

To whom it may concern,

Please note that the enclosed application is premised on the minister waiving “some conditions for naturalisation where the provisions of Section 16 apply”, as stated on page seven of Form 8 – CTZ3. In particular, the need to be resident in Ireland for 365 days prior to application would need to be waived: I currently reside in the Czech Republic, with the Statement enclosed in Section 12 explaining my situation in more detail. I have attached my correspondence with the Citizenship Helpdesk for further clarification.

The case is unusual and I thus thank you for your help in having its complexities fairly considered.

All the best,

Tom
