## METHODOLOGY

### Nevada

A total of 1,011 Nevada adults were interviewed by telephone statewide by live interviewers calling both landline and cellphones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state.

This sample includes 611 interviews among landline respondents and 400 interviews among cell phone respondents.

Respondents were asked questions about whether they are registered to vote, their likelihood of voting, past voting behavior, and interest in the campaign. Based on the answers to those questions, 538 respondents were classified as likely caucus-goers, including 285 who were likely to participate in the Republican presidential caucus and 253 who were likely to participate in the Democratic presidential caucus.

The Nevada regions are composed of the following counties: the "Washoe County" region is composed of Washoe county; the "Clark County" region is composed of Clark county; the "Rest of State" region is composed of Churchill, Douglas, Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Lyon, Mineral, Nye, Pershing, Storey, White Pine and Carson City counties.

### South Carolina

A total of 1,009 South Carolina adults were interviewed by telephone statewide by live interviewers calling both landline and cellphones. All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect statewide Census figures for gender, race, age, education and region of the state.

This sample includes 609 interviews among landline respondents and 400 interviews among cell phone respondents.

Respondents were asked questions about whether they are registered to vote, their likelihood of voting, past voting behavior, and interest in the campaign. Based on the answers to those questions, 822 respondents were classified as likely voters, including 521 who were likely to participate in the Republican presidential primary and 301 who were likely to participate in the Democratic presidential primary.

The South Carolina regions are composed of the following counties: the "Upcountry" region is composed of Anderson, Cherokee, Greenville, Oconee, Pickens, Spartanburg counties; the "Piedmont" region is composed of Abbeville, Chester, Edgefield, Greenwood, Lancaster, Laurens, McCormick, Newberry, Saluda, Union and York counties; the "Central" region is composed of Aiken, Allendale, Bamberg, Barnwell, Calhoun, Clarendon, Fairfield, Kershaw, Lee, Lexington, Orangeburg, Richland and Sumter counties; the "PeeDee/Waccamaw" region is composed of Chesterfield, Darlington, Dillon, Florence, Georgetown, Horry Marion, Marlboro and Williamsburg counties; the "Low Country" region is composed of Beaufort, Berkeley, Charleston, Colleton, Dorchester, Hampton and Jasper counties.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/- 8.5 percentage points or less. Some subgroups represent too small a share of the population of Nevada or South Carolina to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups but results for groups with a sampling error larger than +/-8.5 percentage points are not displayed.

Question DM1

If the Democratic presidential caucus in Nevada were held today, please tell me which of the following people you would be most likely to support.

Base = Democratic likely caucus goers

Question DM3E

Now I'm going to mention a few issues and for each one, please tell me who you think would best handle that issue if he or she were elected President. Please feel free to name a candidate even if you may not be voting for that person. Which Democratic candidate do you think would do the best job handling:

E. Climate change

Base = Democratic likely caucus goers

Question DM4D

Now I`m going to read you a few phrases which describe the candidates, and for each one, tell me which Democratic candidate you think that phrase best describes, regardless of who you are voting for. Which Democratic candidate do you think:

D. Best understands the problems facing people like you

Base = Democratic likely caucus goers

Question DM4D

Now I`m going to read you a few phrases which describe the candidates, and for each one, tell me which Democratic candidate you think that phrase best describes, regardless of who you are voting for. Which Democratic candidate do you think:

D. Best understands the problems facing people like you

Base = Democratic likely voters

	Total	Democrat	Independent	Republican	Liberal	Mod-erate	Conser-vative
Joe Biden	15%	20%	N/A	N/A	N/A	N/A	N/A
