### MEMORANDUM FOR RECORD

SUBJECT: Clearview AI, Sole-Source

1. The 502D MP BN Criminal Intelligence Section requires the purchase of 15 Clearview facial recognition software licenses.
2. Clearview AI provides a **unique and innovative capability** with regard to facial recognition technology and its use by law enforcement organizations. The 502d MP BN (CID) has been using this **tool on a trial basis** and has seen an increase of 15%-25% success in positively identifying potential subject, victims and witnesses in possible crimes under Army CID jurisdiction. **They were the only company capable of providing the service.** Clearview AI is the only service that provides **image-based searches of publicly available material, instant links to publicly available online websites based on the results of their image-based searches and the ability to manage data inside the system in order to easily catalog investigative products in a case.** While these capabilities may be individually available from other vendors, they are not available in combination from any other vendor and without significant duplication of cost.
3. The point of contact is the undersigned at COM: **(b) (6)** :  
**(b) (6)**
