RE: Request for Fee Waiver – FOIA 2014-00423-FST2

Previous request for a fee waiver did not indicate a sole purpose of releasing any information to the general public, or even a large group of veterans, AKA the C-123 Veterans. The original request for fee waiver was to supply your law firm with information to advance your “commercial” use and to, in your words, “undertake the assessment of C-123 Veterans Agent Orange exposure that culminated in publication of the Consultative Letter”. There was no indication that you intended to compile this information for a general public release to advance the public’s understanding of government operations and activities.

Taking into consideration your stated intention to “share the results of its investigation with the public through its website, books, and its intention to disseminate this Information further through other news outlets”; **we will waive the related fees.**

If you have any questions, please contact the FOIA Analyst handling your request, Ms. Carmen Oglesby at comm 937-257-2719.

Sincerely
