**RE: Right to Know Law Request
DOH-RTKL-COV-006-2021**

Dear Mr. Breen:

This letter acknowledges receipt by the Pennsylvania Department of Health (Department) of your written requests for records under the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. §§ 67.101-67.3104. I received your request on February 11, 2021. By letter, dated February 19, 2021, the Department acknowledged receipt of your request and secured an extension of time in which to respond. Although the Department remains closed to the public, the Department is responding to requests when able to access records remotely. You requested:

All emails sent or received by Dr. Rachel Levine, between February 1, 2020 and February 28, 2020, which contain the word "Wuhan".

This request is seeking:

- a specific type of file (email, sent or received)
- limited to a specific person (Dr. Rachel Levine)
- between specific dates (February 1, 2020 and February 28, 2020, a 4-week period)
- and is limited to only those emails which contain the word "Wuhan"

The Department conducted a search for records, and I have been advised that no records exist within the Department responsive to your RTKL request.

Please be advised that this correspondence will serve to close this record with our office as permitted by law.

Sincerely,

A handwritten signature in black ink that reads "Lisa M. Keefer". The signature is written in a cursive style with a small "m." after the first name.
