Thank you for the follow up, Tisa. I'll touch base with the team to determine what our options are for Starchild.

Glad to hear about the change log sign off for ballot contest previews! We'll make the quick fix to John Avalos and generate official ballot proofs, we'll have these ready for you early to review tomorrow morning.

Thanks!

Hi Travis,

I also meant to follow up on the Starchild designation. We cannot have text that says "no ballot designation," so if it is possible we would really appreciate figuring out how we could move his party preference labels to be directly below his name so that it looks similar to all other candidates even without a ballot designation.

Thank you,
Tisa

Hi Travis,

I have gone through the proofs and it looks like everything in the change log has been addressed. I have attached the change updated change log. And the candidate spreadsheet I passed along earlier should have that correction already in it. I just had one tiny comment about a double space in the ballot designation for John Avalos. It would be great to get the ballot proofs in full form that are representative of the rotations that will be found in the ballot types.

Thanks!

Hi Tisa,

While we wait for John's word on the "no designation" decision, I've included the updated contest report with fixes. Please review and provide feedback.

Was that done for San Francisco/California?

My concern is that in the CAEC 1307, F (2), it states: If a candidate fails to provide a designation that complies with subdivision (a) or (b) within the three-day period specified in paragraph (1), a designation shall not appear after the candidate's name.

And further down in 13107.3. (c), it states: In the event that a candidate fails to file a ballot designation worksheet in accordance with subdivision (a), no designation shall appear under the candidate's name on the ballot.

To me, the "shall not appear" reads that there should be no text for a ballot designation and in putting "No ballot designation," it would in fact be a ballot designation. John, if you have any thoughts on this with the code, please let me know!

No problem! We saw this done in the primary for some candidates, so thought it may be applicable here.

Hi Travis,

That is a good question. I am currently trying to look up some Election Code to see if this is acceptable, but the site is being slow.
I will get back to you shortly.

Thanks,

Thank you, Tisa. Follow up question to your issue noted below -

For Starchild – could we fill that space with "No ballot designation" or similar? This would be the simplest approach, just comes down to your preference for wording.

Hi,

That's a good question! The first transliteration we provided was from March 2020, but when he selected to be the party's nominee, they added his last name, Fuente. So we've had two characters added to his name.
In the spreadsheet, it was originally: 羅克 ・「洛基」・德・拉・富恩特
    And we have updated it to: 羅克 ・「洛基」・德・拉・富恩特 ・格拉

Sorry if the spreadsheet wasn't clear! Everything in blue and green should be updated. In case for some reason, the spreadsheet wasn't updated, I have attached it again.

Also, in regard to the Starchild issue of spacing, I understand that we are trying to create one template for everything and that is why there is such a large space between his Party Preference labels. But, we cannot have a candidate's look so disparate. Is it possible to bring Starchild's English Party Preference into where the English Ballot Designation space would be? And then bring the translated Party Preferences into the space where the English Party Preference would go? Basically, could we replace his information into whichever data tables would populate the two lines immediately below his name so there is not such large spacing for his box?

Thank you!

Hi Travis,

After first glance I noticed that the vice presidential candidate transliterations have not been added to the proofs. We can go ahead and proof these, but can we please have those added?

Thanks!

Hi Travis,

I have compiled our feedback for this round and it is attached. We have also gone ahead and created transliterations for the vice presidential candidates, so I have attached an updated spreadsheet with that information added. Additionally, there were three items (two Chinese transliterations and one Spanish ballot designation) that had a double space, so I have highlighted those that have been updated in the spreadsheet as well.

Please let me know if any of our comments need any clarification.

Thanks,
