30 INDICTMENT

31 The Grand Jury charges:

32 Introductory Allegations

33 At all times relevant to this Indictment:

- 34 1. Ian Benjamin ROGERS was a resident of Napa, in the Northern District of California.  
35 Jarrod COPELAND was a resident of Vallejo, in the Eastern District of California.  
36 2. Prompted by the outcome of the 2020 Presidential election, on November 25, 2020,  
37 ROGERS and COPELAND began to plan an attack against a target or targets they associated with  
38 Democrats. By November 29, 2020, they had identified the John L. Burton Democratic Headquarters in

1 Sacramento, California, as their first target, and made plans to attack it using incendiary devices.

2 ROGERS and COPELAND believed that the attacks would start what they called a “movement.” They  
3 discussed the attack in detail and on numerous occasions.

4 3. ROGERS and COPELAND used multiple messaging applications to plan their attack,  
5 and the communications summarized in paragraphs 4, 5 and 7, below, were transmitted through these  
6 messaging applications.

7 4. In late December 2020, COPELAND told ROGERS that he had contacted an anti-  
8 government militia group to attempt to gather support for their “movement.” He also obtained material  
9 that he told ROGERS was to be used in support of their plan.

10 5. On January 11, 2021, ROGERS told COPELAND, “I want to blow up a democrat  
11 building bad”. They then discussed their target, and ROGERS said, “I’m thinking sac office first  
12 target,” meaning that they would target the Democratic Headquarters in Sacramento first. COPELAND  
13 agreed: “I agree” “Plan attack”. As the exchange concluded, ROGERS said, “Let’s see what happens  
14 after the 20th we go to war”.

15 6. Law enforcement officers searched ROGERS’s home and business on January 15, 2021  
16 and seized between 45 and 50 firearms, including at least three fully-automatic weapons, thousands of  
17 rounds of ammunition, and five pipe bombs. Officers arrested ROGERS that day.

18 7. COPELAND learned of ROGERS’s arrest the next day and immediately contacted a  
19 militia group to which both he and ROGERS belonged. One of the militia group’s leaders advised  
20 COPELAND to switch to a new communications platform and delete everything he had. COPELAND  
21 agreed. Law enforcement officers searched COPELAND’s residence on January 17, 2021 and  
22 recovered his electronic devices. COPELAND’s communications with ROGERS, which were in  
23 ROGERS’s phone, were missing from COPELAND’s phone.
