by school corporation of residence for the 2014-2015 school year, are posted at: <http://www.doe.in.gov/choice>.

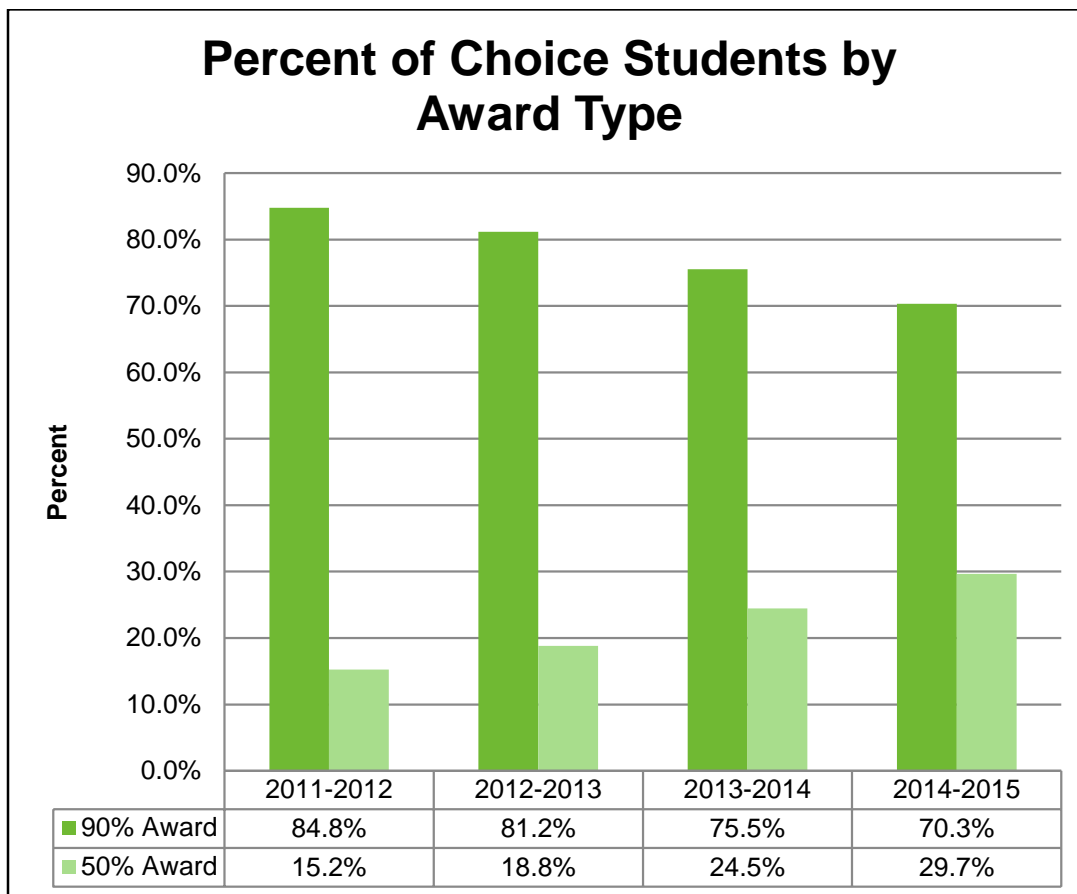

AWARDS BY TYPE

Table 20 below illustrates the breakdown of awards by the count and percentage of students qualifying for 90% and 50% award amounts.

Table 20. Awards by Type								
	2011-2012	Percent	2012-2013	Percent	2013-2014	Percent	2014-2015	Percent
90% Award	3,315	84.8%	7,420	81.2%	14,960	75.5%	20,496	70.3%
50% Award	596	15.2%	1,719	18.8%	4,849	24.5%	8,652	29.7%
Total	3,911	100%	9,139	100%	19,809	100%	29,148	100%

For the 2014-2015 school year, 70.3% of participating students met the income criteria for the federal free or reduced lunch program and qualified for a 90% award scholarship. This is down from the 2013-2014 school year when 75.5% of students qualified for the 90% award. In 2014-2015, 29.7% percent of students met the income guidelines to qualify for a 50% scholarship award compared to 24.5% in 2013-2014.

As illustrated in the graph below, in each subsequent year of the Choice Scholarship Program, the percentage of students receiving the 90% award has decreased and the percentage of students receiving the 50% award has increased.

Beginning with the 2013-2014 school year, to qualify for the 50% Choice award, students eligible under the Continuing Choice Scholarship Student or Special Education Pathways are subject to an income cut off of 200% of the amount to qualify for the federal free or reduced lunch program. Students qualifying under all other pathways are subject to an income cut off of 150% of the amount to qualify for the federal free or reduced lunch program.

Table 21 below provides the breakdown by income category of the 50% award recipients under the Continuing Choice Student and Special Education Pathways. Of the 4,481 students who qualified for a 50% Choice Scholarship under the Continuing Choice Student or Special Education Pathways in 2014-2015, 1,135 or 25.3%, of these students qualified under the expanded income bracket of 150% to 200% of the amount to qualify for the federal free or reduced lunch program. In addition, 74.7% of these students met the original income cut off of 150% of the amount to qualify for the federal free or reduced lunch program.

AVERAGE AWARD AMOUNT

Table 22 below details the average award amount of Choice Scholarship students by grade cluster (K, 1-8, and 9-12) and award type (90% or 50%). For the 2014-2015 school year, the average award amount decreased across all grade clusters.

Choice Scholarship award amounts are in part based off per-student state funding for students' school corporations of residence. Shifts in which school corporations Choice Scholarship students reside and the amount of per-student state funding received by these school corporations are contributing factors in the change in the average award amounts.

AWARDS BY SCHOOL CORPORATION OF LEGAL SETTLEMENT

Table 23 provides the count of school corporations in each of the four years of the program where Choice students had legal settlement. As the count of Choice students has increased in each year of the program, so has the count of school corporations that participating students reside in. The Choice student count by corporation of legal settlement for each year of the program is provided in Appendix A. Please note that students may not have attended a public school in their corporation of legal settlement prior to participating in the Choice Scholarship Program.

Choice Scholarship students may apply for and use the award at any participating Choice School. Table 24 below shows the count and percentage of Choice Scholarship students that used their award to attend a Choice School located within or outside of the boundaries of student’s school corporation of legal settlement.

CHOICE SCHOLARSHIP PAYMENTS

Choice Scholarship award payments are made to the Choice School on the student's behalf once each semester. The student (if 18 years of age or older) or the student's parent or guardian signs an endorsement form authorizing the Department of Education to disburse the scholarship funds directly to the school on the student's behalf.

IC 20-51-4-6 specifies, "(a) If an eligible choice scholarship student enrolls in an eligible school for less than an entire school year, the choice scholarship provided under this chapter for that school year shall be reduced on a prorated basis to reflect the shorter school term."

The payment and prorated refund amounts for the first three years of the Choice Scholarship Program are detailed in Table 26 below.

Net Payment	\$15,514,024.60	\$ 36,042,923.03	\$ 78,593,339.80

Note: An additional repayment of over \$3.9 million was made to the Department in December 2014 for unintentional errors Choice Schools made in determining the tuition and fees amount entered on student applications and used in calculating students' Choice Scholarship award amounts.

CHOICE SAVINGS SPECIAL DISTRIBUTION

The 2013 budget bill contained a non-code provision that requires the Department of Education to make a special distribution to each school corporation and charter school, excluding virtual charter schools, of the savings resulting from the Choice School Program implemented under Indiana Code 20-51-4. It provides that the distributions may only be made after review by the State Budget Committee and approval by the State Budget Agency.

The noncode provision requires that the funds be distributed based on a five-step formula.

STEP ONE: Determine the total amount distributed in the year to all individuals for a scholarship under the choice scholarship program described in IC 20-51-4.

STEP TWO: Determine the total amount of state tuition support that all school corporations and charter schools (other than virtual charter schools) would have received in the year if those individuals who received a scholarship and who were enrolled in a public school during the preceding two (2) semesters before first receiving the scholarship had instead remained enrolled in public schools and had not enrolled in private schools.

STEP THREE: Determine the result of:
 (A) the STEP TWO result; minus
 (B) the STEP ONE amount.

STEP FOUR: Determine each school corporation's percentage and each charter school's (other than a virtual charter school) percentage of the total state tuition support that will be distributed to school corporations and charter schools (other than virtual charter schools).

STEP FIVE: Multiply the result determined in STEP THREE by the school corporation's percentage or the charter school's (other than a virtual charter school) percentage determined under STEP FOUR.

The amount of the Choice Special Savings Distribution, as calculated by the five step formula above, for each of the first three years of the Choice Scholarship Program is provided in Table 27 below.

Table 27. Choice Special Savings Distribution			
	2011-2012	2012-2013	2013-2014
Choice Special Savings Distribution	\$ 4,180,383.77	\$4,904,497.03	(\$15,785,741.83)
Note: The five-step calculation resulted in no savings from the Choice Scholarship Program for the 2013-2014 school year. Therefore, the Department did not make a savings distribution to school corporations and charter schools.			

The Department will perform the Choice savings calculation for the 2014-2105 school year in June 2015.
