

OFFICE OF THE ANDROSCOGGIN COUNTY DISTRICT ATTORNEY

FOR IMMEDIATE RELEASE

Yesterday I issued a press release outlining all of the grand jury indictments stemming from the Harvest Hill Farms hayride crash last October. This included charges against David Brown. This morning I learned that although the grand jury signed an indictment charging Manslaughter, Aggravated Assault, Driving to Endanger, and Reckless Conduct; in reality they had only voted to support a charge of Reckless Conduct. This clerical error should have been caught before I issued the press release. I relied upon the indictment signed by the grand jury. We take pride in being accurate with our information and keeping the public informed. The late hour and the speed at which we were trying to process the information resulted in this mistake. David Brown was only indicted for Reckless Conduct, Class D, and an indictment reflecting the grand jury's actions will be filed immediately with the court. I apologize for this confusion.
