Hi Travis,

I have attached our comments for the 8.06 ballot templates. Overall, we are feeling good about how they are looking! Our comments were more about alignment and text spacing, which are likely cropping up because of the font change.

I think our largest concern right now is making sure that the State Assembly Member contest on the Spanish ballot makes it back onto the first page.

At this point, we would still definitely like to have a meeting with you all as these changes are being implemented. We are hoping that this is the last in the finalizing of the templates.

As always, please let me know if anything needs clarification.

Best,

Tisa Ambrosino

Hi All,

Thank you for your continued patience. The updated proofs can be found at the following link:

Please review and let us know your feedback on the change log. A few other notes for this round –

1. The translations of the Proposition have been generated using Google Translate. This means that the text is very likely incorrect as well as the formatting, but is only acting as a placeholder until we receive certified content.
2. The Proposition will be on card 3 and only one example is provided per language as they are the same across all ballots in each language.
3. We removed Voter Nominated text from the BOE Contest.

Please let me know if you have any questions, thanks!
