

As at 25 May 2013 party records show a membership of 700 000 down from 775 000 in 2008. Collaborated intelligence show that potential voters are 670 000 as at 3 June 2013 against potential hostile votes of 1000 000 same date.

Records, reconnaissance and collaborated intelligence show that Midlands Province alone has the potential of producing 450 000 votes by July end. Mashonaland Central and West can produce a total of 1200 000 votes over and above already recorded friendly votes.

Zimbabwe Military Intelligence will coordinate and evaluate mobilisation tactics informing the Party Commissariat led by Dir Sydney Nyanungo and A.V Marshal H. Muchena. Major-General Martin Chedondo will join the team for (Staffing and logistics)

Director Mr Chung Huwao (Mobilisation) Chinese Communist Party will lead a parallel registration and mobilisation structure in systematic sync with NIKUV International Projects and Registrar General's office to minimise neutralise hostile votes in urban areas counter populating, under-registration (age band 18-15) and over registration (age bands 35-90)

URBAN MOBILISATION

Parallel registration through party offices with strict advice from NIKUV International for statistical manoeuvring, depopulation and population of hostile constituencies

Intelligence officers will take a lead role in Party structures to set Housing schemes, re-orient the beneficiaries and populate them on the voters roll through party offices and Nikuv International projects.

As advised by CPC the approach to be used in peri-urban areas centres on land ownership-membership to vote. The message communicated must be that hostile votes will lead to loss of land entitlement. Ownership of Flea markets and stalls must be based on card carriage and re-orientation meetings attendance. Absolute neutralisation of the enemy in the areas is recommended when necessary.

Congestion of Zimbabwe Electoral Commission registration by security personnel and trusted party lieutenants to delay the process as advised by NIKUV international projects. ZEC must register less than 10 people per day at any given day with direct command from Nikuv and the party commissariat in sync with statistical demands of the winning Voters Roll.

RURAL MOBILISATION

Deployment of trained youths ward by ward led by security personnel as advised by CPC . These will direct enemy neutralisation, depopulation and population of provinces with the help of traditional leaders. Banning of enemy gatherings, regalia and occasional disciplinary action to enemy leaders must produce absolute liberated zones.

Collaborated intelligence show that enemy pirate radio stations domiciled in hostile lands pose the greatest danger in rural areas. The CPC donated and are installing new short wave jammers and updating the old jamming equipment in Harare and Makuti.
