So, it is now quite obvious that Minister Fahy is one of those Ministers that will not respond to my queries.

I have not received a single reply to any of my questions submitted to him via DCI in over a year now.

You would understand that I have an obligation to the readers to at least say I asked the question and what the response was.

What shall I say about this lack of response in my story?

Is it an official refusal to respond? A "no comment"? What?

Ayo

Subject: Query on Home Affairs supplementary tabled this morning

Good Morning [REDACTED]

Supplementary estimates for 2014/15 have just been tabled in the House of Assembly.

Home Affairs lists \$1,479,040 in current account supplementaries under "Legal Fees Waterfront" and "Bda Econ Dev Corp (Loan Guarantee)"

Would you be kind enough to provide the breakdown of this figure between the two items? In other words, how much of the \$1,470,040 is attributable to Legal Fees and how much to the Loan Guarantee?

Further, does the Loan Guarantee amount refer to monies that had to be paid out when a client failed to repay their loan? How many clients does this refer to?
And what is the breakdown for each?

AND WHAT IS THE BACKGROUND FOR EACH:

I would appreciate responses as soon as possible.

Thank you

Ayo
