Subject: Invitation to tour coal operations in Wyoming

Honorable Timothy Ballew II, Chairman:

Good morning and greetings from Wyoming. Matt Mead, Governor of Wyoming, has sent you an invitation via mail to tour coal operations in Northeastern Wyoming on November 4-5, 2014. The tour will include one of the largest coal mining operations in the world; Basin's Dry Fork Generation Plant; and rail operations. If you can attend, you would fly into Gillette, Wyoming on November 3rd and Wyoming officials would meet you at the airport. You would return to your home state on the afternoon of November 5th.

The Wyoming Infrastructure Authority, an instrumentality of the State of Wyoming, would be pleased to provide for the cost of airfare; lodging; transportation in Wyoming; and meals.

The tour would afford you an opportunity with an up-close look at the operations being conducted in an environmental friendly manner and I hope you can attend.

Should you have questions, please contact Holly Martinez, Communications & Administration Manager at [307-635-3573](tel:307-635-3573) or holly.martinez@wyo.gov or feel free to contact me either by phone at the same number or via email.

Kind Regards,

Loyd G. Drain
Executive Director
Wyoming Infrastructure Authority
