I, James Knoblouch Deputy of Court Security was advised by a Sheriff's Office secretary that Court Security Deputy, Donna Ortiz may need assistance in the main lobby area of the north entrance.

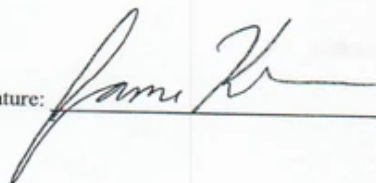

Upon arrival, I observed a female, Angel Farmer who I've had prior dealings with. At this time, I observed Angel holding in up a selfie stick with a cell phone attached to it. It appeared that she was video recording from inside the vestibule area.

I then entered the vestibule area and stood in front of Angel and advised her that cell phones were not allowed in the building and that she would need to take her cell phone out to her vehicle or rent a locker at the jail.

As I was recently advised, I then turned on some music. At this time Angel became belligerent towards me about the music. Angle advised me she wanted to turn in some complaint forms and also would like 5 FOIA requests. I advised her I would take the complaints and give her a receipt. Angel then stated the complaints were on me. I advised her Deputy Ortiz would take them and she stated they are on her too. Angel then stated she wanted a supervisor. I continued to stand in the vestibule area in from of her. Angel continued to say I was denying her right and that I was an oath breaker. Angel continued to be belligerent towards me with comments such as, shut your fucking music off and called me "no balls".

Deputy Ortiz handed me 5 FOIA request forms which I then gave to Angel. I advised Angel per Deputy Ortiz; no supervisors were available at this time to come out. Angel continued to be belligerent and then eventually exited outside the front entrance on her own. It was then decided to lock the front entrance.

End.
