Mr. Dan Toscano  
Chair, Board of Trustees  
University of Connecticut

*Re: Resignation*

Dear Chairman Toscano:

For reasons we have discussed at length over time, I have made the difficult decision to resign my position as President of the University of Connecticut. I appreciate your understanding of my decision.

While there is no need to list them here, I am very proud of the advancements made by the University during my tenure as its 16th president. UConn has fared extraordinarily well in the face of unprecedented challenges under the leadership and decision making of our leadership team and the Board. I look forward to contributing further to the continued success of the state's flagship institution of higher education as a member of our distinguished faculty.

Please accept this as notice of my resignation as required under Section 3.3 of my employment agreement. By my signature below, I hereby irrevocably resign my position as president, effective at the end of the current contract year: June 30, 2021.

Sincerely,

Thomas Katsouleas
