Ute - I received the attached report from Accounts Payable. There appears to be a $30K stipend supplement from COS, but I do not have documentation related to this award. Does your office have information related to this $30K? Also, Yasmin Said's report referenced the $30K being for the second year in a row so I'm not sure if there were additional supplemental payments processed through HR. Did Dr. Wegman have information and documentation?

Phil - My office does not have any documentation to provide for this request. We do not have records on nonsponsored stipend supplements and/or internal grants.

mike

Hi, Philip

According to University records, Dr. Yasmin Said did not receive a $30,000 supplementary grant during the time specified by Dan Vergano in his FOIA request, but, as Dr. Said's progress report to the NIAAA Kirschstein Fellowship indicates, she did receive a $30,000 supplementary fellowship as allowed by PA-03-067 (see attached under "Supplementation of Stipends, Compensation, and Other Income"). Also attached are the associated payment request forms.

Dean Chandhoke, Beth Brock and Mike Laskofski have reviewed this information.

Please let me know if you need anything else. Thanks.

Martha
