

Methodology: This survey has been conducted using an online interview administered to members of the YouGov Plc panel of individuals who have agreed to take part in surveys. Emails are sent to panelists selected at random from the base sample. The e-mail invites them to take part in a survey and provides a generic survey link. Once a panel member clicks on the link they are sent to the survey that they are most required for, according to the sample definition and quotas. (The sample definition could be "US adult population" or a subset such as "US adult females"). Invitations to surveys don't expire and respondents can be sent to any available survey. The responding sample is weighted to the profile of the sample definition to provide a representative reporting sample. The profile is normally derived from census data or, if not available from the census, from industry accepted data.

Question 1: Which, if any, of the below flags do you associate more with Democrats or more with Republicans, or do you not associate them with either? Please select an option on each row.

1. Black Lives Matter Flag

		Unweighted base	Base: All US Adults	More with Democrats	More with Republicans	Don't associate with one more than the other	Don't associate with either	Not sure	Not applicable - I don't know what this flag is
