

RECLAIM THE PROMISE OF PUBLIC EDUCATION

OUR SCHOOLS, OUR SOLUTIONS

Public education is under attack and underfunded throughout our country. Now, **communities are coming together for our schools and our children** to champion great public schools as the heart of our neighborhoods.

On Dec. 9, parents, students, teachers, school staff and **more than 100 community groups** are **reclaiming the promise of public education** with a National Day of Action in **more than 60 cities**.

Together, we can make sure our schools are places where all **kids can thrive** and the voices of those closest to the classroom are heard.

Join us as we reclaim public education as a steady anchor of our democracy, a vital engine of our economy, and an undeniable gateway to opportunity for every child.
