Hi John,

Happy Monday – I wanted to share the latest update I’ve received on ballot programming efforts. The team driving ballot programming for California for November is currently working on the BP project plan and should have the plan completed next week, then we will be able to provide guidance on templates and key dates by the 3rd week in June. More details to come as the plan is finalized next week.

Best,

**TRAVIS KESTER** | PROJECT MANAGER, OPERATIONS WEST
