Professor John Simon  
Executive Vice President and Provost  
University of Virginia

Dear Provost Simon,

As members of the faculty of the University of Virginia, we find the recent comments of Paul Tudor Jones regarding the deleterious effect of children on working mothers to be false and injurious. We believe that it is imperative for the University administration to respond to these assertions, and we call on you to do so promptly.

Sincerely,

1. Joseph Allen, Psychology
2. Dorothe Bach, German
3. Laurie Balfour, Politics
4. Paul Barolsky, Art History
