I forgot to include information on the civil disturbance Mass exercise that the State is planning at Camp Ripley. That has been re-scheduled to Thursday, June 18th beginning around 8:00am. The scenario will be civil disturbance at a river crossing where the pipeline is being constructed.

Sheriffs/Chiefs are encouraged to attend and bring a command staff with if you would like to observe the exercise. If you have staff that you want to participate in the exercise, that could be arranged as well. More information on the exercise will be coming out.

If you know that you are attending, let me know if you plan on lunch at Ripley. A head count is needed for planning purposes.

Thanks.

Kelly

Subject: updates

All:

Attached is a training notice for any agencies that have staff needing the basic Mobile Field Force training. Training consists of 2 hours classroom, remainder practical exercise/hands-on. We will be hosting that class twice in Carlton June 2nd and June 5th.

We are also working on rescheduling the Mobile Field Force command training that was

We are also working on rescheduling the Mobile Field Force command training that was slated for the end of March in Carlton. I will get those dates out to you as soon as I have more details. They are looking like towards the end of June.

Also attached for your information is the Public Utilities Commission approved Line 3 Routing Permit. Page 26 and 27 specifically talk about the Public Safety Escrow Account. We hope to have more detailed information out by end of next week regarding the Liaison, the process for reimbursement, the forms, etc.

Save the date for upcoming full group Northern Lights Public Safety Task Force meetings. I plan on sending WebEx meeting invites out for May 27th, June 10th, June 24th, July 8th.

We are planning as though the L3 construction will begin sometime in the middle of July. All permits have NOT been approved, but we are told to go by that until we hear different.

Any questions, let me know, or contact one of the other planning Committee representative Sheriffs (Glander, Guida, Halverson, or Smith)

Have a good weekend. Stay safe & healthy!

Kelly
