BREAKING: Here are emails between Dr. Jeffrey Steel and Jennifer Jenkins. She shows neither remorse nor empathy for what happened to 7 year-old Sophia, and yesterday, threatened that if I did not reject Dr. Steel's claims, she would work with law enforcement like the Biden FBI to silence me. All she cares about is herself.

It is odd that she solely focuses on how he tried to contact her and what phone number he used etc instead of dealing with the issue at hand....or even acknowledging it. Then mentions she saw her last yearand recently saying she was happy in her class 🤔 very odd.

Is this woman insane? She is trying to gaslight this dad! Saying "your daughter was happy" when I was there was a subtle attempt to dismiss the issue by sweeping it under a rug. Good grief these people are so out of touch with reality!

I cannot imagine the emotional and psychological trauma that young girl suffered over six-weeks. Being unable to breath is one of the most traumatic experiences I ever dealt with. What they did to this downs syndrome child amounts to torture.

Kathy Rouse Heron It actually did not. The same folks who keep saying what happened to Sophia is "alleged" -- weeks after it happened -- said it didn't. I believe parents over bureaucrats.

This individual needs to be arrested for bodily harm to a child for starters. Never being allowed to be in a similar position again. This is insanity! My heart breaks for this little girl and the nightmare she experienced!!

The teachers need to be held accountable as well and not allowed to just pass the buck onto the school board. Yes the mask mandate was bs but still those teachers chose to do that to that poor child and they need to be held accountable and not allowed ... **See more**

So she's denying that a mask was tied to Sofias face everyday?? Because that's really all loving and concerned people care about in this case.

Fact of the matter is- this would have NEVER happened... a mask would have NEVER been tied to a child's ponytail.. if the school board had left medical decisions TO THE SOLE DISCRETION OF THE PARENTS.
