19		19	A. I don't know.

What I believe is it was both. O. Right. 1 Q. But you do not know? 11 A. They are for the Nakamoto Group. 12 .2 A. I do not know, no, for sure. But I do O. Right. A. Now, what you had asked yesterday with 3 13 know as of 2010 to present, it's only electronic. 14 regards to the other entities, could they use a 14 Q. And you said those would be on a .5 different share drive, to the extent that they're 15 Three Twenty-Four, my answer is yes, they could 6 16 electronic, than the ones that are EROs that are use a Three Twenty-Four. 17 L 7 Do they primarily use a Three on a share drive, for instance --8 18 Twenty-Four? No. Their format is usually in A. Yes. 19 19 O. -- perhaps on the same server? executive summary type. 20 20 A. Yes. I'm not sure where the servers Q. Got it. A. And the ORSA is not Nakamoto, just to 21 21 break off. 22 22 Q. A couple of things from yesterday that clarify that. 2.3 23 we wanted to clarify... Q. Okay. 24 24 I'm trying to figure out, we talked a A. The ORSA is internal ERO, 25 25 little bit about the generation of the self-inspection. Page 125 Page 126 1 **SAKAMOTO** 1 **SAKAMOTO** 2 Q. Let me just clarify this so that I 2 notice as possible. But that's always changing, 3 3 understand this. The status of being annual, as well. 4 biannual or ORSA is assigned to each facility. Is 4 Q. I haven't seen it. 13 13 review it, that is annual or biannual, correct? O. You're not otherwise familiar with it? 14 A. Well, ODO doesn't do annuals or 14 A. No. 15 15 biannuals. Q. As you said, OIG is a criminal-based 16 16 system, so there is no timetable on them either. Q. So this is only --17 17 A. It's only Nakamoto, ODO. Is that correct? 18 18 Q. Got it. Does ODO have a timetable in A. Correct. 19 19 which it reviews facilities? Q. It's an as-needed? 20 A. Like I said yesterday, they set their 20 A. Correct.
