Pub. 11/10/29  
Elec. SM  
Grade \_\_\_\_\_  
Qual. \_\_\_\_\_  
Trans. to \_\_\_\_\_ grade

To the Council:

Date \_\_\_\_\_

I hereby apply for membership in the Society of Automotive Engineers, Inc., in the grade of membership to which in your judgment I am entitled. (Sign Application at bottom of page 4.)

(Type or print name) ARTHUR A. ADAMS  
(Name and address of company) National Aircraft Industries "AVIATREST", MOSCOW  
(Title, position or occupation) Member Board of Directors  
(Name of Superior Officer) M. G. Urivayev, Chairman Board of Directors  
(Products or business of company) Airplanes, Engines, Propellers and auxiliaries  
(Address for Society mail) "Aviatrest", B. Tcherkasky-2, Moscow, U.S.S.R.

## List of References

Give five member references: seven if feasible. A list of members to aid in selecting references will be sent on request. If an applicant does not know a sufficient number of S. A. E. members, he may give as references the names of non-members who are familiar with his work. Give addresses of non-member references.

The following are familiar with my qualifications:

- 1 W. J. Daring, Syracuse, N.Y. ✓
- 2 G. J. Hausman, East Orange, N.J. ✓
- 3 Charles Pack, New York ✓
- 4 Mark Stern, Flint, Mich. ✓
- 5 Charles H. Colvin, Brooklyn, N.Y. ✓
- 6 Ed. Ed. Dollin, Long Island, N.Y. ✓
- 7 Malyshevitch, O. Antony Trade Co. nyc. ✓

## Record of Qualifying Professional or Business Experience

43

Born (exact date) October 25, 1885 at Eskiltuna, Sweden  
Of what country is applicant now a citizen? USSR If naturalized give date and place \_\_\_\_\_  
If resident in U. S. A. and not naturalized, applicant should state whether he has applied for or received first papers or intends to do so \_\_\_\_\_

Education (specify schools, dates and courses) Graduate from Naval Engineering School, Kronstadt, Russia in May, 1909 } Subject to Official Confirmation

Degree of Mechan. Eng. from Naval Engineering School date May, 1909  
Give names of technical organizations in which applicant has membership, and the grade of such membership \_\_\_\_\_

Titles of contributions by applicant to engineering literature (titles and where presented) \_\_\_\_\_

It is necessary that page 4 be filled in also

OVER

Do not fill in this line unless degree was actually received. It is the practice of the Society to ask educational institutions to confirm statements as to education, including the granting of degree.

## Record of Automotive Engineering or Other Qualifying Experience

(In space below supply complete record of past and present connections. Describe duties of present position fully so that the Council will understand the nature of your work. State briefly important engineering work you have done. Write proper names, names of companies, etc., legibly and without abbreviations. If space is not sufficient, continue the record on separate sheets of this size.)

Dates	Names and Addresses of Companies	Title or Position	Specific Details as to Nature of Work
From March 1921 to August 1921	1st State Auto Works, Moscow	Production Engineer	Completed factory buildings of the First State Autoworks; installed equipment, organized production and operated the plant. The Works are now producing a 1½ ton truck
From Aug. 1921 to November 1923	" " " "	Director of Works	
From November 1923 to January 1925.	Obuchow Works, Leningrad	Chief Engineer Aircraft Engine Dept.	Reorganized the Torpedo Dept. of the works for Aircraft Engine production and operated the department
From January 1925 to this date	National Aircraft Industries, Moscow	Member Board of Directors	In charge of engine production department; later- Production Planning Department; at present in charge of designing and equipping new plants.

Specialty, if any \_\_\_\_\_

The undersigned avers that the above statements are correct, and agrees that, if elected, he will be governed by the Constitution and By-laws, as long as his connection with the Society shall continue. He furthermore agrees to promote the object of the Society so far as shall be within his power, and that in case

of severance of his connection therewith, he will return his membership pin, if he has purchased one, provided that for the latter its then value shall be refunded to him; and that he will also return any certificate of membership he may have received from the Society.

C 8 Member grade shall be composed of persons twenty-six years of age or over, who by previous technical training or experience or by present occupation are qualified to act as designers or constructors of complete automotive apparatus or their important component parts; or to exercise responsible technical supervision of the production of materials germane to the construction of automotive apparatus; or to take responsible charge of automotive engineering work, including operation or maintenance; or to impart technical instruction in the design, construction and utilization of automotive apparatus; or who by reason of distinguished service or noteworthy accomplishment would, in the discretion of the Council, appear to be desirable additions to this grade.

C 9 Associate grade shall be composed of persons who are engaged in the automotive and related industries in a responsible commercial or financial or manufacturing capacity, or who are so connected with the automotive and related industries as to be competent to cooperate with automotive engineers.

C 10 Junior grade shall be composed of persons who at the time of election are under thirty years of age and qualified to fill subordinate engineering positions in the automotive or allied industries, or who are regularly enrolled students at or graduates of a technical school. A Junior member may upon reaching the age of twenty-six and shall upon reaching the age of thirty be transferred to Member or Associate grade, in accordance with the decision of the Council as to which grade his qualifications entitle him.

C 15 All original applications for election to the grade of Member, Associate or Junior shall be presented to the Council, which shall consider and act upon each application, electing each applicant to the grade of membership to which, in its judgment, his qualifications entitle him. Two negative votes shall defeat an election.

Gentlemen:

I enclose herewith application for membership in your society, which I shall ask you to consider as soon as possible owing to my departure from the States at the end of December.

I wish to call to your attention the fact that the Naval Engineering School, from which I graduated in 1909, has not been functioning since the Revolution.

Cordially yours,

*A. Adams.*

New York City

Att: Mr. C. Clarkson

Gentlemen:

I was very glad to receive your letter of January 18th confirming my election as Foreign Member of the Society of Automotive Engineers.

In view of the fact that I am about to return to the U. S. S. R. where I am engaged in work and where I expect to spend considerable time, I do not believe I shall change from the grade of Foreign Member.

While in your office I mentioned the many engineers engaged in automotive work in the U. S. S. R. whose qualifications would entitle them to membership in this society. I would like to be informed whether applications from them, showing the necessary qualifications, will receive your consideration in view of the fact that at the present time there is not a sufficient number of Society members in the U. S. S. R. to whom the applicants could refer.

My departure is scheduled for February 1st. Please be kind enough to see that all material, literature, etc., to be sent to me should be mailed to the above address.

Very truly yours,

*A. Adams*

Mr. Arthur A. Adams, H.R.,  
National Aircraft Industry,  
Cherkassky 2, Moscow,  
U.S.S.R.

Dear Mr. Adams:

Thank you very much for your letter of  
January 28th.

Regarding applications for membership that  
you may be instrumental in sending us, we would  
say that, of course, we would prefer that the  
references given be members of the Society. We are  
enclosing herewith a list of members resident in the  
U.S.S.R.

However, non-member references of adequate  
standing who are familiar with the work of the  
applicants will be satisfactory to our Committee,  
I believe, in case it shall not be possible to give  
member references. You could follow the application  
form in this respect.

It occurred to us that in cases where it  
may not be feasible to secure references resident in  
the U.S.S.R. some of your countrymen residing in this  
country temporarily or otherwise might serve as  
references.

We sent you twenty-five application forms  
sometime ago. If you have not received these or need  
more kindly let us know.

Very truly yours,

SOCIETY OF AUTOMOTIVE ENGINEERS, Inc.

General Manager.
