## STUDENT REPRESENTATION

### Contact Information for Student Representatives

The House of Student Representatives is the main decision-making body of SGA and serves as the official, collective voice of the student body. While representation in House is divided by college and class, we discuss and advocate issues far beyond the academic realm. We work on initiatives for the entire student body, make recommendations to the Administration, and are open to considering a variety of pertinent social issues.

We encourage all students to reach out to their representatives with ideas and concerns. Consider first contacting your class or college representative. If you feel that your issue is better represented by another House member then contact him or her. Additionally, general comments may be sent to [sga@tcu.edu](mailto:sga@tcu.edu).
