Dear Sirs,

I cannot tell you shocked and upset I was over the brutal murders of four K<sup>S</sup>U students. I seriously hope that the Ohio National Guard finds the fools who shot those students. The president of your school as soon as a shot was fired should have immediately ordered all the police off campus. There is no possible excuse for these killings. Maybe if Richard Nixon knew what a fool he was he wouldn't have sent troops into Cambodia in the first place which was the cause of the demonstration.

Peace,
