Hi John,

Perfect timing – I just got off a call a few minutes ago discussing this very topic. It is with (great) relief I can report that your programmers for November will be David Moreno (primary) and Michael Tallant (secondary/support). I'll be meeting with them in the coming days, and the next step will be to set up a time for all of us to get together and chat about needs/expectations for November programming.

More information to come soon! Please let me know if you have any questions.

Subject: [EXTERNAL] Ballot programmer

Hi, Travis,

Have you received info on who DVS will assign as our ballot programmer? I was told this assignment would occur this week.

Thanks,
-John.
