Hi Duane,
Please advise if GSA still intends to make a production on or before Thursday.

Best,
Jason

Mr. Leopold-

Yes, this means you should expect the agency's production of any responsive documents to your FOIA request on/or before December 24th.

Hi there,
By final reply on or before December 24 does that mean production if records? Please advise. Is that the estimated date of completion for this request?

Best,
Jason

Hey Jason-

We are likely looking at this time next week. Our initial search returned a thousand pages or and we have to go finish removing duplicates, ensuring docs are responsive, etc.

We have a few folks in the FOIA office out for the holidays and Thursday is a federal holiday too. My apologies for the delay. But this is a priority.

Kind Regards,

Duane
