A digital photograph has been embedded below and incorporated for all purposes.

The location includes the entire premises and curtilage, if the location is a residence, including garages, sheds, outbuildings, and vehicles found to be under the control of the persons named below where the items to be seized might reasonably be kept or hidden.

2. The person or persons that control the location described above are the following:

3. I believe that the following items or property, subject to seizure under the laws of this State, will be found at the location described above:

Any and all locations and items which DNA could be located that could have caused the injuries to the Victim. Including, bedding from the victim's bed and the victim's mother's bed and any other items that could cause the injuries to the Victim. Any clothing, toys, photos or any other personal items of the victim. Any audio, video recording devices inside the location that could show the victim living at the location and of the victims injuries/death. Electronic devices such as digital video recorders and Lap top computers with video of a rising from the dead ritual.

4. My belief that the items or property and persons described above will be at the location is based on the following facts and circumstances:

On 03/26/2015 Balch Springs police Communications received a call from a subject who wished to stay anonymous stating a 2 year old child had passed away and was then taken to Mexico without contacting the Police or Emergency Services. The caller stated that the 2 year old child's name is [REDACTED] (Victim). The caller stated that the location serves as a church and that there are a large number of young children that live at the location.

Det. M. Morgan #518 spoke with [REDACTED] who also lives at the location. Witness [REDACTED] stated that she observed Victim alive on Saturday 03/21/2015 and then observed Victim deceased on Sunday 03/22/2015. Witness [REDACTED] stated that Victim was then taken to Mexico by Victim's mother [REDACTED] (Subject [REDACTED])

Det. Morgan then spoke with [REDACTED] who also lives at the location. Witness [REDACTED] stated that she has observed Victim alive on Saturday 03/21/2015 at the location and that she observed him deceased on Sunday 03/22/2015 at the location. Witness [REDACTED] stated that a "rising" ceremony was done on Sunday 03/22/2015 to attempt to resurrect Victim from the dead. Witness [REDACTED] stated that Victim was wrapped in a blanket and taken back to Mexico.

Therefore, I swear and affirm I believe the information in this affidavit is true, and I request a warrant that will authorize me or other law enforcement officers to search the location, persons, and vehicles described above and to seize the items or property described in this affidavit.
