JIMMIE M. EDWARDS
DIRECTOR

January 28, 2020

Honorable Members of the Board of Aldermen
Honorable Members of the Public Safety Committee
Room 230, City Hall
St. Louis, MO 63103

RE: Public Safety Plan (Board Bill 222AA)

Pursuant to Board Bill 222, attached please find the Department of Public Safety's 2020 Public Safety Plan (the "Plan") for Violent Crime Reduction. For at least the last few years, St. Louis City has had a higher homicide rate than other cities its size, but it has had a lower rate for all other violent crime. Notably, St. Louis City is confronted with two undeniable crime fighting obstacles that must be addressed. First, the St. Louis Police Department is legally prohibited from being able to widely recruit and retain culturally diverse police officers that reflect its race and ethnic population. And, the ability to enforce gun laws such as carrying a concealed weapon and unlawful use of a weapon was taken away from Police in 2017. A preemptive clause contained in the Revised Missouri Statutes does not allow the Board of Aldermen to enact laws relative to gun possession or its ammunition.

There are several truisms that are responsible for homicides in St. Louis. This is by no means a comprehensive list – the unique high levels of guns lawfully possessed by people of all ages as a result of the Missouri Permitless Gun Carry law; and just a few subset of places drive most violent crime in St. Louis, especially homicides. Hence, the enclosed Plan necessarily includes crime reduction practices that target specific neighborhoods with positive acceptance and support from residents. Among other things, the Plan's priority is to deter gun violence and homicides. Of course, this can only be done by community policing directed at violent behavior and gun violence.

Honorable Members of the Board of Aldermen
January 28, 2020
Page 2

The Plan also recognizes a critical element – that law enforcement and the community must work together to achieve social justice interventions, behavioral and mental health programs, the eradication of deteriorated vacant buildings that are used to stash drugs and illegal firearms, and the elimination of nuisance properties in the City. The Plan also calls for the use of the most advanced technologies to assist with the deterrence of crime as well as the investigation of crime.

Of course, in developing the Plan we had to address other deep socio-economic issues that are the foundation of St. Louis crime, including implicit bias. I am confident that as we improve our relations in the community, reduce the harsh alienation, we will lower crime and instill a new level of pride in our police department and the community.

I understand that some people scoff at Crime Reduction Plans that include getting to the root causes of crime, preferring more arrests and imprisonment. But I have been involved in these matters for three decades, and I can tell you that we will never arrest our way to public safety. We've tried it for a long time and it hasn't worked yet. With this in mind, another strategy of the Plan is to bring together law enforcement and the community to address the social determinates of violence.

Best regards,

A handwritten signature in black ink, appearing to read 'Jimmie Edwards', with a stylized flourish at the end.

Jimmie Edwards
Director of Public Safety

PUBLIC SAFETY PLAN

Crime Rate Area Overview

- “Rectangle” Patrol Strategy
 - In January 2018, after having spent the previous 5 years in the North Patrol Division and realizing that 136 or 67% of the 205 homicides from 2017 had occurred in the North Patrol Division, newly-appointed Chief John Hayden identified an area of focus which encompassed many of the most violent neighborhoods in the North Patrol Division. This area was determined to be bounded by Goodfellow (W), Vandeventer (E), DR ML King (S) and West Florissant (N); and nicknamed “Hayden’s Rectangle.” The historically most violent Neighborhoods within the “Rectangle” are Wells-Goodfellow, Kingsway East, Kingsway West, Greater Ville, Ville, Mark Twain, Penrose, O’Fallon, Fairground, Walnut Park East and Walnut Park West. The focused deterrence was accomplished by deploying resources for self-initiated activity from the Bureau of Specialized Enforcement, which includes Mobile Reserve, SWAT, Anti-Crime Task Force, Traffic Safety, Special Operations and Drug Enforcement and Investigation, into the “Rectangle” on an ongoing basis. During the first year of its implementation in 2018, this region experienced 23 fewer homicides, 77 fewer robberies and 113 fewer aggravated assault w/firearms victims for an overall 18.54% deficit in violent crime, as compared to 2017; with a City-wide impact of a 14.5% deficit in violent crime. Due to the success of this strategy, in January 2019, the Chief expanded the “Rectangle” strategy into the Central and South Patrol Divisions. As determined by the Crime Analysis Unit, the designated area within the Central Patrol Division was determined to be bounded by Chouteau (S), Jefferson (W), LK Sullivan (E) and Delmar (N) – basically covering the Downtown and Downtown West Neighborhoods; while the designated area within the South Patrol Division was determined to be bounded by Spring (W), Cherokee (N), Oregon (E) and Gasconade (S) – represented by portions of the Dutchtown and Gravois Park Neighborhoods. At the end of 2019, the original North “Rectangle” ended up with 2 more

homicides than it had in 2018, the Central “Rectangle” had 1 less homicide and the South “Rectangle” had 2 fewer homicides and an overall decrease in violent crime of 23%, as compared to 2018; however, there was 4.8% increase in violent crime in 2019 city-wide, primarily due to an 8.8% increase in aggravated assaults w/firearms victims, as compared to 2018.

- As we embark upon 2020, the Police Department will maintain the “Rectangle” patrol strategy.
 - The department will continue to deploy resources where most of the violent crime is occurring; as 50% of the City’s gun violence has a nexus to drug activity. There is a strong correlation between much of the City’s gun violence and open-air drug markets.
 - The Crime Analysis Unit will run a 3-year study to ensure the Department is laser-focused on neighborhoods/blocks within the “Rectangles” to include an increased emphasis on Field Interview Reports (FIRs), occupied vehicle checks, pedestrian checks and other self-initiated activity in/around open-air drug markets.
 - Each Patrol District within the Bureau of Community Policing will maintain a Non-Fatal Shooting Team to conduct investigative follow-up on non-fatal shootings to include the follow-up of shell casing collection.
 - The department will also focus its attention on consistently violent locations and work closely with the City Counselor’s Office to impose sanctions on the property owners of these locations through the Nuisance Property Process.
 - The department’s Drug Enforcement & Investigation Unit will continue to focus its efforts within the “Rectangles” to affect the flow of drugs into those areas by:
 - Shutting down known drug residences/locations through search warrants/consent-to-search requests.
 - Intercepting packages from various mail and courier services and conducting controlled buys/deliveries.

- The department will continue to partner with the Bureau of Alcohol Tobacco and Firearms (ATF) on the Gun Crime Strike Force.
 - With a focus on persistent shooters and gun crime offenders through the National Integrated Ballistic Information Network (NIBIN) and the Department’s Gun Crime Intelligence Center (GCIC).
- The department will continue to partner with the United States Marshals Service and other federal partners on projects, which reap long-term benefits such as:
 - Triple Beam (summer quarter of 2019)
 - 162 Arrests; 16 connected with homicides; 69 suspected gang members.
 - Peabody Housing Joint Narcotics Investigation (summer quarter of 2018) – 15 indictments, drugs and weapons seizures.
- The department will continue to partner with the Federal Bureau of Investigation (FBI) and the Drug Enforcement Administration (DEA) on the Organized Crime Drug Enforcement Task Force (OCDETF).
- Chief Hayden initiated the tracking of carjacked vehicles early in 2018. Also in 2018, the department initiated the Regional Carjacking Task Force and has continued to take the lead on the Task Force by regularly hosting the meeting of our federal/regional/local law enforcement partners and sharing information across agencies relative to carjacking suspects.
- The department will strategically expand surveillance (license plate readers (LPRs) and high-visibility cameras) within the “Rectangles” and across the City; with the surveillance feed being federated into the department’s Real Time Crime Center (RTCC). In 2020, the department plans to double its number of mobile SkyCop trailers from 11 to 22. The department is also partnering with RING on a program, which encourages RING doorbell camera owners to share footage from their cameras with the department for investigative purposes.

- The department will expand gunshot detection technology (ShotSpotter) into the following neighborhoods in 2020:
 - Fairground
 - College Hill
 - Hyde Park
 - Carr Square
 - Columbus Square
 - Old North St. Louis
 - St. Louis Place
 - Walnut Park West
 - Walnut Park East
 - Mark Twain
- The department will continue to receive the gubernatorial allocation of members of the Missouri State Highway Patrol for patrolling the highways that come into our City; allowing the department to utilize our Traffic Safety Division in other areas in the City, where there are frequent complaints of traffic violations.
- The department will continue to work closely with the Family Court in monitoring the status of juvenile offenders, who have been conveyed to the Court for crimes involving the use/threatened use of firearms and carjacked/stolen vehicles.
- Goal - Percentage of Decrease in Violent Crime
 - With the above-mentioned enforcement measures in place, it is conceivable that the City can experience a decrease in violent crime of 15% for 2020.

Community Relations/Engagement Strategy

- Because of the number of school-aged children who were victims of gun violence during the summer of 2019, the department will be much more strategic, intentional and deliberate with respect to its messaging to school-aged youth; discouraging gang/drug activity, recreational firearm possession, and the “no snitching” philosophy, while encouraging conflict resolution and witness participation in criminal investigations. The

Commander of the Juvenile Division will coordinate opportunities for the Division members to share this messaging at area middle/high schools.

- The department will continue to participate/expand in the Gang Resistance Education and Training (GREAT) Program for elementary/middle school children.
- Police Athletic League (PAL)
 - The department will continue to serve approximately 750 youth through the Police Athletic League with current sports teams in basketball, baseball, soccer, dance cheerleading, track and field, boxing, softball and arts/crafts. In the PAL, officers serve as coaches and mentors.
- St. Louis Metropolitan Clergy Coalition
 - The department will continue to partner with the St. Louis Metropolitan Clergy Coalition on anti-violence and witness participation messaging from across the pulpit; and availing space within area churches to serve as de-escalation centers. The Coalition will also continue to assist the department with officer recruitment efforts.
- Homicide Ministerial Alliance
 - The department will continue to partner with the Homicide Ministerial Alliance by assigning a minister to the family of survivors of homicide victims. The minister can often discourage retaliatory gun violence in this process.
- District Community Engagement Projects
 - The department will continue to participate in community engagement projects at the District Level for citizens in their respective Districts. Examples would be neighborhood festivals, sponsored toy/bike giveaways, home rehabilitation projects for the elderly, school field days and reading programs.
- Better Family Life (BFL)
 - The department will continue to partner with Better Family Life on Clean Sweep projects and neighborhood violence de-escalation. BFL's Community Outreach Specialists will continue to partner with

the department's Gang Intervention detectives to de-escalate known armed conflict, up to and including relocation of involved parties.

- Urban League - Save Our Sons
 - The department will continue to partner with the Urban League's Save Our Sons Program by steering young men out of lifestyles conducive to crime and drug activity into opportunities for gainful employment through the Program. Save Our Sons has focused its efforts in the original "Hayden's Rectangle," since 2018.

- Drake Consulting – Anti-Bias Training
 - In response to the Plainview Investigation, the department has contracted with Drake Consulting to conduct anti-bias training for in-service continuing education, during the second half of 2020. The training will address the biases exposed during the investigation with the goal of improving the department's relationship with the various segments of our community, as well as the relationships among our Officers.

Public Safety Recommendations

- Cure Violence
- Body Cameras
- City Camera Expansion
- Cops and Clinicians
- Family Court
 - Behavior Injurious
- Legislation – gun laws
 - Juveniles with weapons
 - Suspects in Domestic Violence Incidents
- Other legislation
 - Witness Protection
 - Residency
- Expand the Cadet Program
- Review the efficacies of the police structure
