RE: ICE FOIA Case Number 2020-ICFO-71904

This e-mail is in regards to your August 3, 2020 ICE FOIA request for all records from January 1, 2012, through the date processing begins, of ICE Health Service Corps ("IHSC") root cause analysis and/or corrective action plans ("CAPs") produced following detainee deaths in Immigration and Customs Enforcement ("ICE") custody, pursuant to IHSC recommendations for various detention facilities (see request).

In conducting a search for responsive records, the ICE FOIA office has determined that further clarification is needed regarding your request. At this time, the date range is considered too broad in scope. We respectfully request that you narrow the range of records so that an adequate response can be provided. Please provide the ICE FOIA office with a response as soon as possible to avoid any further delay in the processing of your request. If a response is not received within 30 days, your request will be administratively closed.

Sincerely,

ICE FOIA

Dear FOIA Officer,

Thank you for your email. I'm happy to help clarify this request. What I'm interested in obtaining are specifically the root cause analysis and/or corrective action plans produced in response to the deaths of detainees while in the custody of the 13 detention facilities I listed (rather than any such documents merely referencing any of those facilities). Does that help narrow the scope of responsive records?

Happy to talk through this by phone, and/or answer further questions via email. Thank you again.

Sincerely,
Emma Stodder
