I feel this important topic has been addressed nationally and do not think maple Heights need to designate a month to legitimize this sensitive view.

Hello  
NO I do not support this legislation. While personally I don't have a problem with anyone's personal preferences or life styles. I don't think that sentiment should be pushed upon those that don't agree with it. I personally don't. But I don't judge or publicize how I feel as its my personal feeling. I hope that's not misunderstood.

I would not support this resolution. Why the need for the entire month of June. A day or even a week of acknowledgement should be enough without a formal resolution. Why is there a need for this? Also this is in direct conflict with the faith of many of our residents. Finally, I can foresee many other special groups wanting a month to celebrate their whatever.

Please ask councilman Trojanski to focus on tackling economic, crime and safety issues with the council's time rather than personal agendas.

Good evening District 7 Resident,

On Monday, May 17, 2021 Council received an addendum from Councilman Tronjanski for Resolution 2021-51 (**A resolution recognizing June 2021 as "LGBTQ PRIDE MONTH" IN THE CITY OF MAPLE HEIGHTS AND DECLARING AND EMERGENCY**) to vote for this sensitive resolution on Wednesday, May 19, 2021 at the Council meeting. I voted **NO**, because I did not feel that I received enough information (two days) to do my due diligence. I feel this is a sensitive resolution and I need to hear your viewpoint to make a collected vote.  
The next vote is on Wednesday, June 2, 2021.

If you would like a copy of the meeting, please let me know.

I don't agree. I would vote no. As a black person there are issues that need to be addressed there has yet to be addressed as a state of emergency. A persons sexual preference is their right does not make you special or different you are human just like the rest. Its a detriment to start over shadowing REAL ISSUES gun shots becoming common. Have residents take pride and not littering allowing us to look like an actual suburb... Need activity for the youth or a place for them to go so the streets will not capture them. This is not an emergency its a personal matter.
