Reid:

Below is an email from Rep Tusler inviting me to a legislative hearing.

As I indicated in my email to you yesterday, I receive a multitude of bulk email fundraising solicitations from everyone including some on the list - Ronna McDaniel & Lindsey Graham & Giuliani. I receive bulk email newsletters from Voss. If you would like me to send one or more of these from each, let me know.

That's it. I have never heard of most of the people on the list.

Not quite sure why all of these reporters & organizations think I get all sorts of info and help from "external political actors."

I have been involved in Republican political activity since I was 4 or 5 years old and ever since - including heavily involved in college, in Chicago and Wisconsin.

I majored in political science at the University of Virginia. I have been studying, writing, talking, giving speeches about elections and voter fraud ever since I was in High school where I wrote a term paper on "The Alleged Chicago Vote frauds of 1960."

And, that's not to mention my extensive experience from being a City of Milwaukee Election Commissioner for almost 20 years and being a Delegate to the Republican National Convention for the last 7 Conventions.
