In accordance with the Government Decision of 16 September 1983, Minister Perry uses his private car instead of a State car for official business. Under this arrangement the Minister may claim mileage expenses in accordance with rates and regulations set down by the Department of Finance. The mileage rates payable include capital costs as well as depreciation, comprehensive insurance (Class 1), maintenance and petrol.

\*In some circumstances, the Minister's Private Secretary may pay a hotel bill on behalf of the Minister and subsequently the reimbursement is made to the Private Secretary.

Note: Where Ministerial travel is organised by an Agency of the Department or another Government Department, certain costs such as accommodation are borne directly by the organising body.
