Sorry to bother you again. [REDACTED] Still trying to undermine Corin Smith's evidence.

Can I ask whether you know what date he first filmed with a drone over Loch Roag

I also understand that SSC were only made aware of the problems when [REDACTED] from the Fishery Trust contacted the company at the end of July. I presume that Corin Smith has never contacted you.

Happy to talk this through if you let me know when's a good time to speak.

Thanks
