Hi

Controls on fish farm discharges were passed to SEPA last November. So MS-LOT no longer licenses them. So we haven't had any contact with benchmark for a good while.

Can you start of this briefing request please.

You will see the agenda is to focus on

- [Redacted]
- Benchmark and Norway,
- [Redacted]

[Redacted]

[Redacted]

We will also need an update on Benchmark- I think MS Lott and [Redacted] might be able to assist- although from memory the ball was in Benchmark's court to bring forward an application. It was suggested a while ago that Benchmark should trial system on water treatment without the introduction of a new chemical. Could also be that there are early results from Norway. [Redacted] got this in hand).
