Hi Tisa,

A few questions – can you confirm AD and BOE means Assembly Member and Board of Education, respectively? Your contest information seems to indicate this in the attached sheet – but I just want to confirm since these can sometimes be different (Board of Equalization, for example).

Additionally, once more I just want to verify – you will be doing a *quadra lingual* EDU ballot card and *will* have non-citizen voters in this election, correct?

Lastly, if you have any test exports from the 2016 General Election or any preliminary exports that can be used for this one, that data would be greatly appreciated. If this is available please send us this information.

Thank you!

Subject: Ballot Master Spreadsheet and follow up

Hi Travis,

It was great speaking with you Friday and getting to know more about how we will be working together!

I have attached the Ballot Master Spreadsheet, which has all of the information regarding the different contests that will be on the ballot and their translations. Additionally, I have attached the reference for the Chinese character font we would like to use on the ballot if possible and a reference for the ideal margin spacing from November.

I am still working on finalizing our timeline of ballot production to send to you, so I will be sending that over as soon as possible, by the latest Friday, but hopefully I will have it ready by Wednesday. Please let me know if you have any further questions or need anything else from us.

Best,

Tisa Ambrosino
