Dear Governor Dunleavy,

We respectfully request you consider amending the convening date of the Third Special Session of the 32nd Alaska Legislature. All four caucuses are in favor of an amendment to the convening date. Three of the caucuses prefer that the convening date be amended to August 16, 2021. The House Majority prefers August 9, 2021. The date amendment will provide Legislators and professional staff a hard date to make procedural preparations and the ability to make the transition to Juneau for the Special Session, as well as additional time for fiscal plan items under consideration to be reviewed.

Sincerely,

Senator Peter A. Micciche

Representative Louise Stutes

Senator Tom Begich

Representative Cathy Tilton
