    <Message>I just spoke with sean. We would like to at least keep the PDs office listed as a participant in the list of entities included. Let me know if we can do that. We can hold off until 1:00 to allow for more due diligence on your end to include a quote which we would like to do, But the mayor has public events this afternoon so we will need to have something out by then. For now the quote has been removed</Message>
