I, Deputy Fire Marshal Kyle Carrington attest to the following and state:

On Sunday, May 16, 2021, at approximately 0249 hours, the Alaska State Troopers received a report of a commercial structure fire at 7224 Chena Hot Springs Road, the location of the Pleasant Valley Thrift Store. The structure was located outside of a fire service area and was a total loss. The structure was valued at approximately \$91,230 through the Fairbanks North Star Borough (FNSB) Property Database, and including the contents, to include a forklift, the value exceeded \$100,000. Based upon a review of photos taken by the responding Trooper, the fire originated within the interior of the building within the southeast corner.

On Saturday, June 19, 2021, at approximately 0729 hours, the Alaska State Troopers received a report of a commercial structure fire at 7234 Anders Avenue, the location of the Pleasant Valley Community Center. The structure was located outside of a fire service area, however the fire was contained by community members through the use of a local water supply. There was evidence of forced entry and there appeared to be multiple areas of origin. A Deputy Fire Marshal responded to conduct an origin and cause investigation. He noted that numerous exterior surveillance cameras had been re-positioned and the rear window to a storage area appeared to have been forced open and was still partially opened. Two distinct areas of origin were identified, one in a janitorial closet on the north side of the structure and one in the storage area where the forced entry had occurred. The FNSB Property Database values the structure at approximately \$168,000. There was extensive thermal and fire damage to the structure, as well as extensive smoke damage throughout the structure. These damages to the structure are valued in excess of \$100,000. Samples were taken from the areas of origin and laboratory analysis later confirmed the presence of gasoline. The fire was classified as Incendiary and was suspected to be arson.

On June 24, 2021, a letter was mailed to the Pleasant Valley Community Association. The envelope was hand-written and the letter was computer generated. In essence, the author of the letter took credit for multiple fires, and made veiled threats of violence if the 4th of July community picnic was not canceled.

On Saturday, July 3, 2021, at approximately 0158 hours, the Alaska State Troopers received a report of a residential structure fire at 390 Beechwood Street in the Two Rivers community. The structure was located outside of a fire service area and was a total loss. The structure contained a large workshop, as well as two (2) residential structures, both of which were occupied at the time of the fire. Three Deputy Fire Marshals conducted an origin and cause investigation, and identified the area of origin as the north side of the structure. The fire was classified as Incendiary and was suspected to be arson. The FNSB Property Database values the structure at approximately \$209,000. This value does not include the contents of the workshop and the personal belongings of the two (2) families.

On Thursday, July 8, 2021, a second letter was received by the Pleasant Valley Community Association. The address on the envelope was hand-written and the letter was computer generated. The author of the letter references having attended the picnic and "listening to the locals talk". The author stated that the community "disobeyed" the order to cancel the picnic, and stated that the 7/2/2021 burning of the McKee's house in retaliation. The letter closed with a screenshot of a Facebook post made by Virginia McKee.

On July 13, 2021, another letter was mailed to the Pleasant Valley Community Association. The address on the envelope was hand-written and the letter was computer generated. The author continued to take credit for recent fires that had occurred in the area. There were references to the McKee family, and references to the way they treat people with different political affiliations.

On Sunday, July 24, 2021, at approximately 0139 hours, a commercial structure fire was report at 444 N. Grange Hall Road, the location of the Grange Hall Community Center. The structure was located outside of a fire service area and was a total loss. A Deputy Fire Marshal responded to conduct an origin and cause investigation. The area of origin was identified as the exterior of the structure. The fire was classified as Incendiary and was suspected to be arson. The FNSB Property Database values the structure at approximately \$48,000.

On Wednesday, August 18, 2021, at approximately 0159 hours, the North Star Volunteer Fire Department responded to a report of a commercial structure at 3422 Chena Hot Springs Road, previously known as Wagon's North Trading Post. The structure was heavily involved upon fire department arrival. A Deputy Fire Marshal responded to conduct an origin and cause investigation. The area of origin was identified as the interior of the structure, and there was evidence associated with the use of an accelerant noted at the area of origin. Samples were taken and will be submitted to a laboratory for confirmation. The fire was classified as Incendiary and was suspected to be arson. The FNSB Property Database values the structure was approximately \$143,603.

On Thursday, August 19, 2021, at approximately 0002 hours, the North Star Volunteer Fire Department responded to a residential structure fire at 3838 Chena Hot Springs Road. The structure was heavily involved upon arrival. A Deputy Fire Marshal responded to conduct an origin and cause investigation. The area of origin was identified as the rear portion of the structure. The fire was classified as Incendiary and was suspected to be arson.

On Monday, August 23, 2021, at approximately 0021 hours, the Alaska State Troopers received a report of a commercial structure fire at 4968 Chena Hot Springs Road, the location of the Two Rivers Lodge. There were four (4) occupants in the lodge at the time of the fire, and there was one (1) occupant in an upstairs apartment at the time of the fire. The occupants observed a flash or a glow through the window, and when employee Lance Chase opened the front door, he observed fire along the wall adjacent to the arctic entry way, and he also observed a fuel-container within the area of the fire. The structure was located outside of a fire service area and was considered a total loss. The FNSB Property Database values the structure at approximately \$352,000. The area of origin was identified as the front porch adjacent to the main entrance. The fire was classified as Incendiary and was suspected to be arson.

Through the investigation, it was determined that the Defendant was present at the 8/18/21 commercial structure fire. CAD/Call records revealed that Jamison's cell phone number called 911 to report the fire at 0201 hours. Your affiant reviewed the 911 call and recognized the voice as Jamison's. The caller provided the name of "Matthew" to the 911 dispatcher.

Witness/bystander Matt LeBeau contacted the Defendant at the scene of the 8/19/21 residential structure fire. Gallion stated that he was on his way to work when he came across the fire, and that he was waiting to speak with law enforcement. Gallion stated that someone must have used gasoline to start the fire, because diesel and kerosene do not readily burn. Gallion told the witness that he did not have social media, however the witness later located Gallion's Facebook profile prior to calling in the above-referenced information. Gallion told LeBeau that he arrived on scene approximately ten (10) minutes after the fire started. The witness thought this was unusual that Gallion would know the timeline of the fire. Additionally, Gallion was contacted at the scene by AST. He was parked along the road and was contacted in a black 2017 Toyota 4-Runner (AK: [REDACTED]). Gallion stated that he was on his way to work when he observed the fire.

When the 911 call was received for the 8/23/21 fire at the Two Rivers Lodge, the 911 caller was approached by a teenage male with a tall and lean build. He identified himself as "Matthew" and provided the last name of Gallion. The male stated that he had called 911, and he then walked back to the roadway and departed in a vehicle. Trooper Ianacone conducted an investigatory stop on a black 2017 Toyota 4-Runner several miles west of the scene, and Gallion was identified as the driver. Gallion again stated that he was on his way to work when he observed the fire.

On Monday, August 23, 2021, your affiant responded to Gallion's residence at approximately 0137 hours. Your affiant observed the black 2017 Toyota 4-Runner in the driveway. Your affiant spoke with Gallion, who stated he had left his house at approximately 2100 hours, had gone to Holiday at approximately 2130 hours, and drove to check on his grandmother at approximately 2330 hours. Gallion explained that it took 2 hours to get to his grandmother's house, located in the Pleasant Valley area, because he was looking for suspicious activity and/or fires. He stated his grandmother was not home, so he returned to work, however he then remembered that he did not have to work and he returned home. His grandmother was contacted, who stated that she had been awake and that Gallion had not arrived at her residence. When confronted with the inconsistencies, Gallion stated that he was in the area because he had received a Nixle alert and a PulsePoint notification regarding the fire. Neither a Nixle alert nor a PulsePoint notification were issued regarding the Two Rivers Lodge fire. Gallion's cellular phone was seized for further investigation.

Your affiant applied for and received search warrant 4FA-21-306SW to search Gallion's residence, during which a desktop computer, another cellular phone, envelopes, stamps, and handwriting samples were seized. A receipt was

discovered, which reflected the purchase of a 2-gallon gasoline container on 8/18/21 at 1836 hours at Walmart. The debit card transaction matched the debit card found in Gallion's wallet.

Your affiant applied for and received search warrant 4FA-21-307SW to examine the contents of Gallion's cellular phone. Internet search history revealed queries to include, "what will happen if you are arrested for arson as a minor", "what will happen if you are arrested for arson", "will cops call you or go to your house", and "can police find me by my mobile number". These searches occurred between the time Gallion was contacted on the traffic stop and the time he was interviewed at his house. Additionally, Gallion conducted an internet search of "two rivers Alaska" and "two rivers lodge" on 8/22/2021 at 2259 hours, approximately one (1) hour prior to the fire. A review of his call history confirmed that he called 911 on 8/18/21 at 0201 hours, however there was no record of him attempting to call 911 on 8/23/21 as he had previously stated.

A review of video footage revealed a black Toyota purchasing fuel at Chena Hot Springs Gas on 8/22/2021 between 2303 hours and 2311 hours. Your affiant recognized the driver as Gallion. Gallion was observed fueling the vehicle, then returning to the driver's seat with the fuel nozzle for 1-2 minutes.

On 8/26/2021, your affiant applied for and received search warrant 4FA-21-310SW to seized and search the black Toyota 4-Runner, and search warrant 4FA-21-311SW to search the residence for additional items, to include the seizure of a printer.

On 8/26/2021, at approximately 1700 hours, your affiant conducted a Mirandized interview with Gallion. He was accompanied by his parents and an attorney. During the interview, the Defendant admitted to starting the previously-referenced fires.

The Defendant stated that on 5/16/21, the date of the Thrift Store fire, he entered the structure through the rear door. He lit several bags of donated items on fire, that were stored within the interior of the structure.

The Defendant stated that on 6/19/21, the date of the Pleasant Valley Community Center fire, he accessed the building by forcing open the window adjacent to the storage room, spread gasoline in the janitorial closet, along the floor, and in the storage room. The fire was ignited by lighting a piece of paper on fire and dropping it onto the gasoline.

The Defendant stated that on 7/3/21, the date of Don and Virginia McKee's residential fire, he poured gasoline along the exterior wall and lit the fire.

The Defendant stated that on 7/24/21, the date of the Grange Hall Community Center, he poured gasoline on the exterior of the building and lit the fire.

The Defendant stated that on 8/18/21, the date of the Wagon's North Trading Post fire, he accessed the building through a window on the east side, poured gasoline along an interior wall, and lit the fire. The fuel container was burned and destroyed during this fire.

The Defendant stated that he purchased the 2-gallon fuel container at Walmart on 8/18/21, to replace the fuel container that burned the previous night.

The Defendant stated that on 8/19/21, the date of the 3838 Chena Hot Springs Residential fire, he entered the building through a door on the west side, poured gasoline on the floor, and lit the fire.

The Defendant stated that on 8/23/21, the date of the Two Rivers Lodge fire, he placed the fuel container on the deck near the front door and ignited the gasoline vapors at the fuel spout. The fuel container was burned and destroyed during the fire. The Defendant admitted that he did not call 911 as he had previously stated.

The Defendant admitted authoring and mailing the letters to the Pleasant Valley Community Association. He admitted that numerous statements made in the letters were designed to taunt both the community and the law enforcement investigation.

The Defendant is being charged with the following:

- 5/16/2021 – 7224 Chena Hot Springs Road – Pleasant Valley Thrift Store
 - Arson in the 2nd Degree;
